Master Painter Warner E Sallman:

The Master Painter , *Master Painter* Jack R. Lundbom, 2015-03-19 Millions of people recognize the religious painting know as Head of Christ of which an estimated five hundred million prints have been sold Very few however know the artist Warner E Sallmann Sallman s lack of notoriety in professional art circles can be explained by the fact that he made little or no attempt to put himself forward as a Chicago or even a Swedish American artist He had no exhibitions of his works and his public life consisted largely of appearances before church and community groups to do chalk drawings More important was his attitude regarding personal fame Sallman let the Christ he painted be in the foreground while the artist remained in the background The time has come argues Jack Lundbom for a broader public to know the man who stands behind the painting and the other artwork bearing the Sallman signature Master Painter is a fascinating story of a gifted man with humble beginnings who overcame disappointment ill health and personal limitations in order to live out a vision that his art serve not only for the enjoyment of humankind but the practical end of instructing persons in the ways of God Readers who know the art can now know the artist It is a story eminently worth telling and one a broad public will be interested to know

The Color of Christ Edward J. Blum, Paul Harvey, 2012-09-21 How is it that in America the image of Jesus Christ has been used both to justify the atrocities of white supremacy and to inspire the righteousness of civil rights crusades In *The Color of Christ* Edward J. Blum and Paul Harvey weave a tapestry of American dreams and visions from witch hunts to web pages Harlem to Hollywood slave cabins to South Park Mormon revelations to Indian reservations to show how Americans remade the Son of God visually time and again into a sacred symbol of their greatest aspirations deepest terrors and mightiest strivings for racial power and justice *The Color of Christ* uncovers how in a country founded by Puritans who destroyed depictions of Jesus Americans came to believe in the whiteness of Christ Some envisioned a white Christ who would sanctify the exploitation of Native Americans and African Americans and bless imperial expansion Many others gazed at a messiah not necessarily white who was willing and able to confront white supremacy The color of Christ still symbolizes America's most combustible divisions revealing the power and malleability of race and religion from colonial times to the presidency of Barack Obama

The Politics of Race and Ethnicity in Matthew's Passion Narrative Wongi Park, 2019-01-21 In Matthew's passion narrative the ethnoracial identity of Jesus comes into sharp focus The repetition of the title King of the Judeans foregrounds the politics of race and

ethnicity Despite the explicit use of terminology previous scholarship has understood the title curiously in non ethnoracial ways This book takes the peculiar omission in the history of interpretation as its point of departure It provides an expanded ethnoracial reading of the text and poses a fundamental ideological question that interrogates the pattern in the larger context of modern biblical scholarship Wongi Park issues a critique of the dominant narrative and presents an alternative reading of Matthew's passion narrative He identifies a critical vocabulary and framework of analysis to decode the politics of race and ethnicity implicit in the history of interpretation Ultimately the book lends itself to a broader research agenda the destabilization of the dominant narrative of early Christianity's non ethnoracial origins *I Will Remember Your Wonders of Old* Jack R. Lundbom, 2023-02-16 This book is a collection of sermons on the Old Testament preached by the author at home and abroad in churches and in seminary chapels intended mainly for a lay audience One sermon was preached at the historic Civil War Lutheran church in Gettysburg Pennsylvania Represented are texts from the Primary History Genesis to 2 Kings Psalms Prophets and the Wisdom Literature with nine sermons on texts from the prophet Jeremiah The sermons can also double as devotional reading **God's Beauty Parlor** Stephen D. Moore, 2001 God's Beauty Parlor opens the Bible to the contested body of critical commentary on sex and sexuality known as queer theory and to masculinity studies The author pursues the themes of homoeroticism masculinity beauty and violence through such texts as the Song of Songs the Gospels the Letter to the Romans and the Book of Revelation **A Destiny of Choice?** David Blanke, David Steigerwald, 2013-02-21 In the twentieth century Americans thought of the United States as a land of opportunity and equality To what extent and for whom this was true was of course a matter of debate however especially during the Cold War many Americans clung to the patriotic conviction that America was the land of the free At the same time another national ideal emerged that was far less contentious that arguably came to subsume the ideals of freedom opportunity and equality and that eventually embodied an unspoken consensus about what constitutes the good society in a postmodern setting This was the ideal of choice broadly understood as the proposition that the good society provides individuals with the power to shape the contours of their lives in ways that suit their personal interests idiosyncrasies and tastes By the closing decades of the century Americans were widely agreed that theirs was or at least should be the land of choice In *A Destiny of Choice* David Blanke and David Steigerwald bring together important scholarship on the tension between two leading interpretations of modern American consumer culture That modern consumerism reflects the social cultural economic and political changes that accompanied the country's transition from a local producer economy dominated by limited choices and restricted credit to a national consumer marketplace based on the individual selection of mass produced mass advertised and mass distributed goods This debate is central to the economic difficulties seen in the United States today *Yearning for the New Age* Diane Sasson, 2018-11-01 This biography of an unconventional woman in late 19th Century America is a study of the search for individual autonomy and spiritual growth Laura Holloway Langford a rebel girl from Tennessee moved to New York City where she supported her

Hindu Christian Faqir Timothy Dobe, 2015 In the mid nineteenth century the American missionary James Butler predicted that Christian conversion and British law together would eradicate Indian ascetics His disgust for Hindu holy men sadhus whom he called saints yogis and filthy fakirs was largely shared by orientalist scholars and British officials who likewise imagined these religious elites to be a leading symptom of India's degeneration Yet within some thirty years of

Butler's writing modern Indian ascetics such as the neo Vedantin Hindu Swami Rama Tirtha 1873 1906 and paradoxically the Protestant Christian convert Sadhu Sundar Singh 1889 1929 achieved international fame as embodiments of the spiritual superiority of the East over the West Timothy S Dobe's fine grained account of the lives of Sundar Singh and Rama Tirtha offers a window on the surprising reversals and potentials of Indian ascetic sainthood in the colonial contact zone His study develops a new model of Indian holy men that is historicized religiously pluralistic and located within the tensions and intersections of ascetic practice and modernity The first in depth account of two internationally recognized modern holy men in the colonially crucial region of Punjab Hindu Christian Faqir offers new examples and contexts for thinking through these wider issues Drawing on unexplored Urdu writings by and about both figures Dobe argues not only that Hinduism and Protestant Christianity are here intimately linked but that these links are forged from the stuff of regional Islamic traditions of Sufi holy men faqir He also re conceives Indian sainthood through an in depth examination of ascetic practice as embodied religion public performance and relationship rather than as a theological otherworldly and isolated ideal

Theology in Language, Rhetoric, and Beyond Jack R Lundbom, 2015-02-26 Theology in Language Rhetoric and Beyond places before a broad audience of students and general readers theological essays on both the Old and New Testaments Theology is seen to derive from a number of sources the biblical language biblical rhetoric and composition academic disciplines other than philosophy and above all a careful exegesis of the biblical text The essay on Psalm 23 makes use of anthropology and human development theory the essay on Deuteronomy incorporates Wisdom themes the essay called Jeremiah and the Created Order looks at ideas not only about God and creation but also about the seldom considered idea of God and a return to chaos and the essay on the Confessions of Jeremiah examines not the words that this extraordinary prophet was given by God to preach but what he himself felt and experienced in the office to which he was called One essay on Biblical and theological themes includes a translation into the African language of Lingala which weaves together the story of early Christianity with the more recent founding of churches in Africa and Asia Jack R Lundbom argues eloquently through these essays that theology is rooted in biblical words in themselves in rhetoric and their different contexts
