We're Not Here to Entertain Kevin Mattson, 2020-05-14 Many remember the 1980s as the era of Ronald Reagan a conservative decade populated by preppies and yuppies dancing to a soundtrack of electronic synth pop music In some ways it was the MTV generation However the decade also produced some of the most creative works of punk culture from the music of bands like the Minutemen and the Dead Kennedys to avant garde visual arts literature poetry and film In *We're Not Here to Entertain* Kevin Mattson documents what Kurt Cobain once called a punk rock world the all encompassing hardcore indie culture that incubated his own talent Mattson shows just how widespread the movement became ranging across the nation from D C through Ohio and Minnesota to LA and how democratic it was due to its commitment to Do It Yourself DIY tactics Throughout Mattson puts the movement into a wider context locating it in a culture war that pitted a blossoming punk scene against the new president Reagan's talk about end days and nuclear warfare generated panic his tax cuts for the rich and simultaneous slashing of school lunch program funding made punks who saw themselves as underdogs seethe at his meanness The anger went deep since punks saw Reagan as the country's entertainer in chief his career from radio to Hollywood and television synched to the very world punks rejected Through deep archival research Mattson reignites the heated debates that punk's opposition generated in that era about everything from straight edge ethics to anarchism to the art of dissent By reconstructing the world of punk Mattson demonstrates that it was more than just a style of purple hair and torn jeans In so doing he reminds readers of punk's importance and its challenge to simplistic assumptions about the 1980s as a one dimensional conservative epoch
