Expectation Hangover Christine Hassler, 2016-01-07 When our expectations are met and things go according to plan we feel a sense of accomplishment we feel safe in control and on track But when life does not live

up to our expectations we end up with an Expectation Hangover This particular brand of disappointment is profoundly uncomfortable and can cost us valuable time and energy if not treated and leveraged effectively Christine Hassler has broken down the complex and overwhelming experience of recovering from disappointment into a step by step treatment plan This book reveals the formula for how to process Expectation Hangovers on the emotional mental physical and spiritual levels to immediately ease suffering Instead of wallowing in regret self recrimination or anger we can see these experiences as catalysts for profound transformation and doorways that open to possibility Often it is only when life throws us a curveball or several that we look in a different direction and make room for the kinds of unexpected things that lead more directly to a life we love By the time you finish this book you ll understand why your Expectation Hangover happened and have your own treatment plan a clear course of action to pursue your goals while preventing future disappointment My World MICHAEL JEAN NYSTROM-SCHUT,2004-05-19 Let me tell you how much fun it is to be a book writer One of my friends recently said to me I dont even know anyone whos ever READ a book let alone WRITE one I was amused Well you know its really not so hard to write a book You just talk about what you feel and organize your thoughts along the way At some point as you stay determined to make it happen the book comes into the world For me now having compiled over 30 book length manuscripts of various topics and subject matter I have become more and more inclined to share the way I see the world with others along the way You might call what I like to write about as having to do with personal philosophy or individual world view Everyone has a way they see their world this book is part of how I see mine It seems that all kinds of people have something to say about what life is and is not I am like most people so am no exception I have come to enjoy giving such opinions and points of view with just about anyone who will listen I wrote this book MY WORLD The First 50 Years because I wanted to be sure and document the way life appeared to be to me at the half century mark in my personal growth and evolution I did it in a way that enables you to read right through it or if you prefer you can take it slowly over a one year span of time and think about the ideas and thoughts carefully How you read the book is entirely up to you Ten years earlier I had written a similar book Earth Dwelling An Owners Manual for Life in order to share thoughts about the meaning and purpose of life It is amazing the difference that ten years can make I like to think that I am growing Gee Could that be I sure hope so People from the worlds of philosophy religion and the popular culture are anxious to share the way they see the world with others I have a passion to do that also and so I wrote this book in order to summarize how things in life appeared to me I could be way off you decide for yourself At any rate my world is MY way of seeing life in YOUR world you will see it your special way and that is part of the beauty of this life Each person is free to see it differently and that is our basic right to do so I like that I actually feel so strongly about what I am saying here that I created a web site which is called HowIseetheworld com to talk about and share ideas with others Take a look at it some time Thoughts are powerful and have a tendency to either make you great or even destroy you before your time So think good thoughts And enjoy the book as well *How to Turn Your Million*
