God And Moral Obligation God And Moral Obligation:

God and Moral Obligation C. Stephen Evans, 2013-03-01 Is there a connection between religion and morality Ivan Karamazov in Dostoevsky's *The Brothers Karamazov* famously declares that if God does not exist then everything is permitted Most philosophers reject such a view and hold that moral truths do not depend on God C Stephen Evans argues that the truth lies somewhere between these two claims It is not quite right to say that there would be nothing left of morality if God did not exist but moral obligations do depend on God ontologically Such obligations are best understood as God's commands or requirements communicated to humans in a variety of ways including conscience In *God and Moral Obligation* Evans also argues that two views often thought to be rivals to a divine command morality natural law ethics and virtue ethics are not rivals at all but provide necessary complementary elements of a comprehensive morality A number of objections to a divine command account of moral obligations are posed and answered In the concluding chapters Evans points out the advantages such an account has over secular rivals The authority and objectivity of moral obligations are best explained by seeing them as divine commands

God and Moral Obligation C. Stephen Evans, 2013-02-28 C Stephen Evans defends the claim that moral obligations are best understood as divine commands or requirements hence an important part of morality depends on God God's requirements are communicated in a variety of ways including conscience and that natural law ethics and virtue ethics provide complementary perspectives to this view

Understanding Moral Obligation Robert Stern, 2011-12-15 In many histories of modern ethics Kant is supposed to have ushered in an anti realist or constructivist turn by holding that unless we ourselves author or lay down moral norms and values for ourselves our autonomy as agents will be threatened In this book Robert Stern challenges the cogency of this argument from autonomy and claims that Kant never subscribed to it Rather it is not value realism but the apparent obligatoriness of morality that really poses a challenge to our autonomy how can this be accounted for without taking away our freedom The debate the book focuses on therefore concerns whether this obligatoriness should be located in ourselves Kant in others Hegel or in God Kierkegaard Stern traces the historical dialectic that drove the development of these respective theories and clearly and sympathetically considers their merits and disadvantages he concludes by arguing that the choice between them remains open

God and Moral Law Mark C. Murphy, 2011-11-17 Does God's existence make a difference to how we explain morality Mark C Murphy critiques the two dominant theistic accounts of morality natural law theory and divine command theory and presents a novel third view He argues that we can value natural facts about humans and their good while keeping God at the centre of our moral explanations The characteristic methodology of theistic ethics is to proceed by asking whether there are features of moral norms that can be adequately explained only if we hold that such norms have some sort of theistic foundation But this methodology fruitful as it has been is one sided *God and Moral Law* proceeds not from the side of the moral norms so to speak but from the God side of things what sort of explanatory relationship should we expect between God and moral norms

given the existence of the God of orthodox theism Mark C Murphy asks whether the conception of God in orthodox theism as an absolutely perfect being militates in favour of a particular view of the explanation of morality by appeal to theistic facts He puts this methodology to work and shows that surprisingly natural law theory and divine command theory fail to offer the sort of explanation of morality that we would expect given the existence of the God of orthodox theism Drawing on the discussion of a structurally similar problem that of the relationship between God and the laws of nature Murphy articulates his new account of the relationship between God and morality one in which facts about God and facts about nature cooperate in the explanation of moral law

Divine Voluntarism Mi Young Nam, 2004 Divine voluntarism Divine command theory is a series of theories that claim that God is prior to moral obligation and that moral obligation is determined by God's will Divine voluntarism has to be formulated in a way that it does not have undesirable implications e.g. that moral obligation is arbitrary and that God's goodness is trivial Also while it avoids these undesirable implications divine voluntarism must not imply that God is in some way restricted by moral obligation which exists independently of Him Divine voluntarism can admit God's sovereignty over moral obligation and avoid making moral obligation arbitrary or God's goodness trivial by admitting various aspects of God's will Moral obligation is relevant to both God's will for human moral obligation and God's will for human moral good After all God's will for human moral obligation is God's willing that His own will for human moral good constitute moral obligation for humans

Free Will, Moral Responsibility, and the Desire to Be a God Bruce N. Waller, 2020-09-04 Free Will Moral Responsibility and the Desire to be a God explores the hidden corridors of the moral responsibility system to discover why that system is so widely accepted and passionately defended The moral responsibility system has obvious charms it provides justification for our powerful strike back motives transforms selfishness into the virtuous defense of our justly deserved special benefits draws a radical distinction between humans and the other species we exploit and protects our nonconscious belief in a just world Those charms notwithstanding the resilience and endurance of the moral responsibility system indicates a hidden force that not only binds together the pieces of the system but also motivates our stubborn devotion to that system That hidden force is a nonconscious desire to be a god a desire that afflicts both believers and atheists and that is almost universally denied Nietzsche being a special exception That desire can be found throughout the history of philosophy from Aristotle to the present It is also manifested in myths and a variety of religious practices and teachings The breadth power and harm of nonconscious apotheosis aspiration is the focus of this study

Evidence and Religious Belief Kelly James Clark, Raymond J. VanArragon, 2011-07-28 A fundamental question in philosophy of religion is whether religious belief must be based on evidence in order to be properly held In recent years two prominent positions on this issue have been staked out evidentialism which claims that proper religious belief requires evidence and Reformed epistemology which claims that it does not Evidence and Religious Belief contains eleven chapters by prominent philosophers which push the discussion in new directions The volume has three parts The first part explores the demand for evidence

some chapters object to it while others seek to restate it or find space for compromise between Reformed epistemology and evidentialism The second part explores ways in which beliefs are related to evidence that is ways in which the evidence for or against religious belief that is available to a person can depend on that person s background beliefs and other circumstances The third part contains chapters that discuss actual evidence for and against religious belief Evidence for belief in God includes the so called common consent of the human race and the way that such belief makes sense of the moral life evidence against it includes profound puzzles about divine freedom which suggest that it is impossible for a being to be morally perfect

Lectures on Systematic Theology Charles G. Finney,1846 **Nature and Command** J. Caleb Clanton,Kraig Martin,2023-08-18 Since at least the time of Plato religious explanations of the metaphysical foundations of morality have typically fallen into one of two camps natural law theory according to which morality is fundamentally explained by facts about human nature facts that God is responsible for and divine command theory which holds that moral obligations arise directly from God s commands or some other prescriptive act of the divine will J Caleb Clanton and Kraig Martin offer an accessible analysis of these traditional views reconstruct the various arguments for and against them and offer an extended consideration of the historical emergence of the divide between these positions within the Christian tradition Nature and Command goes on to develop and defend a theory that combines these two views a metaethical approach that has not yet received the scholarly attention it deserves Along the way the authors make use of underexplored theological resources drawn from the Stone Campbell movement a nineteenth century restoration movement that culminated in one of the largest Protestant groups in America by the dawn of the twentieth century Nature and Command summons the resources of this particular Christian heritage its first principles call for unity and ecumenism to solve one of the great dilemmas of moral philosophy and theology dating back to Plato s Euthyphro This historically aware argumentatively rigorous and highly readable volume will serve as a valuable resource for moral philosophy and ethics as well as for mining the Stone Campbell Restoration tradition for historical and theological insights **Ethical Theory** Russ Shafer-Landau,2007-07-30 In presenting this reader on ethical theory Shafer Landau philosophy U of Wisconsin has made sure to cover the standard topics of the day consequentialism deontology contractarianism and virtue ethics but has also sought to include areas that are less common in sections on moral standing moral responsibility moral knowledge and works that question the very possibility of systematic ethics He also includes a section that discusses ethics and religion and another that examines prima facie duties and particularism Rather than include critics views following the various theoretical presentations he has instead decided to include more works of allied thinkers in order to provide readers with a more nuanced view of the particular view in question Selections from classic writers such as Aristotle Thomas Hobbes Immanuel Kant and Plato are accompanied by more contemporary writings Annotation 2007 Book News Inc Portland OR booknews.com Distributed by Syndetic Solutions LLC

Bibliotheca Sacra ,1882 Systematic Theology Charles Grandison Finney,2018-07-12 Written by a Presbyterian

preacher in the 1800 s this book is revered by some and considered heresy by others The arguments given in Finney s various lectures will cause many to consider their own positions and seek to justify what they believe Finney deals with many different subjects going from moral law government love depravity and other diverse but important subjects Regardless of what your own position on these subjects are this work is a good masterpiece of religious thought but the ideas and reasons for Finney s arguments may leave theologians wondering if such thinking is something we should be keeping around No Apology Necessary Atheism Refuted Eternal Causal Intelligence Affirmed A Comprehensive Compendium of Intelligent Refutations to Atheism Gregory Lessing Garrett,2018-11-15 This book contains my writings other apologetics writers top scientists thinkers and scholars on the topics of Ontology Evolutionary Theory Theology Biogenesis Quantum Physics Philosophy Science Physics Scientism and Epistemology pertaining to the core topic of Refutations to Atheistic Materialism Crucial to consider is the idea that it is not any one refutation or data point of evidence pointing to the plausibility of there being an Eternal Causal Intelligence that creates a case for the strong possibility of such an Eternal Causal Intelligence a Creator Rather it is the summation of ALL such robust data points and proofs that culminates in an over arching and inescapable conclusion that such a Creator is not only highly plausible and therefore worthy of serious scientific philosophic and theological consideration but moreover to reject such a conclusion based upon the cumulative data is tantamount to an overt confession of scientific malpractice and a glaring Naturalism biases **Divine Foreknowledge and Moral Responsibility** Richard H. Corrigan,2007-09-01 Divine Foreknowledge and Moral Responsibility is Richard Corrigan s insightful and accomplished exploration of whether the capacities essential to moral responsibility are compatible with perfect divine foreknowledge **The Problem of Evil** Jeremy A. Evans,2013-03-01 For philosophy and theology scholars as well as their students a thoughtful book offering holistic responses to the problem of evil that are philosophically and theologically maintainable **A Companion to Atheism and Philosophy** Graham Oppy,2019-05-06 PROSE 2020 Single Volume Reference Finalist Philosophers throughout history have debated the existence of gods but it is only in recent years that the absence of such a belief has become a significant topic of philosophical analysis in particular for philosophers of religion Although it is difficult to trace the historical contours of atheism as the lack of belief in a higher power the reasoned reflective and thoughtful rejection of theism has become commonplace in many modern intellectual circles including academic philosophy where disciplinary data indicates that a large majority of philosophers self identify as atheists As the first book of its kind to bring together a collection of writing on the philosophical aspects of atheism both historical and contemporary the Companion to Atheism and Philosophy stages an explicit constructive and comprehensive conversation between philosophy and atheism to examine the ways in which atheist thought intersects with ideas and positions from a variety of philosophical and theological sub disciplines The Companion begins by addressing the foundational questions and lingering controversies which underpin philosophical thought about atheism exploring the implications of major

developments in the history of philosophy for the modern atheistic worldview Divided into eight distinct sections essays consider a range of thinkers who were widely believed to have been atheists including David Hume Mary Wollstonecraft Karl Marx and Elizabeth Cady Stanton and survey different kinds of objections to theism and atheism including logical evidential normative and prudential Later chapters trace the relationship between atheism and metaphysics epistemology ethics and political philosophy oriented around topics such as pragmatism postmodernism freedom education violence and happiness Deftly curated and thoughtfully composed *A Companion to Atheism and Philosophy* is the most ambitious and authoritative account of philosophical thinking on atheism available and is a first rate resource for academics professionals and students of philosophy religious studies and theology

The Theological Eclectic, a Repertory, Chiefly of Foreign Theological Literature ,1868 **The Theological Eclectic** George Edward Day,1868 A series of papers selected from the periodical and other literature of Great Britain France Germany Holland etc **The Lord's Day: Its Divine and Moral Obligation** Thomas BROOKE (Rector of Wistaston, Nantwich.),1852 **The Lord's Day: Its Divine and Moral Obligation** Thomas Brooke (Rector of Wistaston, Cheshire.),1851

Unveiling the Energy of Verbal Art: An Mental Sojourn through **God And Moral Obligation God And Moral Obligation**

In a global inundated with displays and the cacophony of quick connection, the profound energy and emotional resonance of verbal beauty frequently diminish into obscurity, eclipsed by the constant assault of noise and distractions.
