God The Planets And Me:

Original God- Part I - I have met,14-18 yr Journey Dr. Mukesh Chauhan,2022-05-15 This book is a biography of my life The difficulties and obstacles experienced in my 14 18yr Journey from the pinnacle of my clinical career and status in London in UK USA and Europe with multiple degrees and striving for the fourth degree in the field of implant surgery and bone grafting I was reduced to zero and begging conditions in three Countries I was deliberately destroyed My fault was to help make a Temple in Mauritius for a Priestess After 14 difficult years I met God and Creator The books explains about life and death secrets about what happens to human beings after death what happens to many souls after physical premature and untimely deaths how sinister techniques are employed to destroy people and kill people without leaving any trace of evidence The invisible enemies form the secret world of spirits and black magic The real life road traffic accidents were too many Yoga and meditation was my forte Mystery of God revealed conspiracy I was subjected to Pyramids at back of USA Dollar bill and Paradise explained soul power verses kundalini energies and 3rd eye The epic Journey has more twists and turns than you will find in Hollywood or Bollywood films The end result is author discovering or meeting both Creator and God and his fight continued to reveal the truth to masses which is completely covered up Do remember there are many new things which can be added to what I have learned after 2009 yr when this book was written Any interested reader can write to me or contact me for further information Website <https://www.originalgodconsciousness.com> Email 1originalgod@gmail.com 1asb1mcc@gmail.com You Tube <https://bit.ly/3k5mHCl> LinkedIn <https://bit.ly/3wN4w9E> Twitter <https://bit.ly/3wpVxMj> Facebook <https://bit.ly/3Nevoqm> The God of the Future Jeff Hood,2017-11-10 The past doesn't exist The present is a lie The future is an illusion Time God Being Yesterday Today Tomorrow God was God wasn't God is God isn't God will be God will not be The journey never changes The future is inertia Maybe it's not the first time we've experienced it all Died Dead Dying The incarnation of God grows stranger and stranger These are the visions Here in the past Here in the present Trinities of time call to us from somewhere beyond Dogs demand salvation Robots reproduce Pollution forces evacuation Chaos rages The end is near A demise of God is here Welcome to the future Logic, Science, God, and Human Intelligence Ronald J. Plachno,2016-05-15 What is the fastest that humans have ever travelled Do all Scientists agree that they understand gravity Is the argument of Darwin versus Creationism a good argument on either side Could some reality be in fact be an illusion as Einstein implied This book tries to answer some of those questions and how all truth we perhaps might believe might actually exist together at the same time The first two sections of this book speak to Science and Human Knowledge and how much do we humans really know I have a science degree but even I learned much in research while writing this book I tried to begin this book with a completely open mind since I believe that is how to seek truth In some cases I found new things surprising at least to me In other cases I just learned what some bright people in the past and current also think which just made me smile And I tried to write the book in such a simple manner that even I can understand it After the first two sections I do get into

some theories of mine based on human knowledge and science in the beginning of the book You are more than welcome to form other theories Those ensuing discussions might even make life more interesting Is the purpose of this book to convince you of something No It s goal is to make us all think including me and also to get our discussions into the 21st century For some odd reason some humans believe that other humans should never think about things that are important Science has moved on We no longer believe that the world has only four elements Earth Wind and Fire and Water It is time to get up to speed with what humans have learned And then comes the fun of deciding what theories based on that each of us wish to believe

Anomalies, God and the Multiverse Mary Quijano,2019-10-01 Anomalies God and the Multiverse is a journey of discovery and spiritual growth as the female heroine moves through six parallel universes on a quest to prove the existence of a divine creator of the universe It begins in our own world with a science teacher trying to demonstrate to her students that it is the inexplicable anomalies in nature that support the reality of God When personal ruin ends her pursuit she finds herself awakening in a strange parallel world with its own spiritual beliefs and challenges and later in another and another each very different yet with their own

similar truths Ultimately she enters the ongoing moment of creation a universe of music and light and experiences a direct communion with God Anomalies serves as a metaphor for the soul's journey in its quest for spiritual perfection its desire to return to the Creator from which it came *The Little Girl Who Learned from the Lady in the Face of the Moon About Our Creator* Angela Weaver, 2015-09-26 About a little girl who sees the moon at night and the moon starts to talk to the little girl The moon talks to the girl about our creation Seven Testaments of World Religion and the Zoroastrian Older Testament Brian Arthur Brown, 2019-11-15 This essential comparative religious studies resource presents primary scriptures of seven world religions and reveals their shared heritage in Zoroastrian tradition Completing the authoritative trilogy alongside Three Testaments Torah Gospel and Quran and Four Testaments Tao Te Ching Analects Dhammapada Bhagavad Gita Seven Testamentsof World Religion lays the groundwork for all studies of religious history Special Features Concise descriptions of each testament Maps timelines and study guide questions Appendices connecting historical events across testaments *The Faithful Men of God* Lynda Pujado, 1997 These six monologues are accompanied by a worship service that includes a call to worship scripture readings a pastoral prayer and suggested hymns Monologues include Noah Abraham Joseph Moses A Wise Man Chuza The script is fascinating and fast paced from the start I was considered strange at best and at times mentally ill I suppose Noah This series will be useful for any season and in a variety of ways Lenten services retreats summer worship series or high school or adult education classes Lynda Pujado graduated from the University of Minnesota and studied at Moody Bible Institute and Trinity Evangelical Divinity School A prolific writer she also enjoys hiking in northern Minnesota and biking in Wisconsin **In God's Time: Behold We are Walking on Holy Ground** Tara Steckler, 2019-02-13 Tara Steckler has worked as a hairdresser for over 40 years She is member of the Denver Metro Colostomy Support Group sharing her story with nursing students and helping patients adapting to their new colostomy She has been on staff at the Contemplative Outreach Center for sixteen plus years sharing mindfulness and centering prayer meditation Her next endeavor is to be an oblate of Saint Benedict a monk living in the world aiding the fight against human trafficking and working in the homeless shelters Closing thoughts What is my life's purpose Tears are a sign you've hit divine purpose to always give back and have the awareness to do so Thank you for reading my book I thank all God's people who helped me along the way I have learned so much from so many I'm still praying and learning This is my life's journey to complete this walk with Jesus my savior inside my heart filling me with gratitude *The Sensual God* Aviad M. Kleinberg, 2015-09-08 In the Old Testament God wrestles with a man and loses In the Talmud God wriggles his toes to make thunder and takes human form to shave the king of Assyria In the New Testament God is made flesh and dwells among humans For religious thinkers trained in Greek philosophy and its deep distaste for matter sacred scripture can be distressing A philosophically respectable God should be untainted by sensuality yet the God of sacred texts is often embarrassingly sensual Setting experts' minds at ease was neither easy nor simple and often faith and logic were stretched to their limits Focusing on examples from both

Christian and Jewish sources from the Bible to sources from the Late Middle Ages Aviad Kleinberg examines the way Christian and Jewish philosophers exegetes and theologians attempted to reconcile God's supposed ineffability with numerous biblical and postbiblical accounts of seeing hearing smelling touching and even tasting the almighty The conceptual entanglements ensnaring religious thinkers and the strange ingenious solutions they used to extricate themselves tell us something profound about human needs and divine attributes about faith hope and cognitive dissonance **I Could Use a Miracle Right Now** John Webb Kline, 2004 The movie The Passion of The Christ dramatically conveyed the price that Jesus paid on the cross to redeem the sins of the world John Webb Kline's new book I Could Use a Miracle Right Now profoundly brings the message of the cross and what it means to us in the 21st century into perspective in a way that few books can It is a story about one man's life long encounter with the Living Christ a story that one might call The Passion of the Christian It is a must read for any true seeker of truth or follower of Christ Author John Webb Kline describes his inspiring new book as a Workingman's Theology a theology that helps us to find God in the midst of our everyday struggles and which helps us to make sense out of the seemingly senseless trials and tribulations we all face Based on stories from his own often tumultuous yet miracle filled life Webb brings us to the amazing discovery that not only is God's intervention for our lives real but it is also there for each and everyone of us hidden only by our rational worldviews and unbelief This is a book about hanging on to faith when it would seem perfectly reasonable not to a book for the faithless and faithful alike it is a book for those who are feeling so hurt so angry or so left out of God's will that they have nothing left but the desire to curse God and die In today's world it very well could be your own handbook for survival Heart to Hand Ministries director Woody Wolfe has this to say about I Could Use a Miracle Right Now Webb is able to take us on that journey to see the true miracles that are the reality of our everyday lives even when the world had blurred our vision Webb's uncanny ability to put into words that which is at the heart of the true Gospel message has been such a blessing to me I wish this book would have been around during those first days of my full time ministry when I was still looking to the world for affirmation To truly understand that God is already knocked out about us gives us the freedom to be just who we are and Webb has brought that vision of the uncompromising love of God to these pages Please visit the Miraclenews website **Gabriel's Testament** Elijah Josiah Berryman, 1891 **Four Testaments** Brian Arthur Brown, 2016-07-08 Four Testaments brings together four foundational texts from world religions the Tao Te Ching Dhammapada Analects of Confucius and Bhagavad Gita inviting readers to experience them in full to explore possible points of connection and divergence and to better understand people who practice these traditions Following Brian Arthur Brown's award winning Three Testaments Torah Gospel Quran this volume of Four Testaments features essays by esteemed scholars to introduce readers to each tradition and text as well as commentary on unexpected ways the ancient Zoroastrian tradition might connect Taoism Buddhism Confucianism and Hinduism as well as the Abrahamic faiths Four Testaments aims to foster deeper religious understanding in our
