Gods Fire Moses And The Management Of Exodus:

God's Fire Alfred De Grazia, 2013-02-01 God's Fire is the awesome story of the most human of experiences the birth and establishment of a great god The Hebrew Exodus from Egypt is here viewed as a well led well managed expedition both aided and beset by horrendous natural conditions Earth was in those days undergoing a devastating encounter with a comet An abundance of evidence is presented to delineate and also integrate the various effects of this long drawn out cosmic catastrophe Emanating from the comet Earth interaction were multitudinous electrical phenomena accepted in principle by modern science but hitherto incredible as history On center stage in this dramatic setting looms the figure of Moses who is made understandable by the psychiatric method of the Author but at the same time is grandiose beyond analytic language in his achievements A score of great inventions are shown to be of Moses including the electric Ark of the Covenant and the greatest of them all Yahweh himself God's Fire is the literal nature of Yahweh **She Who Spins the Coils of Creation**

Leslene della-Madre, 2023-06-28 Leslene della Madre's book *She Who Spins Creation Sacred Female Cosmology in the Electric PlasMA Universe* is essential medicine and a much needed balm for the spirit in these perilous times of toxic masculinity toxic capitalism toxic patriarchy and the perpetuation of the annihilation of women's wisdom and power also known as the Inquisition in which female embodied existence and wisdom continue to be silenced and every attempt to eradicate us deny our culture belittle and erase our knowledge continues to unfold It is also a master class in how to excavate and reclaim female embodied experience wisdom empowerment and sovereignty Della Madre exposes the misogyny inherent in patriarchal myth and science from physics to molecular biology delving into the mysteries of matter the mammalian egg mythologies of female origins the Electric Universe plasMA cosmology and much much more She invites us to awaken to the reality of a truly female cosmology that has always reflected as above so below and always will but that has been denied and subjected to nearly complete erasure in numerous ways by male dominated realities In doing so she invokes us to challenge the amnesia of the ages question all we have been told about who we are where we come from and who we can become She implores us to feel our horns and wings again and reclaim a world in which we understand that we are all electric plasMA beings intertwined and interconnected in tune with the cosmos the greater organism This is the way to heal the violence that has been done to the Earth Nature and women by thousands of years of patriarchal colonization This book is also a clarion call for action for women to remember our magic and to seek guidance from the ancestral realms to help restore us to whole holiness This profound book should be made into a documentary series Mary Saracino author LAMBDA award finalist

Stumbling Down the Shamanic Path Michèle Burdet, 2010-05 *Stumbling Down the Shamanic Path* relates how a spiritual skeptic became a questioner a meditator who avoided gurus an explorer of earth energies and then met the teacher who discerned the shaman sleeping in the spirit of a middle aged alpinist That was only the beginning for pursuit of this new tack offered a new set of hurdles After years of bumpy roads Michèle Burdet is today a practitioner of ancient shamanic arts such

as soul retrieval and is teaching apprentices to carry on the torch of what she likes to call prehistoric psychotherapy

Exodus Chloe T. Sun, 2024-11-14 The poignant narrative of Exodus which involves leaving one's homeland traveling settling unsettling wrestling with identity seeking a home and pursuing aspirations resonates with the present circumstances of the Chinese diaspora This commentary delves into the concept of exodus tracing its roots from the biblical exodus to its modern manifestation in the Chinese diaspora the new exodus This approach forefronts the nuances of otherness minority status liminality and hybridity in a dominant culture while simultaneously accentuating the transnational global and multifaceted roots of such an existence This diasporic reading of Exodus seeks to facilitate transformation in the ongoing quest for identity meaning and purpose all within the framework of God's redemptive history and diasporans journey of becoming The Asia Bible Commentary Series empowers Christian believers in Asia to read the Bible from within their respective contexts Holistic in its approach to the text each exposition of the biblical books combines exegesis and application The ultimate goal is to strengthen the body of Christ in Asia by providing a pastoral and contextual exposition of every book of the Bible

Religion and Contemporary Management Arthur J. Wolak, 2016-11-21 Although few might think of Moses as a leader in the contemporary business and political sense Moses is not only among the most significant leaders in Western civilization but is also arguably the quintessential example of a powerful leader from whom much can be learned by anyone entering and occupying leadership positions Various types of leadership approaches are considered that have been advocated by scholars over the past century Moses example as described in the Bible is analyzed to assert why Moses approach makes for an appropriate and compelling form of leadership today While present leadership and management vocabulary might differ from the Hebrew Bible many of the notions advocated by modern leadership theorists appear to parallel major behaviors traits functions experiences and actions ascribed to Moses especially in the first five books of the Hebrew Bible Anyone can view Moses through the lens of a particular religion whether shared or not and still learn considerably from the experience One will find Moses depicted as heroic charismatic and certainly empathic Yet Moses also shows transactional transformational and visionary leadership qualities Hence Religion and Contemporary Management discerns why Moses represents such an important model of effective leadership for contemporary times

Ethics Management in the Public Service Liza Ireni-Saban, Galit Berdugo, 2016-12-19 Ethics Management in the Public Service offers a new perspective for ethics management in the Public Administration The traditional approaches relying on codified

rules regulations and guidelines have not yielded the results expected of them and have not managed to serve as an effective tool in the hands of public administrators struggling with ethical and moral questions Unlike Code based training strategies focusing on the written word and its application in real life situations the authors introduce a sensory based strategy to sharpen public administrators senses This type of training would first aim to help the public administrators become conscious of the use of their senses in a routine manner not necessarily limited to ethical issues Once an individual becomes more conscious of his or her acts and thinking process they can better understand their motives and again attempt to modify their conduct if and when necessary This book holds that sensory based metaphors are an important device in applying the hermeneutic approach to ethics management in the public service as they can enhance new understandings about the extent to which particular ethical principles might be disabling Using metaphors as a management tool of public service ethics helps to communicate public values and ethical guidelines to public administrators
