God's Gangs Edward Flores, 2014 Winner 2014 Distinguished Contribution to Research Award presented by the Latina o Sociology Section of the American Sociological Association Los Angeles is the epicenter of the American gang problem Rituals and customs from Los Angeles eastside gangs including hand signals graffiti and clothing styles have spread to small towns and big cities alike Many see the problem with gangs as related to urban marginality for a Latino immigrant population struggling with poverty and social integration gangs offer a close knit community Yet as Edward Orozco Flores argues in *God s Gangs* gang members can be successfully redirected out of gangs through efforts that change the context in which they find themselves as well as their notions of what it means to be a man Flores here illuminates how Latino men recover from gang life through involvement in urban faith based organizations Drawing on participant observation and interviews with Homeboy Industries a Jesuit founded non profit that is one of the largest gang intervention programs in the country and with Victory Outreach a Pentecostal ministry with over 600 chapters Flores demonstrates that organizations such as these facilitate recovery from gang life by enabling gang members to reinvent themselves as family men and as members of their community The book offers a window into the process of redefining masculinity As Flores convincingly shows gang members are not trapped in a cycle of poverty and marginality With the help of urban ministries such men construct a reformed barrio masculinity to distance themselves from gang life *Healing Movements* Megan S.

Raschig, 2024-06-04 How women and men involved in a grassroots abolitionist project of cultural healing counter the carceral state and build otherwise in a Chicana community in California Youth Street Gangs David C. Brotherton, 2015-04-24 Gangs have been heavily pathologized in the last several decades In comparison to the pioneering Chicago School s work on gangs in the 1920s we have moved away from a humanistic appraisal of and sensitivity toward the phenomenon and have allowed the gang to become a highly plastic folk devil outside of history This pathologization of the gang has particularly negative consequences for democracy in an age of punishment cruelty and coercive social control This is the central thesis of David Brotherton s new and highly contentious book on street gangs Drawing on a wealth of highly acclaimed original research Brotherton explores the socially layered practices of street gangs including community movements cultural projects and sites of social resistance The book also critically reviews gang theory and the geographical trajectories of streets gangs from New York and Puerto Rico to Europe the Caribbean and South America as well as state sponsored reactions and the enabling role of orthodox criminology In opposition to the dominant gang discourses Brotherton proposes the development of a critical studies approach to gangs and concludes by making a plea for researchers to engage the gang reflexively paying attention to the contradictory agency of the gang and what gang members actually tell us The book is essential reading for academics and students involved in the study of juvenile delinquency youth studies deviance gang studies and cultural criminology **Gangs and Spirituality** Ross Deuchar, 2018-05-17 This book examines the role of religion and spirituality in

groundbreaking book uncovers the indispensable role that children play as co contributors to the household economy of our most vulnerable families. Zulema Valdez author of *Entrepreneurs and the Search for the American Dream*. Street food markets have become wildly popular in Los Angeles and behind the scenes Latinx children have been instrumental in making these small informal businesses grow. In *Kids at Work* Emir Estrada shines a light on the surprising labor of these young workers providing the first ethnography on the participation of Latinx children in street vending. Drawing on dozens of interviews with children and their undocumented parents as well as three years spent on the streets shadowing families at work, Estrada brings attention to the unique set of hardships Latinx youth experience in this occupation. She also highlights how these hardships can serve to cement family bonds, develop empathy towards parents, encourage hard work, and support children and their parents in their efforts to make a living together in the United States. *Kids at Work* provides a compassionate up close portrait of Latinx children detailing the complexities and nuances of family relations when children help generate income for the household as they peddle the streets of LA alongside their immigrant parents. In the children's own voices we learn about their economic contributions, their lives and aspirations, but also from them about immigrant entrepreneurship, the complex dynamics in immigrant families, and childhood in general. Cecilia Menjivar co author of *Immigrant Families*. Written clearly and accessibly, this book offers an essential framework from which to critically examine Latinx childhood, family labor, immigration, and community. Choice Winner Outstanding Scholarly Contribution Award given by the Children and Youth Section of the American Sociological Association. **Blood Entanglements** Stephen Offutt, 2023. In many low income neighborhoods in El Salvador, two groups have significant influence over the public sphere: gangs and evangelical churches. Members of both groups often belong to the same families, use similar organizational strategies, and engage each other in local marketplaces. Pastors and gang leaders compete for power within communities while informally sharing community governance. Entanglements even occur within formal organizations. Gang members can be found in churches and faith based organizations, while an evangelical presence exists within prisons and other gang controlled spaces. *Blood Entanglements* shows the importance of religion in gang controlled neighborhoods in El Salvador through extensive empirical data and the personal stories of people who live there. Stephen Offutt uses the notion of entanglement to explain how and why evangelicals have such frequent and often intimate interactions with gangs, which are groups that many evangelicals believe are evil.

Entanglement he shows also sheds light on how evangelicals engage with Latin American society and social problems more generally The book concludes with policy recommendations for reducing gang prevalence and violence in areas with a prominent evangelical presence **East of East** Romeo Guzmán,Carribean Fragoza,Alex Sayf Cummings,Ryan

Parker,2025-02-10

A nuanced take on how carceral expansions are changing labor and social life In Carceral Citizens anthropologist Caroline M Parker offers an ethnographic portrait of therapeutic communities in Puerto Rico the oldest colony in the Americas As nonprofits nested within the carceral state therapeutic communities serve as reeducation and recovery centers for the mostly male drug offenders who serve out their sentences engaged in manual labor and prayer The most surprising aspect of these centers however is that their graduates often remain long after the completion of their term working as self appointed peer counselors in a mixture of volunteer and low wage positions Parker seeks to explain this dynamic by showing how in these therapeutic communities criminalized men find new and meaningful ways of living in the shadow of the prison Through their participation in the day to day functioning of the centers they discover and cultivate alternative forms of belonging livelihood and citizenship despite living within the restrictions of the carceral state Situating her study against the backdrop of Puerto Rico s colonial history and with findings that extend across Latin America Parker challenges common assumptions about confinement labor and rehabilitation By delving into lives shaped by the convergence of imperialism the carceral state and self help she offers a fresh understanding of the transformations of labor and social life brought about by mass incarceration Ballad of the Bullet Forrest Stuart,2020-05-12
