Goethe's Faust John R. Williams, 2020-01-30 Originally published in 1987 this is a thorough and lucid introduction and commentary to the whole of Goethe's Faust It gives the student of German and European literature valuable insights into the most important work of Germany's foremost poet German quotations are translated or paraphrased in English and a detailed knowledge of German literature is not assumed The book traces Goethe's work on the play over 60 years of his creative career and surveys its critical reception over the 200 years since its first appearance Part One is analysed as a mimetic tragedy Part Two as an historical and cultural profile of Goethe's own times The commentary guides the reader carefully through its subtleties and multi-layered references and provides a broad and coherent structure for the overall understanding of the work It suggests provocative interpretations of some figures and episodes in Part Two and places renewed emphasis on parts of the work that often receive relatively little attention An appendix surveys the metres and verse forms of the play

Goethe's Concept of the Daemonic Angus James Nicholls, 2006 The first book to examine Goethe's writings on the daemonic in relation to both Classical philosophy and German Idealism For Plato the daemonic is a sensibility that brings individuals into contact with divine knowledge Socrates was also inspired by a divine voice known as his daimonion Goethe was introduced to this ancient concept by Hamann and Herder who associated it with the aesthetic category of genius This book shows how the young Goethe depicted the idea of daemonic genius in works of the Storm and Stress period before exploring the daemonic in a series of later poetic and autobiographical works Reading Goethe's works on the daemonic through theorists such as Lukács Benjamin Gadamer Adorno and Blumenberg Nicholls contends that they contain arguments concerning reason nature and subjectivity that are central to both European Romanticism and the Enlightenment Angus Nicholls is Claussen Simon Foundation Research Lecturer in German and Comparative Literature at the Centre for Anglo-German Cultural Relations in the Department of German Queen Mary University of London

A Companion to Kierkegaard Jon Stewart, 2015-12-21 A COMPANION TO KIERKEGAARD Companions to important thinkers help readers focus on the main drift of their texts with the help of a dig into their origin and some account of their reception This one digs deeper and over a wider terrain than most But it does more Besides guiding us to the staples of theology and philosophy in Kierkegaard's background it also looks forward to a future as if Kierkegaard too might be taken by the arm and told that here was something that should interest him about politics social life psychology education literary theory deconstruction theatre It is as much a sign of the extraordinary richness of Kierkegaard's literary palette as of the now wide currency of his thought that its elements can become topics in their own right with Kierkegaard their inspiration Jon Stewart and his authors are to

Goethe's Visual World Pamela

Currie,2017-07-05 Goethe's ideas on colour and imagery crossed many borderlines those of artistic processes and philosophical aesthetics art history and colour theory together with the science of perception This investigation into his writings ranges across art from Antiquity the Renaissance and the eighteenth century as well as exploring the centrality of these issues to Goethe's literary work Questions find answers but also raise new questions This systematic sequence of essays originally written between 1999 and 2011 appeals to readers in all these separate areas while drawing together their essential coherence *Goethe's Way of Science* David Seamon,Arthur Zajonc,1998-04-02 Examines Goethe's neglected but sizable body of scientific work considers the philosophical foundations of his approach and applies his method to the real world of nature **Novels and the Sociology of the Contemporary** Arpad Szakolczai,2016-04-14 This book substantiates two claims First the modern world was not simply produced by objective factors rooted in geographical discoveries and scientific inventions to be traced to economic technological or political factors but is the outcome of social cultural and spiritual processes Among such factors beyond the Protestant ethic Max Weber the rise of the absolutist state and its disciplinary network Michel Foucault or court society Norbert Elias a prime role is played by theatre The modern reality is deeply theatricalized Second a special access for studying this theatricalized world is offered by novels The best classical novels not simply can be interpreted as describing a world like the theatre but they capture and present a world that has become thoroughly transformed into a global theatre The theatre effectively transformed the world and classical novels effectively analyze this theatricalized reality much better than the main instruments supposedly destined to study reality philosophy and sociology Thus instead of using the technique of sociology to analyze novels the book will treat novels as a royal road to analyze a theatricalized reality in order to find our way back to a genuine and meaningful life **Goethe's Lyric Poems in English Translation Prior to 1860** Lucretia Van Tuyl Simmons,1919 *The Topography of Modernity* Elliott Schreiber,2013-02-15 Karl Philipp Moritz d 1793 was one of the most innovative writers of the late Enlightenment in Germany A novelist travel writer editor and teacher he is probably best known today for his autobiographical novel *Anton Reiser* 1785-90 and for his treatises on aesthetics foremost among them *Über die bildende Nachahmung des Schönen* On the Formative Imitation of the Beautiful 1788 In this treatise Moritz develops the concept of aesthetic autonomy which became widely known after Goethe included a lengthy excerpt of it in his own *Italian Journey* 1816-17 It was one of the foundational texts of Weimar classicism and it became pivotal for the development of early Romanticism In *The Topography of Modernity* Elliott Schreiber gives Moritz the credit he deserves as an important thinker beyond his contributions to aesthetic theory Indeed he sees Moritz as an incisive early observer and theorist of modernity Considering a wide range of Moritz's work including his novels his writings on mythology prosody and pedagogy and his political philosophy and psychology Schreiber shows how Moritz's thinking developed in response to the intellectual climate of the Enlightenment and paved the way for later social theorists to conceive of modern society as differentiated into multiple competing value spheres **The Legacy**

of Ancient Rome in the Russian Silver Age Anna Frajlich, 2007-01-01 For poets throughout the world Rome was the world This is particularly true for Russian poets owing to the anagrammatical relation of the words Rome and mir Rome and world The legacy of ancient Rome has always constituted an important component of the Russian cultural consciousness The revitalization of classical scholarship in nineteenth century Russia and new approaches to antiquity prompted many of the Russian Symbolists to seek their inspiration in ancient Rome Vladimir Solovyov Dmitry Merezhkovsky Valery Bryusov Vyacheslav Ivanov Maksimilian Voloshin Vasily Komarovsky and Mikhail Kuzmin all made significant contributions to what is often referred to as the Roman text The Legacy of Ancient Rome in the Russian Silver Age analyzes the forms involved in creating the Roman image and explores its functionality within the given poetic system In addition to the formal analysis the background and the stimulus leading up to the composition of a particular poem are explored as well as allusions to legends myths and Rome's geography and architecture Moreover this study considers the function of the Roman text in Russian Symbolist poetics and the works of the individual poets Finally the relation between the Roman and Petersburg texts of Russian literature is explored since many of the Russian Symbolist poets found in Rome a perfect metaphor for their studies of the city and urban poetry
