The Beatles Digest Goldmine Magazine Editors, 2000 Beatles history interviews and records price guide Goldmine Roots of Rock Digest Goldmine Magazine, 1999 Introduces the lives of the great musicians who made significant contributions to rock and roll music *John Lennon* John Blaney, 2005 *Mark Arnold Picks on the Beatles* Mark Arnold, 2011-03-19 It's a Comic Book and Animation Historian Mark Arnold's reviews on every song ever recorded by The Beatles group and solo released and unreleased Don't like my reviews Then write your own book *Return of the King* Gillian G. Gaar, 2011-03 By the end of 1968 Presley was artistically revitalised re-emerging in a TV comeback special during December that year slimmed down for the now iconic black leather suit playing country soul influenced rock like he meant it and loved it In this second period of Presley's career which lasted through to the end of 1970 he recorded some of his most enduring records including *Suspicious Minds* and *In The Ghetto* Author Gillian Gaar shows how Presley reclaimed his rock and roll crown making an extraordinary transition from fading balladeer to an engaged vital artist **American Premium Record Guide, 1900-1965** L. R. Docks, 2001 An illustrated listing of thousands of records in several categories released between 1900 and 1965 in alphabetical order with pricing **Recording the Beatles** Kevin Ryan, Brian Kehew, 2006 A detailed look at every piece of studio gear used full explanations of effects and recording processes and an inside look at how specific songs were recorded Penny Lane's Anthology Terry Rowan, 2015-03-31 The Beatles reflected the times as they captivated the world over This book has been put together in the hopes of stirring fond memories in a few of those Beatlemaniases who are as much a part of this story as the four young Beatles were Always updated with new CDs prices and recent information Throughout the years they've remained in the public eye as much as when they were together This is a story of The Beatles together and their careers through the post Beatle years A comprehensive price guide of all their records together and their solo careers from around the globe Stories never told before which makes this the Ultimate Beatles Price Guide Updated yearly All You Need is Love **Goldmine Record Album Price Guide** Martin Popoff, 2009-09-08 Whether you're cleaning out a closet basement or attic full of records or you're searching for hidden gems to build your collection you can depend on Goldmine Record Album Price Guide to help you accurately identify and appraise your records in order to get the best price Knowledge is power so power up with Goldmine 70 000 vinyl LPs from 1948 to present Hundreds of new artists Detailed listings with current values Various artist collections and original cast recordings from movies televisions and Broadway 400 photos Updated state of the market reports New feature articles Advice on buying and selling Goldmine Grading Guide the industry standard Media Review Digest C. Edward Wall, 2006 **But is it Garbage?** Steven L. Hamelman, 2004 Trash has been blowing across the rock n roll landscape since the first amplified guitar riff tore through American mass culture Throwaway tunes wasted fans crappy reviews junk bins of remaindered albums much of rock's quintessence is handily conveyed in terms of disposability and impermanence Steven L Hamelman sums up these rubbishy affinities as rock's trash

trope Trash is an obvious physical presence on the rock scene think of Woodstock s littered pastures or the many hotel rooms redecorated by the Who More intriguingly Hamelman says trash is the catalyst for a powerful mode of rock composition and criticism It is for instance both cause and effect when performers like the Ramones or Beck at once critique junk culture and revel in it But Is It Garbage spills over with challenging insights into how rock s creators critics and consumers transform and are transformed by trash as a fact and a concept In the music s preoccupation with its own trashiness readers will perceive a wellspring of rock innovation and inspiration one largely overlooked and little understood until now **Beatles For Sale** John Blaney,2008-05-05 Beatles For Sale presents a fresh look at the history of the most important group of the popular music era This is a story of naivety and greed inexperience and luck gullibility and ingenuity of the way The Beatles made and lost money and how virtually every group since has followed in their footsteps **Fab Four FAQ 2.0** Robert Rodriguez,2010-03 In the years following the 1960s Beatles fans around the world were twice stunned in 1970 when their beloved group disbanded and ten years later when the murder of John Lennon ended a decade of hope that somehow the Fab Four would reunite Between those milestones were astounding highs and unfathomable lows George Harrison s 1971 benefit for the suffering of Bangladesh showed the world the possibilities of rock s altruism while Lennon asked the world to imagine universal peace before sitting out half the decade to raise his son Ringo Starr the most overlooked Beatle carved himself a surprising niche in film before launching a string of hit singles And Paul McCartney widely seen as the instigator of the breakup became one of rock s most beloved performers racking up record breaking smashes that climaxed with a triumphant world tour in 1976 This book covers everything from their recording careers in the decade after the band s dissolution to the musicians they played with the bands they influenced the manifestations of latter day Beatlemania and the constant clamour for reunion expressed by fans and sometimes by the four themselves Magic Circles Devin McKinney,2003 No one expressed the heart and soul of the Sixties as powerfully as the Beatles did through the words images and rhythms of their music In Magic Circles Devin McKinney uncovers the secret history of a generation and a pivotal moment in twentieth century culture He reveals how the Beatles enacted the dream life of their time and shows how they embodied a kaleidoscope of desire and anguish for all who listened hippies or reactionaries teenage fans or harried parents Bob Dylan or Charles Manson The reader who dares to re enter the vortex that was the Sixties will appreciate perhaps for the first time much of what lay beneath the social trauma of the day Delving into concerts and interviews films and music outtakes and bootlegs Devin McKinney brings to bear the insights of history aesthetics sociology psychology and mythology to account for the depth and resonance of the Beatles impact His book is also a uniquely multifaceted appreciation of the group s artistic achievement exploring their music as both timeless expression and visceral response to their historical moment Starting in the cellars of Liverpool and Hamburg and continuing through the triumph of Beatlemania the groundbreaking studio albums and the last brutal sorrowful thrust of the White Album Magic Circles captures both the dream and the reality of four extraordinary

musicians and their substance as artists At once an entrancing narrative and an analytical montage the book follows the drama comedy mystery irony and curious off ramps of investigation and inquiry that contributed to one of the most amazing odysseys in pop culture
