National Magazine ,1913 *The National Magazine* ,1912 *Teenage Hobo* Robert S. Weil,2011-09-13 Three young boys found life thrusting the need of survival during difficult experiences which people twenty or thirty years older may never face The experiences they faced daily were unexpected and extremely hazardous Each event could have resulted in their conquest or end of life The ages in development of lifes fortitude were with these boys Two of these boys were my younger brothers Jack and David I was the ripe old age of fourteen at the time the events took place during the summer of 1941 Jack was two years younger twelve David was exactly four years younger than I ten David had been born on my birthday as I had

been born on our dad's birthday Each day into the trip began with a fog of apprehension obscuring any warmth of the morning sunrise For about thirty days this apprehension was repeated The exhausting trudge of walking alongside many miles of highways The fear of what might occur while riding within noisy freight train boxcars The wonder if we would indeed make the thousands of miles to our goal of rejoining our unknowing mother in Los Angeles All these periods of concern would be with me I would hope I would be able to conceal these feelings from my brothers I knew they too must be exhausted but we had to move on we had to succeed I also knew Mother would be angry when she found out about what we had done She would not be mad Dogs get mad people get angry The emotions of young people as we were did contain periods of fear and painful discomfort As time rolled by the world began to appear to pass in slow motion I felt we were not of the same world that we were dragging ourselves through I wondered if this was my punishment in hell for the many wrong deeds in my past If so why were my brothers being subjected to this same misery

Open 25 Hours Tom Slattery,2000-09-07 Perhaps a little unsettling perhaps a little weird perhaps a little ghastly perhaps a little scientifically questioning but easy to read entertaining fun short stories that will charm you while leaving you with time and energy to pursue more serious things in life The book opens with a story about lonely ghosts in a town in Germany Another is about the ghost of a Japanese samurai trying a little too hard to get into samurai heaven One is about a near alien abduction in a small town in the American West One is about a military scientist who invents a scent that makes people submissive and aids ants in taking over the world or is it his guilt Another concerns a spy with multiple sclerosis trying to hide his illness and his encounter in a German town with something from beyond And one is about a spore that comes to earth in a meteorite impact in Nevada and delivers a timely message to the inhabitants of our small blue planet

day six years ago when he disappeared on a search and rescue mission in the Sierra foothills Sitting atop the shattered crystal a small silver cigar lighter glistens in the beam of her flashlight Gently she returns the Victorian piece to the shelf What does it mean that something she and Ted her ex fianc bought together survived when Alex s beautiful glass is smashed to dust Ann tells herself that it doesn t mean anything more than glass breaks and silver doesn t Sara Jane McConaughy has never experienced a strong earthquake and as her father comforts his 16 year old daughter his mind is flooded with memories of the Northridge quake in 1994 He was living with his fianc e his ex fianc e and even after all these years he doesn t know what caused the split but he always loved her And he d been sure she loved him Volunteering with the American Red Cross in the aftermath of the earthquake brings Ann and Ted face to face for the first time since their break up twenty years ago Angry flustered excited and bewildered by Ted s sudden appearance and unusual behavior while she s teaching a small group of people relaxing exercises Ann demands he leave Just as excited and bewildered Ted rushes away His exit leaves both of them wondering about everything The earthquake or is it seeing Ann ignites a series of recurring dreams peopled by total strangers in places Ted has never been Accompanied by short lapses of time and sleepwalking the dreams take a heavy toll on his waking hours Sara Jane s concern sends Ted on a quest to discover the cause and find a cure When all medical possibilities are exhausted he turns to a colleague whose diagnosis leaves Ted more baffled than ever Tom Alderman believes that the dreams are memories of past lives The lives live in his subconscious and the cure is hypnotherapy After several months of suffering with these increasingly emotional recurring dreams Ted turns to Ann for help One of Ann s specialties is hypnotherapy and since he must be able to trust the hypnotist Ann is his only salvation Ann s agreement to try and help at the urging of a mutual friend sends her carefully regimented and calm life into complete turmoil The garden gate they pass through together sends them on a journey that defies time and reason forcing them to rethink their past present and future Now each must reconsider their capacity for love and forgiveness Things are not always what they seem Serial 1[-9] United States.
