Buildings, and Emergency
Management**

Guide Regional Economies Create Differences:

Handbook on Regional Economic Resilience Gillian Bristow, Adrian Healy, 2020-02-28 This Handbook provides a collection of high quality contributions on the state of the art in current debates around the concept of regional economic resilience It provides critical contributions from leading authors in the field and captures both key theoretical debates around the meaning of resilience its conceptual framing and utility as well as empirical interrogation of its key determinants in different international contexts

Running the Numbers: A Practical Guide to Regional Economic and Social Analysis: 2014 John Quinterno, 2014-12-18 Through use of practical examples and a plainspoken narrative style that minimises the use of maths this book demystifies data concepts sources and methods for public service professionals interested in understanding economic and social issues at the regional level By blending elements of a general interest book a textbook and a reference book it equips civic leaders public administrators urban planners nonprofit executives philanthropists journalists and graduate students in various public affairs disciplines to wield social and economic data for the benefit of their communities While numerous books about quantitative research exist few focus specifically on the public sector Running the Numbers in contrast explores a wide array of topics of regional importance including economic output demographics business structure labour markets and income among many others To that end the book stresses practical applications minimises the use of maths and employs extended chapter length examples that demonstrate how analytical tools can illuminate the social and economic workings of actual American regions

Rocky Mountains Regional Plan Standards and Guidelines ,1983

Handbook of Research on Special Economic Zones as Regional Development Enablers Figueiredo, Paulo Guilherme, Leandro, Francisco José, Li, Yichao, 2021-10-15 Special economic zones SEZs are important doorways for countries to attract foreign investment and promote trade A strong correlation between the creation of SEZs and economic development indicators has also been identified in previous studies at the municipal level in China Thus the fundamental question that needs to be explored is to what extent SEZs can play the role of development enablers in different regions development states and institutional settings The Handbook of Research on Special Economic Zones as Regional Development Enablers discusses the diverse and international track records in the implementation of SEZs the interplay of SEZ models and local institutional infrastructure and stakeholders and the SEZ models that can best fit certain development states and or settings Covering topics such as the Belt and Road Initiative local and national economies and regional integration this book is essential for government officials development officers scholars students researchers entrepreneurs public decision makers aid agencies company executives investors and academicians

Handbook of Local and Regional Development Andy Pike, Andres Rodriguez-Pose, John Tomaney, 2010-11-17 The Handbook of Local and Regional Development provides a comprehensive statement and reference point for local and regional development The scope of this Handbook s coverage and contributions engages with and reflects upon the politics and policy of how we think about and practise local

and regional development encouraging dialogue across the disciplinary barriers between notions of local and regional development in the Global North and development studies in the Global South This Handbook is organized into seven inter related sections with an introductory chapter setting out the rationale aims and structure of the Handbook Section one situates local and regional development in its global context Section two establishes the key issues in understanding the principles and values that help us define what is meant by local and regional development Section three critically reviews the current diversity and variety of conceptual and theoretical approaches to local and regional development Section four address questions of government and governance Section five connects critically with the array of contemporary approaches to local and regional development policy Section six is an explicitly global review of perspectives on local and regional development from Africa Asia Pacific Europe Latin America and North America Section seven provides reflection and discussion of the futures for local and regional development in an international and multidisciplinary context With over forty contributions from leading international scholars in the field this Handbook provides critical reviews and appraisals of current state of the art conceptual and theoretical approaches and future developments in local and regional development

Guidance for Communicating the Economic Impacts of Transportation Investments Hagler Bailly Services, Inc,National Cooperative Highway Research Program,1999

The Americans ,2003

MEZZOECONOMICS Chen Yunxian,Gu Wenjing,2018-05-15 This monograph consists of six major parts elaborating on basic aspects of mezzoeconomics the theory of regional government foresighted leading the dual role theory of regional government the dual entity theory of regional government the double strong mechanism theory and the theoretical configuration of mezzoeconomics as well as the prospects for its development It gives a full exposition of the core issues approaches and methodological principles of mezzoeconomic researches their breakthrough improvements upon traditional economic theorization and the broad prospects for innovative practices This monograph fills up a blank in the theoretical system of modern economics and signifies a substantial amelioration of the theorization of modern market economy It demonstrates through forceful exemplification and argumentation that there exists in between microeconomics represented by the enterprise and macroeconomics represented by the state mezzoeconomics represented by regional government in the system of modern economics and that both enterprises and regional governments are entities of market competition in the modern market theory which remedies the theoretical defects in traditional economic and market theories and redefines the theories of modern economics and modern market economy

The Oxford Handbook of International Commercial Policy Mordechai E. Kreinin,Michael G. Plummer,2012-05-31 This volume of contributions from some of the world s best known international trade economists explores and analyzes the various aspects of commercial policy in a way that standard texts in international economics do not It does this in two parts the first part covers general approaches to commercial policy including theoretical institutional historical and empirical contributions

while the second part is comprised of country specific and regional applications including a series of case studies of key players in the international trading system and emerging markets

Demographic Transition, Labour Markets and Regional Resilience Cristina Martinez, Tamara Weyman, Jouke van Dijk, 2017-10-31 This book discusses the question of how a regional economy can develop under the influence of an ageing and declining population and how regional development policies can help make labor markets more resilient and more inclusive As the greatest impacts of demographic change and policy and fiscal challenges can be observed at the local level examples from European North American and Asian regions are combined to present a comprehensive global range of strategic solutions from different policy contexts The book shows how institutions organizations and communities can enhance their pathways for sustainable development through the intelligent management of their demographic transition and offers a synthesis of valuable lessons and strategies

Focus on U.S. History Kathy Sammis, 1997 Early colonists Colonial conflicts and Native Americans Rise of individualism and the seeds of democracy Religious diversity and freedom Social and cultural life Colonial economy Rise of slavery Reproducible student activities cover colonial experiences including interaction with Native Americans family and social life the beginnings of slavery and the seeds democracy

The DAC Guidelines Strengthening Trade Capacity for Development OECD, 2001-10-29 These Guidelines help developing countries enhance their capacity to trade and participate more effectively in the international rule making and institutional mechanisms that shape the global trading system They also provide a common reference point for the trade aid and finance communities
