whole Marchal asks how this letter fits with types of argumentation in Greco Roman culture moving then into a detailed sketch of the rhetorical patterns in the letter from unity and sameness to hierarchy and modeling Feminist and empire critical approaches are presented alongside more traditional assumptions and ideas throughout signaling how choices in approach and starting points have historically affected the scholarly visions and communal uses for Philippians In the final chapter the letter is put to a series of atypical uses as the insights of queer theories are brought into surprising interaction with the arguments in the letter Tarrying over unmentionable ideas and provocative moments that readers typically race past this chapter takes the reader from the hierarchical heights of a cosmic Christ to the depths of excrement being emptied from the same body from the arguments of waste to revealing asides about human waste and feminine lack The performative power and possibilities of Paul s letters has never been stranger nor more subversive of the too often destructive and dehumanizing uses of biblical images ideas and arguments
