and IED engineering capabilities as well as complete systems as a means to transfer the syntax and semantic of project specific messages between communicating IEDs possibly of different vendors in an interoperable way at least between the IED engineering tools, if not directly to an IED. For sure Edition 2 fixes errors, inconsistencies and unclarities of Edition 1. Further, there are additions to ~~partially~~ overcome problems experienced with Edition 1, due to new functionality needed for other application areas. For backwards compatibility all additions are optional.
