Guided Imagery Exercises

to help your students with self-regulation

Special Memory. Encourage students to draw a picture and/or tell the story of a special memory from their past that brings comfort or joy.

Safe Place. Have students imagine what their ideal safe space would look like and then draw it or write about it.

Protective Shield. Invite students to imagine and draw themselves with a protective shield or force field around themselves. Encourage youth to imagine these things any time they feel they need protection.

Hero. Invite students to create a superhero equipped with whatever super powers are desired or needed.

Future Self. Encourage students to imagine their future, positive selves and then draw that person.

storytelling and hands on activities to create a positive and effective learning experience for both you and your children We aim to equip you with the confidence and tools to not only impart knowledge but also to cultivate lifelong habits that contribute to your child s overall well being and success Remember nurturing a healthy mind and body is an investment in a brighter future

Anxiety-Free Kids Bonnie Zucker,2021-09-03 *Anxiety Free Kids* 2nd ed offers parents strategies that help children become happy and worry free methods that relieve a child s excessive anxieties and phobias and tools for fostering interaction and family oriented solutions Using a unique companion approach that offers two books in one a practical reader friendly book for parents and a fun workbook for kids this solutions oriented guide utilizes the cognitive behavioral approach to therapy and integrates the parent in the child s self help process Research has shown that if left untreated children with anxiety disorders are at higher risk to perform poorly in school to have less developed social skills and to be more vulnerable to substance abuse Covering the six most commonly occurring anxiety disorders generalized anxiety separation anxiety specific phobias social phobias panic disorder and obsessive compulsive disorder this book gives kids and parents successful strategies for achieving relaxation conquering worries challenging faulty thinking patterns developing positive self talk and facing one s fears Educational Resource

Integrating Expressive Arts and Play Therapy with Children and Adolescents Eric J. Green,Athena A. Drewes,2013-10-21 Interventions and approaches from the expressive arts and play therapy disciplines *Integrating Expressive Arts and Play Therapy With Children and Adolescents* presents techniques and approaches from the expressive and play therapy disciplines that enable child and adolescent clinicians to augment their therapeutic toolkit within a competent research based practice With contributions representing a who s who in the play therapy and expressive arts therapy worlds *Integrating Expressive Arts and Play Therapy With Children and Adolescents* is the definitive bridge between expressive arts and play therapy complementarily utilized with children and adolescents in their healing and creative capacities

Quirky Kids Perri Klass,Eileen Costello,2007-12-18 The toddler whose tantrums scare all the other kids on the playground The three year old who ignores all his toys but seems passionately attached to the vacuum cleaner The fourth grade girl who never gets invited to a birthday party because classmates think she s weird The geek who is terrific at math but is failing every other subject *Quirky children* are different from other kids in ways that they and their parents and teachers have a hard time understanding or explaining Straddling the line between eccentric and developmentally impaired quirky children present challenges that standard parenting books fail to address Now in *Quirky Kids* nationally known writer pediatrician Perri Klass and her colleague Eileen Costello a seasoned pediatrician with a special interest in child development finally provide the expert guidance and in depth research that families with quirky children so desperately need A generation ago such children were called odd ducks or worse But nowadays they are often assigned medical psychiatric or neurological diagnoses The diagnoses often overlap or shift but the labels can be frightening Klass and Costello illuminate the confusing list of terms applied to quirky children these days nonverbal learning disability sensory

integration disorder obsessive compulsive behavior autistic spectrum disorder pervasive developmental disorder Asperger s syndrome and explain how to assess what exactly each diagnosis means and how to use it to help a child most effectively Quirky Kids takes you through the stages of a child s life helping to smooth the way at home at school even on the playground How do you make it through mealtime when emotions often erupt How do you help the child s siblings understand what s going on Is it better to mainstream the child or seek a special education program How can you make a school more welcoming and flexible for a quirky child How do you help your child deal with social exclusion name calling and bullying Choosing the right therapy for quirky children is especially difficult because their problems fall outside traditional medical categories Coping strategies might include martial arts or horseback riding or speech and occupational therapies Klass and Costello cover all the options as well as offer a thorough consideration of the available medications how they work and whether medication is the best choice for your child Drs Klass and Costello firmly believe that the ideal way to help our quirky kids is to understand and embrace the qualities that make them exceptionally interesting and lovable Written with upbeat clarity and informed insight their book is a comprehensive guide to loving living with and enjoying these wonderful if challenging children From the Hardcover edition

Sensory Activities for Kids with Autism and ADHD Nora Winslow ,

Are you searching for a resource that will not only support your child s growth but also make learning an enjoyable experience Sensory Activities For Kids with Autism they promote real progress Each game and exercise can be customized based on your child s preferences and developmental level Instead of being just time fillers these exercises help your child build valuable life skills that make every day experiences smoother and more fulfilling Here s a glimpse of the key areas covered in this workbook

Sensory Processing For children who might be overly sensitive or under responsive to sensory stimuli these activities help balance their sensory experiences Think sensory bins textured play materials and calming techniques to regulate input

Social Skills Activities like role playing and group games make it easier for children to practice social interaction empathy and turn taking all within a secure and engaging environment

Invest in a resource designed for your child's unique needs and watch them flourish in ways you never thought possible.

Parenting Better Children Jennifer Wilke-Deaton, MA, LPA, 2014-10-01

Parenting Better Children is an all-in-one package to manage behavior before it becomes clinically significant. Author Jennifer Wilke-Deaton has gone back to the basics and provides a fresh start to develop a new set of building blocks detailing an 8-week course that includes straightforward teaching methods, outlines, and handouts for skills training and troubleshooting solutions. New tools for positive behavioral management and emotional regulation. Recognizing escalation and what to do about it. Reversing the negative impact of video games and aggressive media. Creating healthy communication. Establishing routines. Strategies keying on CBT and DBT. Effective attachment relationship building between children, parents, school staff. Support planning for children and families that lasts long after group time has ended. Easy to read and highly practical, an invaluable resource for parents, clinicians, school staff, and other professionals working with challenging behaviors.

Reviews: I love her simple, concrete examples that make even the most complex parent-child interactions accessible and doable. Brian R. King, LCSW, author of *The Perfect Moments in Relationships: Lessons in Connection for Work, Family, Love, and Life*. Weaving together her practical clinical experience and current research, Jennifer provides cleanly organized parenting strategies for both parents and clinicians. L. C. Jones, Attorney, Juvenile Specialist. Her step-by-step Parenting Course takes the reader through a well-organized, easy-to-apply program. A fantastic resource. Susan P. Epstein, LCSW, Author of *55 Creative Approaches for Challenging/Resistant Children/Adolescents*. Jennifer has hit a home run with this practical blueprint for improving parental success. She has standardized the basics and still managed to leave room for flexibility so families can adapt lessons to meet needs. Hasan Davis, J.D., Former Commissioner of Kentucky Department of Juvenile Justice and Child and Family Advocate.
