Heaven To Eden Heaven To Eden:

From Eden to Heaven Kelly Pigott, 2018 **John Clare's Religion** Sarah Houghton-Walker, 2016-05-06 Addressing a neglected aspect of John Clare's history Sarah Houghton Walker explores Clare's poetry within the framework of his faith and the religious context in which he lived While Clare expressed affection for the Established Church and other denominations on various occasions Houghton Walker brings together a vast array of evidence to show that any exploration of Clare's religious faith must go beyond pulpit and chapel Phenomena that Clare himself defines as elements of faith include ghosts witches and literature as well as concepts such as selfhood Eden eternity childhood and evil Together with more traditional religious expressions these apparently disparate features of Clare's spirituality are revealed to be of fundamental significance to his poetry and it becomes evident that Clare's experiences can tell us much about the experience of religion faith and belief in the period more generally A distinguishing characteristic of Houghton Walker's approach is her conviction that one must take into account all aspects of Clare's faith or else risk misrepresenting it Her book thus engages not only with the facts of Clare's religious habits but also with the ways in which he was literally inspired and with how that inspiration is connected to his intimations of divinity to his vision of nature and thus to his poetry Belief mediated through the idea of vision is found to be implicated in Clare's experiences and interpretations of the natural world and is thus shown to be critical to the content of his verse **Heaven's Song: Sexual Love As It Was Meant to Be** Christopher West, 2014-06-26

The Origin and Formation of the Gospel Yoseop Ra, 2015-02-19 This book shows readers the nature of Christian faith by exploring how the gospel was originated formed and developed As author Yoseop Ra demonstrates the Christian faith began to develop during the conflict between Paul and the Jerusalem apostles while the redemptive death of Jesus Christ on the cross the core of the gospel was made through theological interpretation and spiritual confession The Origin and Formation of the Gospel offers new interpretations based on a profound analysis of sources First author Yoseop Ra shows Q to have been redacted four times Second he identifies the original form of the first Christian gospel and separates Paul's seven genuine epistles into sixteen letters Finally Ra offers an
