Hegel And The Ontological Critique Of Liberalism:

Hegel's Critique of Liberalism Steven B. Smith,1991-09-10 In Hegel s Critique of Liberalism Steven B Smith examines Hegel s critique of rights based liberalism and its relevance to contemporary political concerns Smith argues that Hegel reformulated classic liberalism preserving what was of value while rendering it more attentive to the dynamics of human history and the developmental structure of the moral personality Hegel s goal Smith suggests was to find a way of incorporating both the ancient emphasis on the dignity and even architectonic character of political life with the modern concern for freedom rights and mutual recognition Smith s insightful analysis reveals Hegel s relevance not only to contemporary political philosophers concerned with normative issues of liberal theory but also to political scientists who have urged a revival of the state as a central concept of political inquiry **Hegel's Idea of the Good Life** Joshua D.

Goldstein,2005-10-13 In Hegel s Idea of the Good Life Joshua D Goldstein presents the first book length study of the development and meaning of Hegel s account of human flourishing This volume will be welcomed by philosophers and political theorists seeking to engage with the details of Hegel s early and mature social thought By bringing Hegel s earliest writings into dialogue with his Philosophy of Right Goldstein argues that Hegel s mature political philosophy should be understood as a response to his youthful failure to build a sustainable account of the good life upon the foundations of ancient virtue This study reveals how Hegel s mature response integrates ancient concerns for the well ordered life and modern concerns for autonomy in a new robust conception of selfhood that can be actualized across the full expanse of the modern political community *Ibss: Political Science: 1997* British Library of Political and Economic Science,1999-01-14

Provides an unrivalled overview of intellectual development in political science **Behemoth** Irving Horowitz,2017-10-19 The title Behemoth derives from the Hebrew word Behemah a beast an enormous creature monstrously huge and vast It is an apt description of the State on the eve of the twenty first century Loved by few vilified by many from all perspectives it nonetheless continues to grow by turns rivaling and co opting that more pleasant sounding word Society Political sociology aims to define and understand the interrelationship between these two huge terms State and Society Continuing in a path begun by Horowitz in the 1950s in *The Idea of War and Peace in Contemporary Social and Philosophical Thought* expanded upon in the 1970s with *Foundations of Political Sociology* this summing up in the late 1990s is an effort to extract and evolve the canon of political sociology Starting with Montesquieu Horowitz proceeds through the European experience of Rousseau Tocqueville Hegel Marx Durkheim Sorel and Weber He then takes the field on its tangled migration to America with the Frankfurt School in exile followed by searching chapters on Schumpeter Mills Arendt and Huntington among others The result is a stunning revaluation of the intellectual sources of the present day divisions between statists and socialists welfarists and individualists advocates of dictatorship and of democracy mandated rules and voluntary association hard realists and soft utopians a world without states and a world with a single state Horowitz does not offer the usual

evolutionary notion of doctrines but a canon embedded in and embattled with the societies they aim to serve or overthrow in the present as in the past The result is a major recasting of the theory and practice of social science and normative frameworks The final chapter offers Horowitz s own prognosis of what we can expect in the recasting of the Welfare State to include the Welfare Society and its growing nemesis the global economy which threatens to engulf State and Society alike in a return to civilizational concerns This is an essential text for policy makers and social scientists interested in macroscopic changes in the political order

The Radical Critique of Liberalism Toula Nicolacopoulos,2008 There are many books about liberalism but no defence of radical critique that treats liberal theory with the depth breadth and intensity of this work Rigorously examining Rawls Waldron Larmore and Kymlicka the book demonstrates that an adequate appreciation of the deep structural flaws of liberal theory presupposes the application of a critical philosophical methodology that has the power to reveal the systemic interconnections within and between the varieties of liberal inquiring practices

The Senate and the People of Canada James T. McHugh,2017-09-20 The Senate of Canada is the upper house of its parliamentary system It is an appointed legislative chamber that has been frequently derided for its apparent lack of effective activity its failure to represent Canada s federal system and the perceived lack of accountability among its members Reform of the Senate persists as one of the most contentious issues in the country Typical reform proposals begin with the assumption that it must become an elected body that primarily represents Canada s provinces and can serve as an effective check on the federal government and the House of Commons This book challenges those assumptions through a thorough analysis that places the Senate within the context of other parliamentary upper houses It presents a hypothetical constitutional amendment and a proposal for non constitutional reform that are based upon alternative models derived from that broader context The book ultimately recommends a Senate that remains unelected but with a more expansive appointment process that more appropriately reflects the optimal role of a parliamentary upper house as well as the diversity regional aspirations and political principles of Canadian democracy

Social Ontology of Whoness Michael Eldred,2018-10-26 How are core social phenomena to be understood as modes of being This book offers an alternative approach to social ontology Recent interest in social ontology on the part of mainstream philosophy and the social sciences presupposes from the outset that the human being can be cast as a conscious subject whose intentionality can be collective By contrast the present study insistently poses the crucial question of who the human being is and how they sociate as whos Such whoness is a clean cut departure from the venerable tradition of questioning whatness quidditas essence in philosophical thinking Casting human being hermeneutically as whoness opens up new insights into how human beings sociate in interplays of mutual estimation that are simultaneously social power plays Hitherto the ontology of social power in all its various guises has only ever been implicit This book makes it explicit The kind of social power prevalent in capitalist societies is that of the reified value embodied in commodities money capital co Reified value itself is constituted through an interplay of mutual estimation among things that reflects back on the

power interplay among whos In this way a new critique of capitalism becomes possible

Hegel and the Frankfurt School Paul Giladi,2020-12-22 This collection of original essays discusses the relationship between Hegel and the Frankfurt School Critical Theory tradition The book s aim is to take stock of this fascinating complex and complicated relationship The volume is divided into five parts Part I focuses on dialectics and antagonisms Part II is concerned with ethical life and intersubjectivity Part III is devoted to the logico metaphysical discourse surrounding emancipation Part IV analyses social freedom in relation to emancipation Part V discusses classical and contemporary political philosophy in relation to Hegel and the Frankfurt School as well as radical democratic models and the outline and functions of economic institutions

Hegel's Metaphysics and the Philosophy of Politics Michael J. Thompson,2018-04-27 The renaissance in Hegel scholarship over the past two decades has largely ignored or marginalized the metaphysical dimension of his thought perhaps most vigorously when considering his social and political philosophy Many scholars have consistently maintained that Hegel s political philosophy must be reconstructed without the metaphysical structure that Hegel saw as his crowning philosophical achievement This book brings together twelve original essays that explore the relation between Hegel s metaphysics and his political social and practical philosophy The essays seek to explore what normative insights and positions can be obtained from examining Hegel s distinctive view of the metaphysical dimensions of political philosophy His ideas about the good the universal freedom rationality objectivity self determination and self development can be seen in a new context and with renewed understanding once their relation to his metaphysical project is considered Hegel s Metaphysics and the Philosophy of Politics will be of great interest to scholars of Hegelian philosophy German Idealism nineteenth century philosophy political philosophy and political theory

Hegel's Phenomenology and Foucault's Genealogy Evangelia Sembou,2016-04-22 Previously considered two different strands within continental thought this book compares and contrasts Hegel s phenomenology and Foucault s genealogy contending that in spite of their differences these approaches share important commonalities most notably in the manner in which they dispense with distinctions between subject and object theory and praxis mind and body and reason and nature thus pointing the way to a form of social and political theorizing without presuppositions Considering the possibility of developing a dialectical approach of phenomenology and genealogy this volume develops our understanding of critical theory whilst engaging in debates concerning truth and knowledge in the philosophy of the social sciences A rich exploration of the significance and implications of Hegel s phenomenology and Foucault s genealogy for the social sciences it will be of interest to philosophers as well as to social and political theorists

Hegel's Philosophy Of Politics Harry Brod,2019-04-05 This valuable book makes a significant contribution to the current revival of interest in Hegel Brod demonstrates the central unifying role the collective historical social consciousness plays in Hegel s thought But far from leading to totalitarian conclusions this emphasis upon the social actually leads Hegel toward a third way between the an

Hegel and the Metaphysical Frontiers of Political Theory Eric Lee

Goodfield,2014-06-27 For over one hundred and fifty years G W F Hegel s ghost has haunted theoretical understanding and practice His opponents first and later his defenders have equally defined their programs against and with his In this way Hegel s political thought has both situated and displaced modern political theorizing This book takes the reception of Hegel s political thought as a lens through which contemporary methodological and ideological prerogatives are exposed It traces the nineteenth century origins of the positivist revolt against Hegel s legacy forward to political science s turn away from philosophical tradition in the twentieth century The book critically reviews the subsequent revisionist trend that has eliminated his metaphysics from contemporary considerations of his political thought It then moves to re evaluate their relation and defend their inseparability in his major work on politics the Philosophy of Right Against this background the book concludes with an argument for the inherent metaphysical dimension of political theorizing itself Goodfield takes Hegel s reception representation as well as rejection in Anglo American scholarship as a mirror in which its metaphysical presuppositions of the political are exceptionally well reflected It is through such reflection he argues that we may begin to come to terms with them This book will be of great interest to students scholars and readers of political theory and philosophy Hegel metaphysics and the philosophy of the social sciences *Hegel and the History of Political Philosophy*

Gary Browning,1999-02-26 This book relates Hegel to preceding and succeeding political philosophers The Hegelian notion of the interdependence of political philosophy and its history is demonstrated by the links established between Hegel and his predecessors and successors Hegel s political theory is illuminated by essays showing its critical assimilation of Plato and Hobbes and by studies reviewing subsequent critiques of its standpoint by Stirner Marx and Collingwood The relevance of Hegel to contemporary political philosophy is highlighted in essays which compare Hegel to Lyotard and Rawls History of Political Thought ,2004 *Social Ontology*

Michael Eldred,2013-05-02 Freedom value power justice government legitimacy are major themes of the present inquiry It explores the ontological structure of human beings associating with one another the basic phenomenon of society We human beings strive to become who we are in an ongoing power interplay with each other Thinkers called as witnesses include Plato Aristotle Anaximander Protagoras Hobbes Locke Adam Smith Hegel Marx Schopenhauer Heidegger Schumpeter Hayek Schmitt Ernst J nger et al **Marx and Alienation**

Sean Sayers,2011-07-12 The concepts of alienation and its overcoming are central to Marx s thought They underpin his critique of capitalism and his vision of future society Marx s ideas are explained in rigorous and clear terms They are situated in the context of the Hegelian ideas that inspired them and put into dialogue with contemporary debates Rethinking Liberalism

Richard Bellamy,2005-03-15 This book explores liberalism s past and present transformations and proposes a prospective future as a neo republican democratic liberalism Bellamy engages with theorists of liberalism from J S Mill through T H Green Guido De Ruggiero Carl Schmitt and Joseph Schumpeter to F A Hayek John Rawls and Michael Walzer He contends that the pluralism and complexity of modern societies have undermined liberalism s communitarian and ethical assumptions Studies of the Poll

Tax fiasco in Britain and of the constitutional dilemmas posed by the European Union confirm the contemporary inadequacies of traditional conceptions of liberal democracy Drawing on Max Weber Bellamy advocates a return to a Machiavellian approach to politics to resolve the clashes resulting from competing values within complex situations Unlike Weber however he concentrates on the republican and democratic aspects of Machiavelli's thought He proposes a republican strategy whereby the political dispersal of power constrains any ideal or interest from dominating another Instead everyone must seek mutually acceptable compromises The essays in *Rethinking Liberalism* map a passage from the liberal democratic norms and forms characteristic of nineteenth century nation states to an agnostic democratic liberal politics suitable for the transnational and plural societies of the new millennium **Hegel's Theory of Recognition** Sybil S.C.

Anderson, 2011-10-27 Since the 1960s New Left emancipatory movements have claimed that women ethnic minorities gays and lesbians and other groups are oppressed Some liberal theorists have treated their demands for equality as matters of toleration of securing by law the equal treatment of cultures and conceptions of the good However much more is involved Also at stake are conceptions of identity differences that inform social practices and perpetuate inequalities that are beyond the reach of legislation This book outlines an alternative approach to a liberal politics of difference Sybil Anderson begins by constructing a definition of oppression that illuminates from a liberal perspective its salient features Exposing the limits of toleration as a response Anderson reaches beyond it for a viable concept of recognition Hegel's theory of recognition proves an indispensable resource in this endeavor Anderson concludes contrary to recent critics of Hegelian recognition that Hegel's theory can successfully guide modern liberal states toward the achievement of social equality **Marxism and the Good Society** John P. Burke, Lawrence Crocker, Lyman H. Legters, 2011-03-03 These 1981 essays examine the problems that have arisen from attempts to implement Marx's critical theory to which the concept of the good society is central As long as socialist regimes continue to invoke Marx they subject themselves to the norms contained within Marx's understanding of freedom in a community *Hegel Myths and Legends* Jon Stewart, 1996-05-13 For over thirty years Hegel scholars have known that many of the views of Hegel rife in the Anglo Saxon world are highly inaccurate The essays collected in this volume show the myths and legends to be just that The author has selected a set of essays that treat and effectively debunk the various Hegel myths and legends Divided into sections addressing the various myths and augmented by Stewart's informative introduction and a bibliography this collection should be of interest to scholars and nonspecialists alike

Hegel And The Ontological Critique Of Liberalism Introduction

In this digital age, the convenience of accessing information at our fingertips has become a necessity. Whether its research papers, eBooks, or user manuals, PDF files have become the preferred format for sharing and reading documents. However, the cost associated with purchasing PDF files can sometimes be a barrier for many individuals and organizations. Thankfully, there are numerous websites and platforms that allow users to download free PDF files legally. In this article, we will explore some of the best platforms to download free PDFs. One of the most popular platforms to download free PDF files is Project

Gutenberg. This online library offers over 60,000 free eBooks that are in the public domain. From classic literature to historical documents, Project Gutenberg provides a wide range of PDF files that can be downloaded and enjoyed on various devices. The website is user-friendly and allows users to search for specific titles or browse through different categories. Another reliable platform for downloading Hegel And The Ontological Critique Of Liberalism free PDF files is Open Library. With its vast collection of over 1 million eBooks, Open Library has something for every reader. The website offers a seamless experience by providing options to borrow or download PDF files. Users simply need to create a free account to access this treasure trove of knowledge. Open Library also allows users to contribute by uploading and sharing their own PDF files, making it a collaborative platform for book enthusiasts. For those interested in academic resources, there are websites dedicated to providing free PDFs of research papers and scientific articles. One such website is Academia.edu, which allows researchers and scholars to share their work with a global audience. Users can download PDF files of research papers, theses, and dissertations covering a wide range of subjects. Academia.edu also provides a platform for discussions and networking within the academic community. When it comes to downloading Hegel And The Ontological Critique Of Liberalism free PDF files of magazines, brochures, and catalogs, Issuu is a popular choice. This digital publishing platform hosts a vast collection of publications from around the world. Users can search for specific titles or explore various categories and genres. Issuu offers a seamless reading experience with its user-friendly interface and allows users to download PDF files for offline reading. Apart from dedicated platforms, search engines also play a crucial role in finding free PDF files. Google, for instance, has an advanced search feature that allows users to filter results by file type. By specifying the file type as "PDF," users can find websites that offer free PDF downloads on a specific topic. While downloading Hegel And The Ontological Critique Of Liberalism free PDF files is convenient, it's important to note that copyright laws must be respected. Always ensure that the PDF files you download are legally available for free. Many authors and publishers voluntarily provide free PDF versions of their work, but it's essential to be cautious and verify the authenticity of the source before downloading Hegel And The Ontological Critique Of Liberalism. In conclusion, the internet offers numerous platforms and websites that allow users to download free PDF files legally. Whether it's classic literature, research papers, or magazines, there is something for everyone. The platforms mentioned in this article, such as Project Gutenberg, Open Library, Academia.edu, and Issuu, provide access to a vast collection of PDF files. However, users should always be cautious and verify the legality of the source before downloading Hegel And The Ontological Critique Of Liberalism any PDF files. With these platforms, the world of PDF downloads is just a click away.

FAQs About Hegel And The Ontological Critique Of Liberalism Books

How do I know which eBook platform is the best for me? Finding the best eBook platform depends on your reading preferences and device compatibility. Research different platforms, read user reviews, and explore their features before making a choice. Are free eBooks of good quality? Yes, many reputable platforms offer high-quality free eBooks, including classics and public domain works. However, make sure to verify the source to ensure the eBook credibility.
