Then the author explains Jesus's only two commands love God and love one another Finally the author spends time on what to teach others ways in which you and Christ can really dive deep and get to know each other The result is a radically renewed way of thinking about being a disciple not merely an occasional churchgoer and making disciples and life itself and how this concept can shape a way of living that affects every relationship you have This is not some concept that worked only in Jesus's day but one which works today in our world as illustrated and attested to by the author 2 **Making Him**

**God and the Spiritual Tsunami** Kjell Axel Johanson, 2018-06-22 God is clearly at work today There is a cultural political and religious metaphorical tsunami gathering power under the surface of ordinary world events and when it is fully released it will turn the world as we now know it upside down Thousands upon thousands of Muslims Buddhists Hindus and nominal Christians become followers of Jesus Christ every day and the effects are enormous The premises of this book are There is a God and the belief in God is a moral and not an intellectual question God created mankind out of his goodness as his representatives on Earth Since God is by nature good and generous the essence of sin is to doubt this goodness and walk away from him God nonetheless continues to seek man in order to bless him and he has an encompassing plan to accomplish that purpose He began this purpose through his covenant with Abraham and is fulfilling it through Jesus Christ Contemporary evidence of this purpose can be seen clearly in what he is doing right before us We see it in the nation of Israel through the growth of the church and the persecution of the church
