Review of the New York City Watershed Protection Program National Academies of Sciences, Engineering, and Medicine, Division on Earth and Life Studies, Water Science and Technology Board, Committee to Review the New York City Watershed Protection Program, 2021-01-04 New York City's municipal water supply system provides about 1 billion gallons of drinking water a day to over 8.5 million people in New York City and about 1 million people living in nearby Westchester Putnam Ulster and Orange counties. The combined water supply system includes 19 reservoirs and three controlled lakes with a total storage capacity of approximately 580 billion gallons. The city's Watershed Protection Program is intended to maintain and enhance the high quality of these surface water sources. Review of the New York City Watershed Protection Program assesses the efficacy and future of New York City's watershed management activities. The report identifies program areas that may require future change or action including continued efforts to address turbidity and responding to changes in reservoir water quality as a result of climate change. **Atlantic Rim Natural Gas Field Development Project**, 2006

Government Publications, 1984 *Exotic Fruits Reference Guide* Sueli Rodrigues, Ebenezer de Oliveira Silva, Edy Sousa de Brito, 2018-01-05 Exotic Fruits Reference Guide is the ultimate most complete reference work on exotic fruits from around the world. The book focuses on exotic fruit origin, botanical aspects, cultivation and harvest, physiology and biochemistry, chemical composition and nutritional value, including phenolics and antioxidant compounds. This guide is in four color and contains images of the fruits in addition to their regional names and geographical locations. Harvest and post-harvest conservation as well as the potential for industrialization are also presented as a way of stimulating interest in consumption and large-scale production. Covers exotic fruits found all over the world described by a team of global contributors. Provides quick and easy access to botanical information, biochemistry, fruit processing and nutritional value. Features four color images throughout for each fruit along with its regional name and geographical location. Serves as a useful reference for researchers, industrial practitioners and students. *The Relational Dimensions of Weight Management* Lawrence Josephs, 2024-07-25

The Relational Dimensions of Weight Management is a book for nonspecialist psychotherapists of any theoretical orientation to help patients concerned with weight management. Psychotherapy patients use their therapists as sounding boards to help them answer two questions: Do I need to lose weight? And if I do need to lose weight, how should I go about it? Chapters provide therapists with the tools they need to help patients find personalized solutions to their weight loss concerns, to boost their self-image and to deal with the judgment that is sometimes imposed by others, regardless of which weight management approach patients eventually embrace. **Moody's Manual of Railroads and Corporation Securities**, 1924 **Treating Opioid**

Use Disorder in General Medical Settings Sarah E. Wakeman, Josiah D. Rich, 2021-09-13 This book is an invaluable reference for medical practitioners seeking to integrate opioid use disorder OUD treatment into general medical settings including primary care the inpatient hospital and the emergency department It recognizes opioid related deaths in the United States as a significant public health crisis and fills the gap in drug use and addiction treatment knowledge for care providers Timely and concise opening chapters examine the history of OUD pharmacology and treatment as well as the principles of care and treatment Subsequent chapters analyze the shortcomings of current approaches to opioid addiction including the high cost and low value of acute care delivered by minimally trained providers and the fixation on short term detoxification and rehab The book offers specific guidance for practical integration of effective opioid use disorder treatment into a range of healthcare settings Chapters also discuss the unique complexities of caring for special populations with OUD such as pregnant people and those involved in the criminal legal system The book concludes with personal experience from individuals with a history of OUD Socially conscious and practical Treating Opioid Use Disorder in General Medical Settings serves as a crucial evidence based resource for physicians nurse practitioners physician assistants nurses and other healthcare professionals

Bilingualism and cognitive control Judith F. Kroll, Ingrid Christoffels, Teresa Bajo, Research on bilingual language processing reveals an important role for control processes that enable bilinguals to negotiate the potential competition across their two languages The requirement for control that enables bilinguals to speak the intended language and to switch between languages has also been suggested to confer a set of cognitive consequences for executive function that extend beyond language to domain general cognitive skills Many recent studies have examined aspects of how cognitive control is manifest during bilingual language processing how individual differences in cognitive resources influence second language learning and performance and the range of cognitive tasks that appear to be influenced by bilingualism However not all studies demonstrate a bilingual advantage in all tasks that tap into cognitive control Indeed many questions are unanswered that are critical to our understanding of bilingual control What aspects of cognitive control are enhanced for proficient bilinguals How are individual differences in cognitive control related to language acquisition proficiency or professional translation skill How does the language environment affect concurrent processing How exactly does language control come about in tasks such as speech production switching between languages or translation When and how does inhibitory processing support language control The focus of this Research Topic is on executive control and bilingualism The goal is to have a broad scope that includes all of these issues We seek empirical contributions using different methodologies including behavioral computational and neuroscience approaches We also welcome theoretical contributions that provide detailed discussion of models or mechanisms that account for the relationship between bilingualism and cognitive control We aim to provide a platform for new contributions that represent a state of the art overview of approaches to cognitive control

in bilingualism We hope that this Research Topic will enable the field to formulate more precise hypotheses and causal models on the relation between individual differences cognitive control and bilingual language processing
