Soaps We then bought and sold the company Critter Soaps Later we sold thousands of pounds worth of wholesale Melt and Pour Soap base and eventually discontinued selling Melt and Pour Soap because the price kept rising At the time Melt and Pour Soap was the only cosmetic base we sold that we didn't manufacture ourselves It simply didn't make sense to wholesale someone else's base when our business model had changed to selling only the bases we manufactured ourselves It was at this point in our business that I decided it was time to formulate our own Melt and Pour Soap ourselves It didn't take long to have working formulas but at that moment we were using up every inch of space in our 30 000 square foot building We were bursting at the seams and couldn't accommodate the manufacturing and cooling of the Melt and Pour Soap Base in bulk Our space was so tight we couldn't possibly cool an 8 000 lb batch of Melt and Pour Soap base into multiple 1 lb 20 lb and 40 lb blocks to sell in bulk But we got continued requests to manufacture and sell Melt and Pour Soap base My solution is this book I decided to share these basic recipes with you to give you the freedom to make your own Melt and Pour base in the quantities that work best for your business These recipes will teach you the foundational information that you need and give you tips on how to customize your base

Soap Manufacturing Technology Luis Spitz, 2010-01-27 The bar soap industry is thriving in much of the world especially in the developing countries where toilet and laundry bar soaps are produced in large quantities and many producers are in business from large multinational firms to small local manufacturers In the rest of the world boutique soap manufacturers are producing elite bar soaps for a select group of healthy green consumers Soap Manufacturing Technology is drawn from the proceedings of the AOCS SODEOPEC Conferences of 2006 and 2008 Pivotal information from these meetings appears in this indispensable book
