Jovita, Ching-Fu Hung, Ibrahim Ibrahim, Arif Zainudin, Dyah Mutiarin, 2024-01-17. This is an open access book. The study program of Government Studies and Political Science has been playing significant roles in building best practices of good governance and political ethics through scientific research and community development and opening a space for academic discussion with the main concern Social and Political Issues. These activities are in line with the Universitas Jambi's vision to be a world-class entrepreneurship university based on environment and agrotechnology. As part of the efforts to provide a space for academic dialogue at a global level, we organize an international conference that aims to develop scientific knowledge, build institutional capacity and strengthen networking. This conference raises the issue of The Emerging Technology Digital Inclusive on Contemporary Social and Political Issues to capture the phenomenon of social and political issues at local, national and international levels. The selection of this topic is based on the vision and mission of study programs, faculty as well as Universitas Jambi.

Middle Managers as Agents of Collaboration Paul Williams, 2019-07-10. This important book examines the role, behaviours and management practices of middle managers operating within the context of collaboration, complex inter-organizational and multi-sector settings that demand cross-boundary governance policy and practice to tackle challenging contemporary societal problems and issues. Presenting new evidence and offering perspectives from both the public and private sectors, the author critically explores the main themes that are integral to the management challenges facing this cadre of managers. The book sets out the implications of this research for policy and practice and offers practical recommendations to policy makers and managers working in this area.

Resource Management, Sustainable Development and Governance Baleshwar Thakur, Rajiv R. Thakur, Srikumar Chattopadhyay, Rajesh K. Abhay, 2022-01-01. This book examines the relationship between natural resource management, sustainable development and governance with case studies from India and other places covering disaster risk reduction, conflict resolution, capacity building, climate change adaptation and resilience, citizen engagement and ecological conservation. Though the studies focus mostly on cases in India, the volume discusses how governance can be employed to help develop and implement sustainable practices globally through the lens of the United Nations Sustainable Development Goals (SDGs) framework. Readers will learn how to integrate concepts of resource management, sustainable development and governance to improve human resilience to global environmental change and to assess the proper development approaches to assist economically stressed and resource-deprived individuals. The book will be of use to graduate students and academics.
