

4. How did the powers of tribal chiefs change under colonial rule?

Answer.

Under the British rule, the functions and powers of the tribal chiefs changed considerably. They were allowed to keep their land titles over a cluster of villages and rent outlands, but they lost much of their administrative power and were forced to follow laws made by the British officials in India. They also had to pay tribute to the British, and discipline the tribal groups on behalf of the British. They lost the authority that they had earlier enjoyed among their people and were unable to fulfil their traditional functions.

5. What accounts for the anger of the tribals against the dikus?

Answer.

Tribals were not happy with the dikus who were considered as 'outsiders' by them. The tribals wanted to be shifting cultivators and not be peasant cultivators. The dikus were settling in at the tribals' lands, wanting the latter to sell their lands or rent their lands at very high-interest rates. This made the tribals unhappy. Also, the tribal chiefs lost their administrative powers under the British rule. Later, the tribals were evacuated from their lands, and they had to look for other livelihood options.

6. What was Birsa's vision of a golden age? Why do you think such a vision appealed to the people of the region?

Answer.

Birsa's vision of a golden age was to have their land free of dikus. He considered that age to be the 'age of truth'. According to Birsa, in the golden age, the tribal sirdars will be able to rule themselves and no one will be there to dictate terms to them. His golden age vision was to have an age with no vices like liquor, witchcraft, sorcery and uncleanness. He did not want any role of outsider participants like missionaries, Hindu landlords, moneylenders, traders and Europeans.

Boyte incites readers to join today's citizen movement offering practical tools for how we can change the face of America by focusing on issues close to home Targeting useful techniques for individuals to raise public consciousness and effectively motivate community based groups Boyte grounds his arguments in the country's tradition of populism demonstrating how mobilized citizens can be far more powerful than our frequently paralyzed politicians He then offers practical tips on identifying potential citizen leaders and working through cultural differences without sacrificing identities Each point is illustrated by inspiring real life examples of Minnesotans who have promoted change A cluster of suburban neighborhoods that came together to take back Sundays from overzealous youth sports organizations An immigrant community that created a cultural wellness center An organization of multiracial multifaith congregations that is tackling tough social problems For readers doubting their ability to make a significant difference in our world this how to book will show the way Harry C.
