

Heavens Gate Ashgate New Religions

William H. Brackney, Evan L. Colford

Heavens Gate Ashgate New Religions:

Heaven's Gate George D. Chryssides, 2011 The Heaven s Gate suicides were part of a series of major violent incidents involving New Religions in the 1990s Despite the major attention that Heaven s Gate attracted there have been few scholarly studies This anthology on Heaven s Gate includes a combination of articles previously published in academic journals some new writings from experts in the field and some original Heavens Gate documents All the material is expertly brought together under the editorship of George Chryssides

Heaven's Gate George D. Chryssides, 2016-12-05 On March 26 1997 the bodies of 39 men and women were found in an opulent mansion outside San Diego all victims of a mass suicide Messages left by the Heaven s Gate group indicate that they believed they were stepping out of their physical containers in order to ascend to a UFO that was arriving in the wake of the Hale Bopp comet The Heaven s Gate suicides were part of a series of major incidents involving New Religions in the 1990s as the new millennium approached Despite the major attention that Heaven s Gate attracted at the time of the suicides there have been relatively few scholarly studies This anthology on Heaven s Gate includes a combination of articles previously published in academic journals some new writings from experts in the field and some original Heaven s Gate documents All the material is expertly brought together under the editorship of George D Chryssides

New Religions Eugene V. Gallagher, Lydia Willsky-Ciollo, 2021-02-15 A valuable resource for students and general audiences this book provides a unique global perspective on the history beliefs and practices of emergent faith communities new religious traditions and religious movements worldwide from the 19th century to the present *New Religions Emerging Faiths and Religious Cultures in the Modern World* provides insightful global perspectives on the emergent faith communities and new traditions and movements of the last two centuries Readers will gain access to the information necessary to explore the significance complexities and challenges that modern religious traditions have faced throughout their history and that continue to impact society today The work identifies the themes and issues that have often brought new religions into conflict with the larger societies of which they are a part Coverage includes new religious groups that emerged in America such as the Seventh day Adventists the Latter day Saints and the Jehovah s Witnesses alternative communities around the globe that emerged from the major Western and Eastern traditions such as Aum Shinrikyo and Al Qaeda and marginalized groups that came to a sudden end such as the Peoples Temple Heaven s Gate and the Branch Davidians The entries highlight thematic and broader issues that run across the individual religious traditions and will also help students analyze and assess the common difficulties faced by emergent religious communities

Heaven's Gate Benjamin E Zeller, Robert W Balch, 2014-10-31 The captivating story of the religious group focused on transcending humanity and the Earth and seeking salvation in the literal heavens on board a UFO 2015 Best Book Award from the Communal Studies Association In March 1997 thirty nine people in Rancho Santa Fe California ritually terminated their lives To outsiders it was a mass suicide To insiders it was a graduation This act was the culmination of over two decades of spiritual

and social development for the members of Heaven's Gate. In this fascinating overview Benjamin Zeller not only explores the question of why the members of Heaven's Gate committed ritual suicides but interrogates the origin and evolution of the religion, its appeal and its practices. By tracking the development of the history, social structure and worldview of Heaven's Gate, Zeller draws out the ways in which the movement was both a reflection and a microcosm of larger American culture. The group emerged out of engagement with Evangelical Christianity, the New Age movement, science fiction and UFOs and conspiracy theories and it evolved in response to the religious quests of baby boomers, new religions of the counterculture and the narcissistic pessimism of the 1990s. Thus Heaven's Gate not only reflects the context of its environment but also reveals how those forces interacted in the form of a single religious body. In the only book-length study of Heaven's Gate, Zeller traces the roots of the movement, examines its beliefs and practices and tells the captivating story of its people. The most thorough work on the cult of Heaven's Gate that is presently available. **Choice**

Cults and New Religions Douglas E. Cowan, David G. Bromley, 2015-04-27 This unparalleled introduction to cults and new religious movements has been completely up-to-date and expanded to reflect the latest developments. Each chapter reviews the origins, leaders, beliefs, rituals and practices of a NRM, highlighting the specific controversies surrounding each group. A fully updated, revised and expanded edition of an unparalleled introduction to cults and new religious movements. Profiles a number of the most visible, significant and controversial new religious movements, presenting each group's history, doctrines, rituals, leadership and organization. Offers a discussion of the major controversies in which new religious movements have been involved, using each profiled group to illustrate the nature of one of those controversies. Covers debates including what constitutes an authentic religion, the validity of claims of brainwashing techniques, the implications of experimentation with unconventional sexual practices and the deeply rooted cultural fears that cults engender. New sections include methods of studying new religions in each chapter as well as presentations on groups to watch. **New Age, Neopagan, and New Religious Movements** Hugh B. Urban, 2015-09-15 New Age, Neopagan and New Religious Movements is the most extensive study to date of modern American alternative spiritual currents. Hugh B. Urban covers a range of emerging religions from the mid-nineteenth century to the present, including the Nation of Islam, Mormonism, Scientology, ISKCON, Wicca, the Church of Satan, Peoples Temple and the Branch Davidians. This essential text engages students by addressing major theoretical and methodological issues in the study of new religions and is organized to guide students in their learning. Each chapter focuses on one important issue involving a particular faith group, providing readers with examples that illustrate larger issues in the study of religion and American culture. Urban addresses such questions as: Why has there been such a tremendous proliferation of new spiritual forms in the past 150 years, even as our society has become increasingly rational, scientific, technological and secular? Why has the United States become the heartland for the explosion of new religious movements? How do we deal with complex legal debates such as the use of peyote by the Native American Church or the practice of plural marriage by some Mormon

communities And how do we navigate issues of religious freedom and privacy in an age of religious violence terrorism and government surveillance *The Bloomsbury Companion to New Religious Movements* George D. Chryssides, Benjamin E. Zeller, 2014-01-02 The Bloomsbury Companion to New Religious Movements covers key themes such as charismatic leadership conversion and brainwashing prophecy and millennialism violence and suicide gender and sexuality legal issues and the portrayal of New Religious Movements by the media and anti cult organisations Several categories of new religions receive special attention including African new religions Japanese new religions Mormons and UFO religions This guide to New Religious Movements and their critical study brings together 29 world class international scholars and serves as a resource to students and researchers The volume highlights the current state of academic study in the field and explores areas in which future research might develop Clearly and accessibly organised to help users quickly locate key information and analysis the book includes an A to Z of key terms extensive guides to further resources a comprehensive bibliography and a timeline of major developments in the field such as the emergence of new groups publications legal decisions and historical events 'Cult Wars' in Historical Perspective Eugene V. Gallagher, 2016-07-01 Cult Wars in Historical Perspective provides a broad characterization of the shifting religious contours over the past several decades Offering an assessment of several important topics in the study of new religions this book explores developments in well known groups such as the Unification movement The Family International Children of God the International Society for Krishna Consciousness ISKCON and the Church of Scientology Bringing together both insiders and outsiders from various academic disciplines and personal perspectives this book takes account of the ways in which the cult question is defined and addressed in different countries It offers a vivid depiction of how the cult wars or cult controversies of the late twentieth and early twenty first centuries first took shape the transformation of deeply entrenched positions on cults and sects as at least some members of new groups cult watchers and academics entered into serious and sustained conversations about topics of mutual concern the shifting foci and concerns of the general public law enforcement and the courts and academics in various countries and the complex histories of individual groups in which many dramatic transformations have occurred despite their comparatively short life spans **Sacred Suicide** Carole M. Cusack, 2016-04-08 The label Suicide Cults has been applied to a wide variety of different alternative religions from Jonestown to the Solar Temple to Heaven s Gate Additionally observers have asked if such group suicides are in any way comparable to Islamist suicide terrorism or to historical incidents of mass suicide such as the mass suicide of the ancient community of Masada Organizationally and ideologically diverse it turns out that the primary shared trait of these various groups is a common stereotype of religion as an irrational force that pushes fanatics to undertake acts of suicidal violence Offering a valuable perspective on New Religious Movements and on religion and violence Sacred Suicide brings together contributions from a diverse range of international scholars of sociology religious studies and criminology **The Demise of Religion** Michael Stausberg, Carole M. Cusack, Stuart A.

Wright, 2020-12-10 Why do religions fail or die Taking a multidisciplinary approach this open access book explores this important question that has received little scholarly attention to date International contributors provide case studies from the United States England Sweden Japan New Guinea and France resulting in a work that explores processes of attenuation disintegration transmutation death and extinction across cultures These include instances where mass suicides or homicides resulted in religious dissolution the fall of Mars Hills Church and its larger than life megachurch pastor accused of plagiarism and bullying in 2012 the death of the last member of the Panacea Society in England in 2012 and the disintegration of Knutby Filadelfia a religious community in Sweden with Pentecostal roots that ceased to exist in May 2018 after a pastor shot his wife Combining case studies and theoretical contributions The Demise of Religion How Religions End Die or Dissipate fills a gap in literature to date and paves the way for future research The eBook editions of this book are available open access under a CC BY NC ND 3 0 license on www.bloomsburycollections.com Open access was funded by the Centre for Advanced Study at the Norwegian Academy of Science and Letters

End of Days Wendell G. Johnson, 2017-07-14 Covering religious traditions ranging from Buddhism to Christianity to Zoroastrianism and modern apocalyptic movements such as Arun Shinrikyo and the Branch Davidians this book addresses prophesied end of days from a breadth of perspectives and includes material on often neglected themes and genres End of Days An Encyclopedia of the Apocalypse in World Religions describes apocalyptic writings in the world's major religious traditions including Judaism Christianity Islam Hinduism and Buddhism The cross referenced entries address ancient traditions Zoroastrianism as one example as well as modern apocalyptic movements such as Arun Shinrikyo the Branch Davidians and the Order of the Solar Temple This book's broad scope offers coverage of overlooked traditions such as Mayan Apocalyptic Norse Apocalyptic Native American eschatological literatures and the Tibetan Book of the Dead Readers seeking detailed information on the eschatological and apocalyptic movements and proponents of End Times can reference entries about individuals such as Harold Camping Jerry Falwell David Koresh of the Branch Davidians and James Jones and the People's Temple This single volume encyclopedia also contains numerous historical entries on subjects such as the Great Disappointment the Great Awakening periods of religious revival Joachim of Flora the Maccabean Revolt and the Plymouth Brethren The influence of apocalyptic ideas far outside the realm of religion itself is documented through entries on film including well known modern movies such as The Hunger Games and Apocalypse Now literature by writers such as Dante and works of fine art like Wagner's Götterdämmerung The inclusion of entries related to literature film and other art forms further attests to the wide ranging social influence of belief in the end of days

Legal Cases, New Religious Movements, and Minority Faiths James T. Richardson, François Bellanger, 2016-04-22 New religious movements NRMs and other minority faiths have regularly been the focus of legal cases around the world in recent decades This is the first book to focus on important aspects of the relationship of smaller faiths to the societies in which they function by using specific legal cases to examine social control efforts The legal cases involve group leaders a groups

practices or alleged abuses against members and children in the group legal actions brought by former members or third parties attacks against such groups by outsiders including even governments and libel and slander actions brought by religious groups as they seek to defend themselves These cases are sometimes milestones in the relation between state authorities and religious groups Exploring cases in different parts of the world and assessing the events causing such cases and their consequences this book offers a practical insight for understanding the relations of NRMs and other minority religions and the law from the perspective of legal cases Chapters focus on legal political and social implications Including contributions from scholars legal practitioners actual or former members and authorities involved in such cases from various jurisdictions this book presents an objective approach to understanding why so many legal actions have involved NRMs and other minority faiths in recent years in western societies and the consequences of those actions for the society and the religious group as well

Fieldwork in New Religious Movements George D. Chryssides, 2024-02-14 New religious movements are often described as bizarre and sinister Direct acquaintance however often gives a different impression from media portrayals and even from some academic writing After decades of undertaking fieldwork the author George Chryssides discusses his experiences as well as studies by other scholars and the issues that fieldwork involves How do one's personal beliefs and lifestyle impinge on field research How involved should a participant observer become How should we assess what we are told by insiders and ex members What ethical problems does field research create How should we engage in online fieldwork arising from the increasing use of the Internet accelerated by the Covid pandemic These are among the issues which this Element explores and which will be of interest both to field researchers and to those who read about the fieldwork of others

Dark Persuasion Joel E. Dimsdale, 2021-08-10 A harrowing account of brainwashing's pervasive role in the twentieth and twenty first centuries This gripping book traces the evolution of brainwashing from its beginnings in torture and religious conversion into the age of neuroscience and social media When Pavlov introduced scientific approaches his research was enthusiastically supported by Lenin and Stalin setting the stage for major breakthroughs in tools for social political and religious control Tracing these developments through many of the past century's major conflagrations Dimsdale narrates how when World War II erupted governments secretly raced to develop drugs for interrogation Brainwashing returned to the spotlight during the Cold War in the hands of the North Koreans and Chinese In response a huge Manhattan Project of the Mind was established to study memory obliteration indoctrination during sleep and hallucinogens Cults used the techniques as well Nobel laureates university academics intelligence operatives criminals and clerics all populate this shattering and dark story one that hasn't yet ended

Stepping Back and Looking Ahead: Twelve Years of Studying Religious Contact at the Käte Hamburger Kolleg Bochum, 2023-09-04 This book includes a collection of articles by leading researchers on the topic of religious contact in the study of religion Resulting from the final conference of the Käte Hamburger Kolleg Dynamics in the History of Religions one of the largest research initiatives in the interdisciplinary study of

religion worldwide in recent years 2008 2020 this book encapsulates the twofold aim of this conference first to step back and reflect upon the merits and challenges of studying religious dynamics as a result of intra inter and extra religious contact and second to look beyond and pave ways for future approaches to study religion as a social phenomenon The Oxford Handbook of New Religious Movements James R. Lewis, Inga Bårdsen Tøllefsen, 2016 The Oxford Handbook of New Religious Movements both covers the current state of the field and breaks new ground Its contributors drawn from both sociology and religious studies are leading figures in the study of NRMs Modernism, Christianity and Apocalypse, 2014-10-30 Modernism Christianity and Apocalypse stages an encounter between the fields of Modernism and Christianity and Apocalypse Studies The modernist impulse to make it new to transform and reform culture is an incipiently apocalyptic one poised between imaginative representations of an Old Era or civilization and the experimental promise of the New Christianity figures in formative tension with the new but its apocalyptic paradigms continued to impact modernist visions of cultural revitalization In three sections tracing a rough chronology from the late nineteenth century fin de siècle via interwar conflicts and the rise of political religions to post 1945 anxieties such as the Bomb this thematic is explored in nineteen far ranging scholarly contributions outlining a distinctive and fresh interdisciplinary field of study **The Routledge Companion to Death and Dying** Christopher Moreman, 2017-05-18 Few issues apply universally to people as poignantly as death and dying All religions address concerns with death from the handling of human remains to defining death to suggesting what happens after life The Routledge Companion to Death and Dying provides readers with an overview of the study of death and dying Questions of death mortality and more recently of end of life care have long been important ones and scholars from a range of fields have approached the topic in a number of ways Comprising over fifty two chapters from a team of international contributors the companion covers funerary and mourning practices concepts of the afterlife psychical issues associated with death and dying clinical and ethical issues philosophical issues death and dying as represented in popular culture This comprehensive collection of essays will bring together perspectives from fields as diverse as history philosophy literature psychology archaeology and religious studies while including various religious traditions including established religions like Christianity Judaism Islam Hinduism and Buddhism as well as new or less widely known traditions such as the Spiritualist Movement the Church of Latter Day Saints and Rastafarianism The Routledge Companion to Death and Dying is essential reading for students and researchers in religious studies philosophy and literature Come Out from among Them, and Be Ye Separate, Saith the Lord William H. Brackney, Evan L. Colford, 2020-01-01 Believers Churches have their origin in the Radical Reformation of the sixteenth century Over the past 450 years the movement has included the Brethren Mennonites Hutterites various types of Baptists and the Restoration Movement While never a unified denominational structure the Believers Churches together have been characterized by a strong personal faith in Christ a call to discipleship and Christian activism a high view of the authority of Scripture and profession of faith in believers baptism

The Believers Churches have represented their beliefs in various ecumenical settings missionary gatherings and theological conversations In the late 1950s representatives of the several Believers Churches began to meet in a series of conferences to explore their common views on doctrine history and ethics Topics at the conferences have included baptism Lord s Supper the nature of the church and religious voluntarism In 2016 the 17th Believers Church Conference was held at Acadia University and sponsored by Acadia Divinity College The theme was The Tendency Toward Separationism Among the Believers Churches a key recurring characteristic This volume includes the papers presented at the conference and examines the theme from an immediate post Reformation perspective including Baptists Black Baptists Restorationists including the Churches of Christ the Hutterites Pentecostals the role of women and significantly the separationist tendency as it occurs in New Religious Movements Typologies and analyses are provided by leading historians theologians and social science specialists

Historical Dictionary of New Religious Movements George D. Chryssides, 2012 New religious movements commonly known as cults are defined as organizations that have arisen within the last 200 years Most treatments of these movements have typically resorted to sensationalism rather than objectivity and New religious movements tend to receive negative media publicity Despite their unfavorable portrayal in popular culture however new religious movements are a global phenomenon and much remains to be studied about these movements In this newly updated second edition of the *Historical Dictionary of New Religious Movements* George D Chryssides traces the rise and development of new religious movements throughout the world An updated introduction summarizes the phenomenon of new religious movements and lays out the changes to the dictionary since the 2001 edition while the main body of the dictionary consists of close to 600 cross referenced entries on key figures ideas themes and places related to various new religious movements An index organizes the information in the dictionary and a comprehensive bibliography leads the researcher to further sources This book is an excellent access point for students researchers and anyone wanting to know more about new religious movements

Decoding **Heavens Gate Ashgate New Religions**: Revealing the Captivating Potential of Verbal Expression
