Classroom Management Through Behavioral Interventions That Work : Tier Two Strategies Laura A. Riffel, Ph.D., Jessica R. Eggleston, Doctoral Candidate, 2016-08-29 This book focuses on tier two strategies for classroom management When teachers feel empowered with information classroom management is easier This book is filled with specific strategies based on Dr Riffel's Triple T Triple R chart The three T's are 1 Trigger what sets the behavior in motion 2 Target what behavior do you want to target for change and 3 impacT what is the student gaining or escaping by engaging in this behavior The three R's to combat the three T's are 1 Revise the environment set the student up for success by changing the environment 2 Replace the behavior Teach the student what you want to see instead of telling them what not to do and 3 Reframe your response change how you react to the target behavior and feed the replacement behavior When these three formats are followed the behavior dissipates This book also includes specific strategies on many common classroom target behaviors This book coincides with Dr Riffel's Tier Two Training

Thinking and Learning through Children's Literature Miriam G. Martinez, Junko Yokota, Charles Temple, 2017-04-18 Much of teachers attention these days is focused on having students read closely to ferret out the author's intended meaning and the devices used to convey that meaning But we cannot forget to guide students to have moving engagements with literature because they need to make strong personal connections to books of merit if they are to become the next generation of readers literate people with awareness of and concern for the diversity of human beings around them and in different times and places Fortunately

guiding both students personal engagement with literature and their close reading to appreciate the author s message and craft are not incompatible goals This book enthusiastically and intelligently addresses both imperatives first surveying what is gained when students are immersed in literature then celebrating and explicating the main features of literature students need to understand to broaden their tastes and deepen their engagement at the same time they meet external standards then presenting a host of active methods for exploring all major genres of children s books and finally presenting suggestions for interdisciplinary teaching units grounded in literature Created by noted leaders in the fields of children s literature and literacy the book is enlivened by recurring features such as suggested reading lists issues for discussion links to technology and annotations of exemplary books
