Sex

Offenders: Punish, Help, Change or Control? Jo Brayford,Francis Cowe,John Deering,2013-05-07 Sex offending and in particular child sex offending is a complex area for policy makers theorists and practitioners A focus on punishment has reinforced sex offending as a problem that is essentially other to society and discourages engagement with the real scale and scope of sexual offending in the UK This book looks at the growth of work with sex offenders questioning assumptions about the range and types of such offenders and what effective responses to these might be Divided into four sections this book sets out the growth of a broad legislative context and the emergence of child sexual offenders in criminal justice policy and practice It goes on to consider a range of offences and victim typologies arguing that work with offenders and victims is complex and can provide a rich source of theoretical and practical knowledge that should be utilised more fully by both policy makers and practitioners It includes work on female sex offenders electronic monitoring and animal abuse as well as exploring interventions with sex offenders in three different contexts prisons communities and hostels Bringing together academic practice and policy experts the book argues that a clear but complex theoretical and policy approach is required if the risk of re offending and further victimisation is to be reduced Ultimately this book questions whether it makes sense to locate responsibility for responding to sexual offending solely within the criminal justice domain

Twentieth

Century Forcible Child Transfers Ruth Amir, 2018-11-27 The current surge of displaced and trafficked children child soldiers and child refugees rekindles the virtually dead letter of the Genocide Convention prohibition on transferring children of one group to another This book focuses on the gap between genocide as a legal term and genocidal forcible child transfer as a catastrophic experience that disrupts a group's continuity It probes the Genocide Convention's boundaries and draws attention to the diverse yet highly similar patterns of forcible child transfers cases such as colonial genocide in the US Canada and Australia Jewish Yemeni immigrants in Israel children of Republican parents during the Spanish Civil War and its aftermath and Operation Peter Pan in Cuba The analysis highlights the consequences of the under inclusive protection granted only to four groups Ruth Amir argues effectively for the need to add an Amending Protocol to the Genocide Convention to protect from forcible transfer to children of any identifiable group of persons perpetrated with the intent to destroy the group as such This proposed provision together with Communications and Rapid Inquiry Procedures will

highlight the gravity of forcible child transfers and contribute to the prevention and punishment of genocide

Invisible Victims and the Pursuit of Justice: Analyzing Frequently Victimized Yet Rarely Discussed Populations Blasdell, Raleigh, Krieger-Sample, Laura, Kilburn, Michelle, 2021-06-18 Victims of crime may experience a wide variety of traumas that result in physical sexual financial psychological emotional and or social consequences While the types of trauma can vary greatly and include lesser known forms such as vicarious and secondary trauma identifying and recognizing victims can be complicated Throughout this book experts and professionals from academia and the fields of criminal justice social work and mental health acknowledge victims historically overlooked by society political movements the media and or the criminal justice system we acknowledge the invisible victims Invisible Victims and the Pursuit of Justice Analyzing Frequently Victimized Yet Rarely Discussed Populations pioneers the assertion that our view of victims needs to be more inclusive by exploring invisible victims that are rarely if ever a focus of discussions in traditional victimology textbooks To educate the reader and begin working toward positive change each chapter identifies an invisible victim and provides the background controversies issues solutions and areas of future research It is crucial to identify these gaps in the field as some of the most victimized populations remain absent from important dialogue on crime victims This book is appropriate for a wide range of readership including but not limited to criminologists victim service providers psychologists sociologists social workers advocate groups law enforcement lawyers defense attorneys criminal justice practitioners academicians researchers and students studying criminology criminal justice victimology social work psychology and social justice

Spatial Cultures Sam Griffiths, Alexander von Lünen, 2016-06-10 What is the relationship between how cities work and what cities mean *Spatial Cultures Towards a New Social Morphology of Cities Past and Present* announces an innovative research agenda for urban studies in which themes and methods from urban history social theory and built environment research are brought into dialogue across disciplinary and chronological boundaries The collection confronts the recurrent epistemological impasse that arises between research focussing on the description of material built environments and that which is concerned primarily with the people who inhabit govern and write about cities past and present A reluctance to engage substantively with this issue has been detrimental to scholarly efforts to understand the urban built environment as a meaningful agent of human social experience Drawing on a wide range of historical and contemporary urban case studies as well as a selection of theoretical and methodological reflections the contributions to this volume seek to historically geographically and architecturally contextualize diverse spatial practices including movement encounter play procession and neighbourhood The aim is to

challenge their tacit treatment as universal categories in much writing on cities and to propose alternative research possibilities with implications as much for urban design thinking as for history and the social sciences Criminology Eamonn Carrabine, Pamela Cox, Nigel South, Maggy Lee, Ken Plummer, Jackie Turton, 2009-01-13 The new edition of Criminology A Sociological Introduction builds on the success of the first edition and now includes two new chapters Crime Place and Space and Histories of Crime More than a collection of orthodox thinking this fully revised and updated textbook is also ground in original research and offers a clear and insightful introduction to the key topics studied in undergraduate criminology courses including crime trends from historical overview to recent crime patterns criminal justice system including policing and prisons ways of thinking about crime and control from the origins of criminology to contemporary theories research methods used by criminologists new topics within criminology including terrorism cybercrime human rights and emotion The book is packed with contemporary international case studies and has a lively 2 colour text design to aid student revision Specially designed to be accessible and user friendly the new edition is also supported by a fully interactive companion website which offers exclusive access to British Crime Survey data as well as other student and lecturer resources **Reconstructing Postmodernism** Jason L. Powell, Tim Owen, 2007 There has been an array of literature on the notion of postmodernism in social science literature in recent years This exciting book focuses on three broad continuities one debunking the central theoretical tenets of postmodernism with reference to identity methodology governance and modernist theory two the book engages with current social issues and events in popular culture for example film professional power masculinity and terrorism three the book also rethinks postmodernism in light of under researched variables of analysis of time and ageing the body biology and choice **Complexities of Researching with Young People** Paulina Billett, Matt Hart, Dona Martin, 2019-11-22 Currently most books on youth research available on the market focus on how to conduct youth research or the research process itself This edited collection proposes to take this process a step further and discuss the complexities of youth research from a practical and theoretical context In total five themes are examined conceptualising young people ethics and consent the digital voice participation and unexpected tensions In this book authors from six countries explore the complexities of researching with young people across disciplines and national contexts Offering a closeup examination of their own research experiences the authors address the complexities of researching with young people beyond simple questions of protection from harm and coercion by problematising notions of resilience participation risk and voice This edited collection takes the reader through an exploration of its key themes and in doing so presents a cast of candid and insightful accounts from youth researchers situated within the humanities and social sciences
