Ki A Road That Anyone Can Walk:

Ki William Reed,1992 *Aikido: O-Sensei's Sublime Synthesis, Vol. 2* Michael DeMarco, M.A.,2016-03-13 How can we fully understand aikido or any other martial art for that matter when we have only been exposed to part of it While learning about the art we can easily make assumptions and be tricked by false impressions In most cases even instructors do not have enough background to grasp the entirety of the art and are happy to work with part of it The content in this special two volume anthology details the many facets of aikido as it was formulated by Morihei Ueshiba 1883 1969 O Sensei the great teacher Each chapter contributes to a piece of the aikido puzzle by providing historical details insightful technical drills bare handed and with weapons and components that have flavored this art with a spiritual essence From the Ueshiba wellspring flows a number of streams political splinter groups offering their own take on what aikido should be and how it should be practiced Each branch may stand on its own but a good number of scholars and practitioners prefer a more encompassing representation of what O Sensei taught So chapters in these volumes help put Humpty Dumpty back together again Volume I includes ten chapters and volume II another fourteen The authors twenty three in all present superb credentials as scholars and practitioners of aikido On the academic side you ll find chapters that detail aikido s philosophy from ethical relationships and practical theory to the subtle spiritual dimension A few authors highlight the circumstances regarding the transmission of aikido from teacher to student Some authors show how culture influences the perception and understanding of aikido when it travels outside Japan Aikido is often practiced as a system of body movement encompassing a philosophy of peace and harmony Others may focus on learning the art for its effective methods of self defense Composed of material previously published in the Journal of Asian Martial Arts this two volume anthology is heavy on the technical aspects of aikido that both teachers and students would benefit by reading Training methods are discussed in detail supported by hundreds of illustrations of attack and defense Whatever your primary interest is in aikido Aikido O Sensei s Sublime Synthesis will prove to be a great reference for the scholar and practitioner We hope this convenient collection of quality material dealing with Morihei Ueshiba s martial discipline will benefit your research and inspire the practice of this elegant art *Martial Arts Teachers on Teaching* Carol A. Wiley,1995 Teaching is an art Effective martial arts teachers must not only be competent practitioners but must also develop the communication and interpersonal skills of any good teacher In this collection twenty six experienced martial arts teachers discuss the process of learning and teaching a martial art from the nuts and bolts of teaching technique to the philosophical underpinnings of training **The Tao of Strategy** L. J. Bourgeois,Serge Eygenson,Kanokrat Namasondhi,2021-09-14 The Tao of Strategy combines ancient wisdom from the Eastern world s great philosophers and lessons from modern day business leaders to provide readers innovative approaches to unlock strategic breakthroughs for themselves and their organizations Today s organizational strategists including executives managers consultants and the business students who aspire to join their ranks will encounter novel ways of solving complex problems

In this engaging examination of the wisdom of Confucius and the strategies of The Art of War the mindfulness of the Buddha and the perspectives of the Bhagavad Gita as well as the advice of The Tao Te Ching and the fun of playing the ancient board game of Go The Tao of Strategy presents alternative creative ways to open up one's strategic thinking The Tao of Strategy highlights a range of companies from earth moving equipment manufacturers Komatsu and Caterpillar to technology providers Infosys and Sun Microsystems to financial institutions Bank of America and Goldman Sachs Interviews with chief executives from China Steel PTT Group Bacardi Rodale Press Aston Martin and other organizations reveal how insights from Eastern philosophy inform the strategic decision making of organizations and leaders around the world By engaging with Eastern philosophy from the perspective of organizational strategy The Tao of Strategy offers a novel approach to strategic thinking that can help readers navigate today's increasingly complex strategic challenges and unpredictable global environment

Thinking Comprehensively about Education Ezekiel Dixon-Román, Edmund W. Gordon, 2012 While much is known about the critical importance of educative experiences outside of school little is known about the social systems community programs and everyday practices that can facilitate learning outside of the classroom Thinking Comprehensively About Education sheds much needed light on those systems programs and practices conceptualizing education more broadly through a nuanced exploration of the various spaces where education occurs the non dominant practices and possibilities of those spaces the possibilities of enabling social systems institutions and programs of comprehensive education This original edited collection identifies and describes the resources that enable optimal human learning and development and offers a public policy framework that can enable a truly comprehensive educational system Thinking Comprehensively About Education is a must read for faculty students policy analysts and policymakers
