early part of the Literary History of Scotland is involved in much obscurity and has not been investigated with a due share either of care or of candour Many eminent writers who adorned the reigns of the Stuarts during the fifteenth and sixteenth centuries are now in a great measure unknown or forgotten The difficulties these early writers had to encounter from the limited sources of information which they possessed the absence of authentic records to guide them in their researches the romantic and fabulous times of which they wrote and the want of science to operate as a check up on credulity seem entirely to have escaped those critics by whom their labours have been depreciated and their claims to the gratitude of posterity denied About the Publisher Forgotten Books publishes hundreds of thousands of rare and classic books Find more at www.forgottenbooks.com This book is a reproduction of an important historical work Forgotten Books uses state of the art technology to digitally reconstruct the work preserving the original format whilst repairing imperfections present in the aged copy In rare cases an imperfection in the original such as a blemish or missing page may be replicated in our edition We do however repair the vast majority of imperfections successfully any imperfections that remain are intentionally left to preserve the state of such historical works Specimens of Scottish Literature, 1325-1835 (Classic Reprint) W.
