German Expressionist Theatre David F. Kuhns,1997-08-28 German Expressionist Theatre The Actor and the Stage considers the powerfully stylized anti-realistic styles of acting on the German Expressionist stage from 1916 to 1921 It relates this striking departure from the dominant European acting tradition of realism to the specific cultural crises that enveloped the German nation during the course of its involvement in World War I This book describes three distinct Expressionist acting styles all of which in their own ways attempted to show how symbolic stage performance could be a powerful rhetorical resource for a culture struggling to come to terms with the crises of historical change The examination of Expressionist script and actor memoirs allows for an unprecedented focus on description and analysis of acting itself

German Expressionism Museum of Modern Art (New York, N.Y.), Starr Figura, Peter Jelavich, 2011 Catalog of an exhibition held at the Museum of Modern Art New York Mar 27 July 11 2011 **Modernist Group Dynamics** Fabio A. Durão, Dominic Williams, 2009-03-26 For decades the study of literary and philosophical modernism concerned solitary figures like the fl neur the exile and the lonely genius but recently the group formations that fostered modernist movements have emerged into view The essays in Modernist Group Dynamics The Poetics and Politics of Friendship pursue this new direction in modernist scholarship exploring the ways artists and intellectuals worked in concert and in conflict Placing group formations with all their promises and problems at the centre of our study allows the contributors scholars from around the world to reconsider some of the best known figures of European modernism to analyze collaborations across national boundaries and to recover modernist groups in unexpected contexts like the so called Third World Work and Play David D. Hamlin, 2007 Publisher description **Left-Wing Nietzscheans** Seth Taylor, 2013-02-06 Friedrich Nietzsche has emerged as one of the most important and influential modern philosophers For several decades the book series Monographien und Texte zur Nietzsche Forschung MTNF has set the agenda in a rapidly growing and changing field of Nietzsche scholarship The scope of the series is interdisciplinary and international in orientation reflects the entire spectrum of research on Nietzsche from philosophy to literary studies and political theory The series publishes monographs and edited volumes that undergo a strict peer review process The book series is led by an international team of editors whose work **Magazines** Peter Brooker, Andrew Thacker, 2009 The first full study of the role of little magazines and their contribution to the making of artistic modernism and the avant garde across Europe this volume is a major scholarly achievement of DADA, Surrealism, and the Cinematic immense value to those interested in material culture of the twentieth century

Effect R. Bruce Elder, 2015-10-15 This book deals with the early intellectual reception of the cinema and the manner in which art theorists philosophers cultural theorists and especially artists of the first decades of the twentieth century responded to its advent While the idea persists that early writers on film were troubled by the cinema's lowly form this work proposes that there was another largely unrecognized strain in the reception of it Far from anxious about film's provenance in popular entertainment some writers and artists proclaimed that the cinema was the most important art for the moderns as it exemplified the vibrancy of contemporary life This view of the cinema was especially common among those whose commitments were to advanced artistic practices Their notions about how to recast the art media or the forms forged from those media s materials and the urgency of doing so formed the principal part of the conceptual core of the artistic programs advanced by the vanguard art movements of the first half of the twentieth century This book a companion to the author s previous Harmony Dissent examines the Dada and Surrealist movements as responses to the advent of the cinema Viennese Café and Fin-de-Siècle Culture Charlotte Ashby, Tag Gronberg, Simon Shaw-Miller, 2013-01-01 The Viennese caf was a key site of urban modernity around 1900 In the rapidly growing city it functioned simultaneously as home and workplace affording opportunities for both leisure and intellectual exchange This volume explores the nature and function of the coffeehouse in the social cultural and political world of fin de si cle Vienna Just as the caf served as a creative meeting place within the city so this volume initiates conversations between different disciplines focusing on Vienna at the beginning of the twentieth century Contributions are drawn from the fields of social and cultural history literary studies Jewish studies and art and architectural and design history A fresh perspective is also provided by a selection of comparative articles exploring coffeehouse culture elsewhere in Eastern Europe **Alchemists of Human Nature** Petteri Pietikainen, 2015-10-06 A study of Modernist utopias of the mind This book examines the psychodynamic writings of Otto Gross C G Jung Wilhelm Reich and Erich Fromm It argues utopianism became increasingly important to the fundamental ambitions of all four thinkers and places the utopian impulse with the historical context of the early twentieth century The Dada Cyborg Matthew Biro, 2009 In an era when technology biology culture are becoming ever more closely connected The Dada Cyborg explains how the cyborg as we know it today developed between 1918 1933 as German artists gave visual form to their utopian hopes fantasies in a fearful response to World War I German Expressionist Prose Augustinus P. Dierick, 1987-12-15 An extreme sensitivity to gathering social crisis an accompanying angry enthusiasm for artistic experimentation and renewal this compelling mix in German art poetry and drama of the period 1910 to 1925 continues to draw both scholarly attention and intense popular interest In this book Augustinus Dierick focuses on another significant but hitherto neglected medium of German Expressionist thought short narrative prose in order to illuminate and evaluate the contribution of that genre to one of the twentieth century s most powerful artistic movements Dierick s study includes a thorough analysis of the works of a broad range of Expressionist prose writers from those of such specialists in the genre as Edschmid Heym Benn Loerke Frank

Sternheim Ehrenstein and Mynona to the shorter prose works of such major figures as Alfred D blin Heinrich Mann Max Brod and Franz Werfel Dierick isolates the thematic obsessions common among Expressionist writers the pathos of the self in confrontation with nature and with God the tension between self and the institutions of bourgeois society and the attractions and dangers of eroticism Throughout Dierick stresses the interrelationship between themes and their formal expression He examines many apparent excesses in style and tone many aberrations in structure and generic characteristics and identifies them not as needless experimentation but as a necessary result of the attempt to find appropriate forms for extreme situations and complex ideas Dierick's analysis makes clear that Expressionist prose has an intrinsic artistic value and because of certain nuances and different accents must be included in any estimation of the nature and importance of Expressionism as a whole The Piscatorbühne Century Drew Lichtenberg, 2021-11-21 This study of the Piscatorb hne season of 1927 1928 uncovers a vital previously neglected current of radical experiment in modern theater a ghost in the machine of contemporary performance practices A handful of theater seasons changed the course of 20th and 21st century theatre But only the Piscatorb hne of 1927 1928 went bankrupt in less than a year This exploration tells the story of that collapse how it predicted the wider collapse of the late Weimar Republic and how it relates to our own era of political polarization and economic instability As a wider examination of Piscator's contributions to dramaturgical and aesthetic form The Piscatorb hne Century makes a powerful and timely case for the renewed significance of the broader epic theater tradition Drawing on a rich archive of interwar materials Drew Lichtenberg reconstructs this germinal nexus of theory and praxis for the modern theatre This book will be of great interest to students and scholars in theatre performance art and German Expressionism Rose-Carol Washton Long, Ida Katherine Rigby, Nancy Roth, 1995-12-06 An literature indispensable anthology that immediately renders its predecessors obsolete With its gathering of public and private documents it carries us through the rise and fall of one of the great upheavals of modern art Robert Rosenblum New York University These essays including many previously unavailable in English are rich with startling new insights into the German Expressionist psyche Elucidating the artists view of government the role of women in modern society and their own ambivalence about the effectiveness of abstract art this anthology is essential reading for all scholars and students of twentieth century art Joan Marter author of Alexander Calder Drink in the Eighteenth and Nineteenth Centuries Barbara Schmidt-Haberkamp, 2015-10-06 This collection of essays covers the representation and practice of drinking a variety of beverages across eighteenth and nineteenth century Britain and North America The case studies in this volume cover drinking culture from a variety of perspectives including literature history anthropology and the history of medicine
