Litigation As Lobbying Litigation As Lobbying:

Litigation as Lobbying Julianna S. Gonen, 2003 This book is a case study that shows how interest groups use the litigation process to further their policy agendas The case detailed here revolves around issues of reproductive health It is a good illustration of the commonly held view among judicial scholars that the judicial process is essentially the same as the political process that in both cases there is room for influence from a variety of sources **EU Lobbying: Empirical and**

Theoretical Studies David Coen, 2013-10-31 EU Lobbying Empirical and Theoretical studies offers an analysis of large empirical studies of interest group politics and Lobbying in Europe Recognising the continued European economic integration globalisation and the changing role of the state it observes significant adaptations in interest mobilisation and strategic behaviour This book assesses the logic of collective and direct action the logic of access and influence the logic of venue shopping and alliance building It addresses specific issues such as the emergence of elite pluralism in EU institutions the pump priming of political action by EU institutions and the growing political sophistication of private and public interests in Brussels Through these issues the book explores how interest groups lobby different European institutions along the policy process and how the nature of policy dictates the style and level of lobbying This book was previously published as a special issue of Journal of European Public Policy

Litigation Communication Thomas Beke, 2013-11-04 The book is a brief journey through centuries and jurisdictions and expands on examples of enactment practices of states that support challenge or even reject communication during pending litigations England as the main representative of a jurisdiction suggests communication solutions potentially different than the practice in the United States where litigation communication first time occurred Accordingly the author offers a comprehensive analysis and detailed historical narrative of the positions of various jurisdictions in relation to communication in the legal process As a kind of applied legal history the book provides an exploration of historical events that were significant in a legal communication context and addresses their implications for modern enactments The account looks at the history of regulations to allow a better understanding of the strict rules that have often been cited over the years support or restrict communication in the legal process The author provides the reader with proper contexts on different judicial and communication considerations as well as the collaboration of legal and public relations experts in a particular form of crisis and reputation management in the litigation process As such this book is an attempt to present an accurate and thoughtful account of the theory and history of litigation communication which is directly relevant in various debates such as the work on the meaning and context of the Contempt of Court Act in England or the American First and Sixth Amendments in different centuries [The Palgrave Encyclopedia of Interest Groups, Lobbying and Public Affairs](#)

Phil Harris, Alberto Bitonti, Craig S.
