Little Ballerina Dancing Book Fiona Watt,2006 From Thomas Jefferson to John Rawls justice has been at the center of America s self image and national creed At the same time for many of its peoples from African slaves and European immigrants to women and the poor the American experience has been defined by injustice oppression disenfranchisement violence and prejudice In *Identity and the Failure of America* John Michael explores the contradictions between a mythic national identity promising justice to all and the realities of a divided hierarchical and frequently iniquitous history and social order Through a series of insightful readings Michael analyzes such cultural moments as the epic dramatization of the tension between individual ambition and communal complicity in *Moby Dick* attempts to effect social change through sympathy in the novels of Lydia Marie Child and Harriet Beecher Stowe Ralph Waldo Emerson s antislavery activism and Frederick Douglass s long fight for racial equity and the divisive figures of John Brown and Nat Turner in American letters and memory Focusing on exemplary instances when the nature of the United States as an essentially conflicted nation turned to force Michael ultimately posits the development of a more cosmopolitan American identity one that is more fully and justly imagined in response to the nation s ethical failings at home and abroad John Michael is professor of English and of visual and cultural studies at the University of Rochester He is the author of *Anxious Intellects Academic Professionals Public Intellectuals and Enlightenment Values* and *Emerson and Skepticism The Cipher of the World* [Little Ballerina Dancing Book](#) BB
