## **Liturgical Reform After Vatican Orthodoxy:**

*Liturgical Reform after Vatican II* Nicholas E. Denysenko, 2015-12-01 Sacrosanctum Concilium SC was the first document promulgated by the Second Vatican Council. The impact of this document was broad and ecumenical; the liturgical reforms approved by the Council reverberated throughout Christendom, impacting the order and experience of worship in Reformed and Orthodox Churches. Unrecognized in most studies, the Orthodox Churches were also active participants in the liturgical movement that gained momentum through the Catholic and Protestant Churches in the twentieth century. This study examines Orthodox liturgical reform after Vatican II through the lens of Catholic-Orthodox ecumenical dialogue. After establishing the retrieval of the priesthood of the laity and active liturgical participation as the rationales for liturgical reform, the study presents the history of liturgical reform through four models: the liturgical reforms of Alexander Schmemmann, the alternative liturgical center in the Russian Orthodox Church Outside of Russia (ROCOR), the symposia on liturgical rebirth authorized by the Church of Greece, and the renewed liturgy of New Skete Monastery. Following a discussion of the main features of liturgical reform—catechesis, *ars celebrandi*, and the role of the clergy—Denysenko concludes with suggestions for implementing liturgical reform in the challenges of postmodernity and in fidelity to the contributions of Catholic-Orthodox ecumenical dialogue.

**An Introduction to Vatican II as an Ongoing Theological Event** Matthew Levering, 2017 Contemporary scholars often refer to the event of Vatican II, but what kind of an event was it? In this first book of the new CUA Press series *Sacra Doctrina*, Matthew Levering leads his readers to see the Council as a theological event, a period of confirming and continuing God's self-revelation in Christ into a new historical era for the Church. This is an introduction to Vatican II with a detailed summary of each of its four central documents: the dogmatic constitutions followed by explanations of how to interpret them. In contrast to other introductions which pay little attention to the theological soil in which the documents of Vatican II germinated, Levering offers a reading of each conciliar Constitution in light of a key theological author from the era: René Latourelle SJ for *Dei Verbum*, persons and propositions; Louis Bouyer CO for *Sacrosanctum Concilium*, active participation; Yves Congar OP for *Lumen Gentium*, true and false reform; and Henri de Lubac SJ for *Gaudium et Spes*, nature and grace. This theological event is ongoing. Levering demonstrates by tracing in each chapter the theological debates that have stretched from the close of the council till the present and the difficulties the Church continues to encounter in encouraging an ever deeper participation in Jesus Christ on the part of all believers. In this light, the book's final chapter compares the historicist Massimo Faggioli and Christological Robert Imbelli interpretations of Vatican II, arguing that historicism can undermine the Council's fundamental desire for a reform and renewal rooted in Christ. The conclusion addresses the concerns about secularization and loss of faith raised after the Council by Henri de Lubac, Joseph Ratzinger, and Yves Congar, arguing that contemporary Vatican II scholarship needs to take these concerns more seriously.

**Theology and Form** Nicholas Denysenko, 2017-05-30 How do space and architecture shape liturgical celebrations within a parish In *Theology and Form* Contemporary Orthodox Architecture in America Nicholas Denysenko profiles seven contemporary Eastern Orthodox communities in the United States and analyzes how their ecclesiastical identities are affected by their physical space and architecture He begins with an overview of the Orthodox architectural heritage and its relation to liturgy and ecclesiology including topics such as stational liturgy mobility of the assembly the symbiosis between celebrants and assembly placement of musicians and festal processions representative of the Orthodox liturgy Chapters 2-7 present comparative case studies of seven Orthodox parishes Some of these have purchased their property and built new edifices Denysenko analyzes how contemporary architecture makes use of sacred space and engages visitors Others are mission parishes that purchased existing properties and buildings posing challenges for and limitations of their liturgical practices The book concludes with a reflection on how these parish examples might contribute to the future trajectory of Orthodox architecture in America and its dialogical relationship with liturgy and ecclesial identity

We Give Our Thanks Unto Thee Porter C. Taylor, 2019-04-17 Fr Alexander Schmemmann continues to influence liturgical and sacramental theologies some thirty five years after his death Despite the wide acceptance within Protestant circles of his timeless classic *For the Life of the World* there has been relatively little written about him from an ecumenical context This volume of collected essays seeks to explore his theological legacy and further his work With essays from leading scholars such as David Fagerberg Bruce Morrill Joyce Zimmerman and more this volume is meant for both teachers and students of liturgical and sacramental theology In an effort to introduce Schmemmann to a wider audience and to celebrate his work through meaningful engagement and dialogue contributors come from a wide variety of ecclesiastical backgrounds Anglican Roman Catholic Orthodox Lutheran Presbyterian Methodist Free Church and more The Eucharist is therefore the manifestation of the Church as the new aeon it is participation in the Kingdom as the parousia as the presence of the Resurrected and Resurrecting Lord It is not the repetition of His advent or coming into the world but the lifting up of the Church into His parousia the Church's participation in His heavenly glory Fr Alexander Schmemmann Introduction to Liturgical Theology p 72

**Icon of the Kingdom of God** Radu Bordeianu, 2023-05-19 What is the Church Some would answer this question by studying the Scriptures the history of the Church and contemporary theologians thus addressing the theological nature of the Church Others would answer based on statistics interviews and personal observation thus focusing on the experience of the Church These theological and experiential perspectives are in tension or at times even opposed Whereas the first might speak about the local church as the diocese gathered in the Liturgy presided over by its bishop the latter would describe the local church as the parish community celebrating the Liturgy together with the parish priest never

experiencing a sole liturgy that gathers an entire diocese around its bishop Whereas a theologian might abstractly describe the Church as a reflection of the Trinity a regular church member might concretely experience the Church as a community that manifests the Kingdom of God in its outreach ministries Radu Bordeianu attempts to bring these two perspectives together starting from the concrete experience of the Church engaging this experience with the theological tradition of the Church extracting ecclesiological principles from this combined approach and then highlighting concrete situations that reflect those standards or proposing correctives when necessary Without pretending to be a complete Orthodox ecclesiology Icon of the Kingdom of God addresses the most important topics related to the Church It progresses according to one s experience of the Church from baptism to the family parish Liturgy and priesthood followed by analyses of synodality and nationality Arguing that the Church is an icon of the Kingdom of God this volume brings together the past theological heritage and the present experience of the Church while having three methodological characteristics experiential Kingdom centered and ecumenical

Alexander, 2006 This is a major project to be undertaken as part of a broad initiative of the Pew Charitable Trusts and the University of Notre Dame on the role of Christianity in modern society John Witte is one of the editors of the forthcoming Sex Marriage and the Family A Reader in World Religions

The Teachings of Modern Orthodox Christianity on Law, Politics, and Human Nature John Witte (Jr.), 2007 The Teachings of Modern Orthodox Christianity on Law Politics and Human Nature examines how modern Orthodox Christian thinkers have answered the most pressing political legal and ethical questions of our time It discusses the enduring teachings of important Orthodox Christian intellectuals of the late nineteenth and twentieth centuries Leading contemporary scholars analyze these thinkers views on the nature and purpose of law and authority the limits of rule and obedience the care of the needy and innocent the ethics of war and violence and the separation of church and state among other themes A diverse and powerful portrait of Orthodox Christian legal and political thought this volume underscores the various ways Orthodox Christian intellectuals have shaped modern debates over the family the state religion and society The book concentrates on Russian philosophers Vladimir Soloviev 1853 1900 and Vladimir Lossky 1903 1958 Russian theologian Nicholas Berdyaev 1874 1948 Russian nun and social reformer Mother Maria Skobtsova 1891 1945 and Romanian theologian Dumitru St niloae 1903 1993

**Scaffolds of the Church** Cyril Hovorun, 2018-01-01 Unity is the categorical imperative of the church It is not just the church s bene esse but its esse In addition to being a theological concept unity has become a *raison d etre* of various structures that the church has established and developed All of these structures are supposed to serve the end of unity However from time to time some of them deviate from their initial purpose and contribute to disunity This happens because the structures of the church are not a part of its nature and can therefore turn against it They are like scaffolding which facilitates the construction and maintenance of a building without actually being part of it Likewise ecclesial structures help the church function in

accordance with its nature but should not be identified with the church proper This book considers the evolution of some of these church structures and evaluates their correspondence to their initial rationale It focuses on particular structures that have developed in the eastern part of the Christian oecumene such as patriarchates canonical territory and autocephaly all of which are explored in the more general frame of hierarchy and primacy They were selected because they are most neuralgic in the life of the Orthodox churches today and bear in them the greatest potential to divide

From Benedict's Peace to Francis's War Peter Kwasniewski, 2021-10-23 An anthology of 70 essays and articles by prelates and pastors theologians and canonists philosophers and cultural figures including Cardinal Walter Brandmüller Cardinal Raymond Leo Burke Cardinal Gerhard Müller Cardinal Robert Sarah Cardinal Joseph Zen Archbishop Thomas Gullickson Archbishop Carlo Maria Vigan Bishop Rob Mutsaerts Bishop Athanasius Schneider Msgr Charles Pope Dom Alcuin Reid Abb Claude Barthe Fr John Hunwicke Michael Brendan Dougherty Ross Douthat Edward Feser Michael Fiedrowicz Peter A Kwasniewski Phil Lawler Martin Mosebach George Neumayr Joseph Shaw and many others Already on July 16 2021 the reactions to Pope Francis's severe restrictions on the traditional Latin Mass in Traditionis Custodes were like a river in full flood articles essays interviews podcasts everywhere and from every point of view An emotional spiritual intellectual dam had broken and the waters of discourse poured forth across the world The sheer volume of writing occasioned by Traditionis Custodes is unlike anything seen in the history of papal documents testimony to a neuralgic subject on which arguments proliferate and passions run high The two month period following the release of the motu proprio gave proof that the traditionalist movement was no fringe phenomenon but something that had gained significant strength and sympathy during the relatively peaceful years from 2007 to 2021 the Pax Benedictina to which the book's title refers The purpose of this volume is to gather in one convenient place some of the finest and most appreciated essays and articles published in the period from mid July through September of this fateful year 2021 not only from America and England although these predominate but also from other nations France Germany Switzerland the Netherlands Italy Spain Argentina Poland Kazakhstan and China This book is not and makes no pretense of being a presentation of both sides of the argument It offers a variety of critiques of this profoundly unwise and unpastoral decree which suffers from incoherent doctrinal foundations grave moral and juridical defects and impossible ecclesiological implications

**The Scandal of Sacramentality** Brannon Hancock, 2014-09-25 The sacrament par excellence the Eucharist has been upheld as the foundational sacrament of Christ's Body called church yet it has confounded Christian thinking and practice throughout history Its symbolism points to the paradox of the incarnation death and resurrection of God in Jesus of Nazareth which St Paul describes as a stumbling block skandalon Yet the scandal of

sacramentality not only illustrated by but enacted in the Eucharist has not been sufficiently accounted for in the ecclesiologies and sacramental theologies of the Christian tradition. Despite what appears to be an increasingly post-ecclesial world, sacrament remains a persistent theme in contemporary culture often in places least expected. Drawing upon the biblical image of the Word made flesh, this interdisciplinary study examines the scandal of sacramentality along the twofold thematic of the scandal of language/word and the scandal of the body/flesh. While sacred theology can think through this scandal only at significant risk to its own stability, the fictional discourses of literature and the arts are free to explore this scandal in a manner that simultaneously augments and challenges traditional notions of sacrament and sacramentality and by extension what it means to describe the church as a eucharistic community.

Eucharistic Sacramentality in an Ecumenical Context David J. Kennedy, 2016-04-22 This book explores the epiclesis or invocation of the Holy Spirit in the Eucharistic Prayer using the Anglican tradition as an historical model of a communion of churches in conscious theological and liturgical dialogue with Christian antiquity. Incorporating major studies of England, North America and the Indian subcontinent, the author includes an exposition of inter-church ecumenical dialogue and the historic divisions between western and eastern Eucharistic traditions and twentieth-century ecumenical endeavour. This unique study of the relationship between theology and liturgical text commends a theology and spirituality which celebrates the presence of the Holy Spirit in the Eucharist as present and eschatological gift. It thus sets historic contemporary and ecumenical divisions in a new theological context.

*Religion and Language in Post-Soviet Russia* Brian P. Bennett, 2011-04-29 Church Slavonic, one of the world's historic sacred languages, has experienced a revival in post-Soviet Russia. Blending religious studies and sociolinguistics, this is the first book devoted to Church Slavonic in the contemporary period. It is not a narrow study in linguistics but uses Slavonic as a passkey into various wider topics including the renewal and factionalism of the Orthodox Church, the transformation of the Russian language and the debates about protecting the nation from Western cults and culture. It considers both official and popular forms of Orthodox Christianity as well as Russia's esoteric and neo-pagan traditions. Ranging over such diverse areas as liturgy, pedagogy, typography, mythology and conspiracy theory, the book illuminates the complex interrelationship between language and faith in post-communist society and shows how Slavonic has performed important symbolic work during a momentous chapter in Russian history. It is of great interest to scholars of sociolinguistics and of religion as well as to Russian studies specialists.

Global Tensions in the Russian Orthodox Diaspora Robert Collins, 2022-12-30 This book explores the tensions that have arisen in the diaspora as a result of large numbers of Russian migrants entering established overseas parishes following the collapse of the Soviet Union. These tensions made more fervent by the increasing role of the Church as part of the expression of Russian identity and by the Church's entry into the global culture wars, carry with them alternative views of a range of key issues: cosmopolitanism versus reservation, liberalism versus conservatism and ecumenism versus dogmatism. The book focuses on particular disputes, discusses the

broader debates and examines the wider context of how the Russian Orthodox Church is evolving overall      **Amen** Patrick J. Ryan SJ, 2018-10-10 **Amen Jews Christians and Muslims Keep Faith with God** examines faith as it is understood by Jews Christians and Muslims it does not aim to be a work of systematic theology or a lengthy explication of the contents of different faith traditions It offers Jews Christians and Muslims several approaches to faith as a category of human experience open to God a faithful God who reaches out to grasp the faithful human being at the same time that the faithful human being reaches out to grasp a faithful God This two sided faith divine and human lies at the center of each faith tradition The book examines faith as one might examine a gem gazing at different facets in turn      **The Catonsville Nine** Shawn Francis Peters, 2012-07-12 In the spring of 1968 a group of Catholic anti war activists barged into a draft board in suburban Baltimore stole hundreds of Selective Service records and burned the documents The bold actions of the Catonsville Nine became international news This book tells the story of this singular witness for peace and social justice
