Liturgy And The Moral Self Humanity At Full Stretch Before God:

Liturgy and the Moral Self Bruce T. Morrill, 1998 Liturgical theologian Don Saliers published an essay in 1979 challenging both the Church's and the theological academy's understanding of the relationship of liturgy and ethics. Liturgy and the Moral Self features Saliers' provocative essay, an introductory chapter, and sections on liturgical theology, the formation of character, and words and music, each with a single-page introduction to the chapters that follow.

Teaching That Transforms Debra Dean Murphy, 2007-01-01 Teaching That Transforms challenges the assumption that worship and education should be separated. Instead, argues Debra Dean Murphy, worship, the center of the church's life, is distinctly tied in Christian education and formation. It is in corporate worship that the lives of Christians are most acutely formed and shaped, writes Murphy. All efforts at forming and discipling Christians should presume the centrality of worship. Murphy critiques the predominant modern liberal models of education and lays out a theological account of education that is centered on praise. She then explains how this alternative approach would change and renew Christian education.

Gathered for the Journey David Matzko McCarthy, M. Therese Lysaught, 2007-08-28 Gathered for the Journey sets moral reasoning in a theological context of worship and discipleship. Part 1 provides a framework for the moral life based on questions of human fulfillment. Part 2 and demonstrates how these theological resources shape a distinctive approach to questions of globalization, Catholic social teaching, the family, war and peace, bioethics, and the environment. Part 3 McCarthy and Lysaught have crafted a distinctively unified collection. Gathered for the Journey represents a common project among Catholic scholars who are struggling with similar questions about living faithfully. Pastoral Theology for Public Ministry Stephen Burns, 2015-10-01 What does it mean to be engaged in Christian ministry in a shifting spiritual and religious landscape? Stephen Burns invites readers to think anew about the distinctiveness of public practices of pastoral presence. Rather than narrowly defining pastoral care and pastoral theology, pastoral counseling, preaching, youth groups, visits to elders, etc., and theological academic categories, history, pastoral theology, liturgy, ethics, and contemporary sociology, he argues for a new imagination and practice of pastoral

Tapper, 2017-05-08 This volume offers a landmark analysis of the trinitarian impulses in contemporary worship music used by the Pentecostal Assemblies of Canada PAOC It considers whether the lyrics from the most commonly used PAOC songs are consistent with this Evangelical group's trinitarian statement of faith Colin Gunton's trinitarian theology provides the theological rationale for eight original and qualitative content analyses of these songs Three major areas are considered the doctrine of God human personhood and cosmology Making use of Gunton's notions of relationality particularity and perichoresis along with several key Pentecostal scholars this book serves as a helpful descriptive and prescriptive theological resource for the dynamic practice of a trinitarian faith

The Eucharist and World Hunger Izunna Okonkwo, 2011-12-21 Hunger is a menace in different parts of the globe It has more unnatural than natural causes Though efforts have been made towards alleviating its causes and consequences more actions still need to be taken for its genuine alleviation and eventual eradication in the world For Joseph Grassi painful hunger is a daily occurrence that

must be countered by ongoing effective programs that enter into the lives of every Christian. Such position not only recognises the frequency and excruciating nature of hunger but also suggests that Christians and other religious groups have a very important role to play in order to eradicate hunger and its devastating effects. This book explores the nuances of hunger, its causes, dimensions and approaches as well as its connection to the Eucharist. It argues that hunger can be eradicated and that the Eucharist stands out as a veritable model.

Evangelical versus Liturgical? Melanie Ross, 2014-07-02. Why is there such a deep divide between evangelical and liturgical churches especially when it comes to worship? How did this unfortunate evangelical/liturgical dichotomy develop and what can be done about it? In this book Melanie Ross draws on historical analysis, systematic theology and the worship life of two vibrant congregations to argue that the common ground shared by evangelical and liturgical churches is much more important than the differences that divide them. As a longtime evangelical church member who is at the same time a teacher of liturgical studies, Ross is well qualified to address this subject and she does so with passion and intelligence. *Evangelical versus Liturgical* is an important addition to the scant literature explaining nondenominational worship practices to those from more historically established liturgical traditions.

Tending the Fire That Burns at the Center of the World David F. White, 2022-07-29. *Tending the Fire That Burns at the Center of the World* engages the central question of Christian formation: that is, what kind of knowing is most likely to awaken and sustain Christian faith? This book seeks to reclaim aesthetics, beauty and creativity as the church's most native theological way of knowing and being, which participates with God's own glory and creativity. This book traces the prominence of aesthetics up until the dawn of the Enlightenment, including recent theologians who reclaim aesthetics for theology and formation. The book elaborates the aims and techniques of aesthetic approaches to teaching and learning in the church. Finally, this book cautions against overly determined rationalisms and moralisms that do not retain a sense of wonder, delight and openness in the church's teaching, liturgy and proclamation. In this view, the church does not simply regurgitate familiar texts, political tropes or flattened doctrines but breaks into the world as Christ's body, a parable, a song, a flash mob interrupting business as usual, giving new expression to acts of care, repentance, forgiveness, joy and communion, awake to the beauty of God's gifts and inviting our worship.

Reading Religious Ritual with Ricoeur Christina M. Gschwandtner, 2021-08-20. *Reading Religious Ritual with Ricoeur: Between Fragility and Hope* creates a dialogue between Ricoeur's hermeneutic philosophy and the interpretation of human ritual practices, especially as such practices are manifested within the context of Christian liturgy. In the first part of the book, Christina M. Gschwandtner shows that Ricoeur's account of religion would be deepened if it were to take into account not only the biblical texts but also forms of liturgical expression and ritual actions. She challenges Ricoeur's early reading of the symbol and secondarily broadens his interpretation of biblical texts and faith to consider religious actions more fully and suggests that ritual can enhance human capacities. The second part of the book employs Ricoeur's hermeneutics in order to shed light on the analysis of liturgy, demonstrating that his

accounts of truth of the world of the text of religious language of the imagination and of the formation of identity are all eminently applicable to liturgical experience Reading Religious Ritual with Ricoeur shows that one of the most significant themes in Ricoeur's work the tension between fragility and hope is especially helpful for understanding what liturgy does and how it functions Seeing how liturgy and ritual configure fragility and hope also enriches Ricoeur's account of the role and function of religion in human experience

Evangelical Worship Melanie C. Ross, 2021-09-17 Say the words evangelical worship to anyone in the United States even if they are not particularly religious and a picture will likely spring to mind unbidden a mass of white middle class worshippers with eyes closed faces tilted upward and hands raised to the sky Weaving together insights from American religious history and liturgical studies and drawing on extensive fieldwork in seven congregations Melanie C Ross brings contemporary evangelical worship to life Critics have underestimated evangelical worship seeing it as little more than a manipulative effort to arouse devotional exhilaration This book will irrevocably change that interpretation revealing worship to be the site where congregations forge argue over and enact their unique contributions to the American mosaic known as evangelicalism

Lamport, 2021-07-20 This volume brings together an ecumenical team of scholars to present key theological concepts related to worship to help readers articulate their own theology of worship Contributors explore the history of theology's impact on worship practices across the Christian tradition highlighting themes such as creation pneumatology sanctification and mission The book includes introductions by N T Wright and Nicholas Wolterstorff A forthcoming volume will address the historical foundations of worship

Speaking with Aquinas David Farina Turnbloom, 2017-02-01 According to Thomas Aquinas the Eucharist is meant to build up the unity of the church This desired ecclesial unity is however not often given adequate treatment In *Speaking with Aquinas* David Farina Turnbloom seeks to describe the relationship between the celebration of the Eucharist and the unity of the church By examining Aquinas's treatment of grace and virtues this book allows the reader to understand Aquinas's eucharistic theology within the context of the spiritual life of the church In the end Turnbloom retrieves a Thomistic theology of the Eucharist that arises from Aquinas's concern for the virtuous life of the church rather than a eucharistic theology that too narrowly focuses on theories of transubstantiation

Public Worship and Public Work Christian Batalden Scharen, 2004 Description In a time of increasing cultural pluralism and vast religious restructuring in the United States Christian social ethics must take account of how values and commitments shape Christian communities In *Public Worship and Public Work* Christian Scharen examines theological claims about the relationship of worship and ethics by means of ethnographic study of the life worship and work of three vibrant congregations *Public Worship and Public Work* moves beyond two caricatures of the relationship between worship and social ethics Rather than resolute portrayals of the Church as a reflection of its culture and context and causal accounts of the Church's liturgy forming a Christian witness over and against culture this book lifts up congregational

identity as an area of dynamic interaction between worship social ethics and culture Chapters in Part One are Liturgy and Social Ethics Characterizing a Debate and Sociologizing the Debate Identity Ritual and Public Commitment Chapters in Part Two Three Case Studies in Atlanta s Old Downtown are People Living Church The Catholic Shrine of the Immaculate Conception Jesus Saves Big Bethel African Methodist Episcopal Church and The Church at Work Central Presbyterian Church Part Three concludes with The World in the Church in the World
