Lived Experience Reflexivity And Research On Perpetrators Of Interpersonal Violence:

Domestic Violence Perpetrators John Devaney, Anne Lazenbatt, 2016-07-15 Domestic violence is a serious widespread public social and health problem that affects the lives of many women children and men There is also evidence to suggest it has one of the highest rates of recidivism This comprehensive book provides an overview of what the research tells us about the perpetrators of domestic violence and what works and what doesn't in promoting positive change Collecting together the most up to date evidence from the international literature and bringing psychological sociological gendered and socio political theoretical perspectives to bear on the issue the authors explore what domestic violence is why it happens and how it can be measured who the perpetrators of domestic violence are including discussion of non stereotypical patterns such as male victims female perpetrators couples where the abuse is mutual and couples with abusive relationships who want the abuse to end but the relationship to be sustained strategies for engaging perpetrators in interventions and for promoting behaviour change evidence informed interventions programmes and policies for working with perpetrators where robust evidence is lacking and more research needs to be undertaken Domestic violence is a significant problem for those individuals and families whose life is affected by this issue the social health and criminal justice agencies that respond to it and wider society which must bear the costs and its devastating effects This volume is an important reference for all those researching and working with the victims survivors and perpetrators of domestic violence including academics and students from fields such as social work sociology criminology psychology and social policy *Researching Gender, Violence and Abuse* Nicole Westmarland, Hannah Bows, 2018-11-13 Feminist research on gender violence and abuse has been an area of academic study since the late 1970s and has increased exponentially over this time on a global scale Although situated in a predominantly qualitative tradition research in the field has developed to include quantitative and mixed methodologies This book offers a compendium of research methods on gender and violence from the traditional to the innovative and showcases best practice in feminist research and international case studies *Researching Gender Violence and Abuse* covers The origins of feminist research Ethical considerations relating to research on gender violence and abuse Working in partnership with organisations such as the police or the voluntary sector A comprehensive range of research methods including interviews and focus groups surveys arts based research and ethnography The challenges and opportunities of working with existing data The influence of activism on research and the translation of research into policy and practice This book is perfect reading for students taking courses on violence against women domestic violence gender and crime as well as advanced students embarking on new research *Handbook of Sensitive Research in the Social Sciences* Pranee Liamputtong, 2025-03-12 Conducting sensitive research in the social sciences requires meticulous attention to ethical considerations methodological rigour and emotional intelligence In this comprehensive Handbook Pranee Liamputtong brings together a diverse array of expert contributing authors to reflect on best practice and to discuss the growing attention to this type of research in the

social sciences The Oxford Handbook of Qualitative Research Patricia Leavy, 2014 The Oxford Handbook of Qualitative Research presents a comprehensive and student friendly overview of the field of qualitative research and is intended for students of all levels faculty and researchers across the social sciences It provides strong focus on methods instruction with coverage of theoretical approaches analysis writing evaluation and the politics of research **Empirical Research and Normative Theory** Alexander Max Bauer, Malte Meyerhuber, 2020-04-20 Two questions often shape our view of the world On the one hand we ask what there is on the other hand we ask what there ought to be Empirical research and normative theory the methodological traditions concerned with these questions entered a difficult relationship from at least as early as around the time of the advent of modern sciences To this day there remains a strong separation between the two domains with both tending to neglect discourses and results from the other Contrary to a verdict of strict segregation between is and ought there are nowadays various attempts to integrate both theoretical approaches This calls for a discourse on the relation between empirical research and normative theory In this volume scholars from different disciplines including psychology sociology economics and philosophy discuss the possible desired or undesired influences on and limits of the integration of these two approaches Developing Research Based Social Work Practice Joan Orme, David Shemmings, 2018-06-26 This book explores how research can improve the quality of social work It provides an overview of the core theoretical concepts and the processes and practices in undertaking research Locating the place of social work research within the social sciences this innovative book promotes critical debate to strengthen both the research base and day to day practice It is designed to encourage reflective research practitioners professionals who are both critically reflective and research aware and does so by Presenting a range of approaches within research Highlighting distinctive aspects of social work research such as emancipatory Research and researching sensitive topics Reflecting on the strengths of research and identifying how to utilise findings Introducing beginning researchers to the rationales for undertaking research Highlighting the importance of how research informs practice this book is essential reading for students on qualifying and post qualifying courses practitioners managers and policy makers **Trauma-Informed Care in Social Work Education** Lea Tufford, Arielle Dylan, 2025-03-28 Structured and informed by social justice orientations this essential volume explores how trauma informed care can be integrated in all aspects of social work education This handbook incorporates a critical and ecologically focused lens with an emphasis on resilience healing and strengths based approaches With contributions from over 60 experts in the field of social work education psychology and counselling this comprehensive book provides current understandings of how trauma manifests in the lived experience of social work students The book begins by introducing why trauma informed care is needed in social work and addresses the reality of historical trauma Each chapter views the social work student at the center of the educational journey and considers how trauma can shape experiences in various settings such as the classroom curriculum field educational policy and community involvement and support services Chapters cover topics such as the

neuroscience of trauma poverty disability racism experiential approaches online course delivery climate change mindfulness student mental wellbeing and more This handbook is a must read for social work educators and field instructors who seek to prevent and lessen trauma in their social work pedagogy It is also beneficial for undergraduate and graduate courses such as child and youth care addiction services and foundations of social work Where Am I in the Picture? Claudia Mitchell,Katarina Giritli-Nygren,Relebohile Molestane,2023-12-18 Positionality and researcher reflexivity how to account for one s subject position remain as challenges for new researchers But they also remain as challenges for experienced researchers who are often involved in multiple research projects simultaneously Where Am I in the Picture sheds light on the idea of researcher positionality through visual methodologies particularly in the context of studying rurality in Canada Sweden and South Africa The book is intended for new and experienced researchers seeking to decolonize their own perspectives in research in the social sciences and humanities It incorporates photographs drawings and memory work to highlight the social constructedness of what counts as rural Drawing together compelling narratives from researchers about their positionality in studying rurality the book highlights a need for greater attention to where we are in the picture more broadly It suggests that when it comes to the rural researchers need to rethink the interplay of dominant images insider and outsider perspectives and what this interplay means in relation to interpretation Where Am I in the Picture presents a new vision of how to take into consideration positionality in research Therapeutic Assessment and Intervention in Childcare Legal Proceedings Mike Davies,2015-09-16 This book draws upon the author s first hand clinical experience as an Expert Witness in child and family legal proceedings to explore the success of psychotherapy assessments and interventions Focusing on families who are seeking to be re united after the removal of their children into foster care Mike Davies discusses critical aspects of therapy which can help to identify and engage those who will benefit from additional support Chapters combine heuristic case studies and narrative research methodologies considering parents stories self identity issues and assessment criteria to uncover an emerging framework that illuminates an innovative therapeutic approach Divided into three parts the book develops a comprehensive overview of and thorough investigation into therapeutic assessment during childcare legal proceedings including explorations into crucial issues such as how and why some families are granted therapeutic intervention as well as the level of understanding and expertise that professionals and local services can provide in these contexts Therapeutic Assessment and Intervention in Childcare Legal Proceedings will be of key reading for researchers academics and postgraduate students in the fields of child and adolescent mental health law social work and psychotherapy The book will also be of interest to social workers expert psychologists psychotherapists family therapists psychiatrists and those specialising in public law Evaluation Landscape in Africa Caitlin Blaser Mapitsa,2019-09-01 This book explores the discourse on evaluation in Africa and answers these questions What is the purpose of evaluation in the region based on the evaluations currently being conducted What is the professional background of evaluators in Africa What

methods are used in evaluations in the region What is the status of evaluation capacity development in the region How is the quality of evaluations being conducted in Africa The book looks at the evaluation field in its entirety It does not focus on practice but includes considerations for the evaluation sector that apply to evaluation commissioners programme beneficiaries donors capacity builders and the entire constellation of stakeholders working on improving development practice It hopes to promote a data driven approach to the evaluation sector to help strengthen engagement and practice

Qualitative Research in Social Work Anne E. Fortune, William J. Reid, Robert Miller, 2013-06-11 In this volume progressive experts survey recent trends in qualitative study which relies on small sample groups and interview data to better represent the context and complexity of social work practice Chapters address different approaches to qualitative inquiry applications to essential areas of research and practice integration of qualitative and quantitative methods and epistemological issues This second edition brings even greater depth and relevance to social work qualitative research including new material that tackles traditional research concerns such as data quality ethics and epistemological stances and updated techniques in data collection and analysis To increase the usefulness for students and researchers the editors have reorganized the text to present basic principles first and then their applications and they have increased their focus on ethics values and theory New and revised illustrative studies highlight more than ever the connection between effective research and improved social functioning among individuals and groups The collection continues to feature scholars and practitioners who have shaped the social work research practice canon for more than twenty years while also adding the innovative work of up and coming talent

The SAGE Handbook of Social Work Research Ian Shaw, 2009-12-10 This is an ambitious book It aims at nothing less than a comprehensive account of the state of the art of social work research internationally and an intellectually original statement that will help to define and shape social work research Those with a serious interest in social work research will agree that this is a major undertaking and one that should put social work research on the map Ian Sinclair University of York UK This terrific Handbook provides an essential map for navigating the complex currents of social work research today It resists polemical and simplistic binaries to chart a course that emphasizes diversity pluralism and sensitivity to political contexts in many featured exemplars As key chapters note inherent tensions at the heart of social work itself are mirrored in current debates about the purposes and methods of social work research Rather than patch over differences the volume invites us to understand historical roots of unresolvable tensions and live with them The international scope of the volume is unique scholars from more than a dozen different countries were involved and its broad scope counters the tendency toward parochialism of much North American literature The Handbook should be essential reading for students and academics Catherine Riessman Boston University USA The SAGE Handbook of Social Work Research provides a comprehensive internationally focused account of leading social work research offering an original and defining statement on contemporary theory and practice within the field The groundbreaking Handbook engages critically with the nature and role

of social work research and evaluation in contemporary societies around the globe and asks four key questions What is the role and purpose of social work research What contexts shape the practice and purpose of social work research How can we maximise the quality of the practice of social work research How can the aims of social work in its varied domains be met through social work research Ranging over local national and international issues and exploring questions of theory and practice this is a diverse and constructively organized overview of the field It will quickly be recognized as a benchmark in the expanding field of social work research setting the agenda for future work in the arena
