come first but it was Harris who really took the genre to a new level of contemporary popularity Harris acknowledges that when she entered the field it was relatively open except for Laurell K Hamilton whose vampire stories attracted followers but quickly became too sexually graphic for some readers Harris built on the field in a very different way creating a highly realistic community of supernaturals and many many others soon followed While writers like Stephenie Meyer might argue that they brought their own ideas to the table the genre would not have taken life had Charlaine Harris not paved the way She engaged readers and piqued interest in the notion that vampires and other supernatural creatures live amongst us every day and she created vampire characters that really could be the guy or girl next door In Charlaine Harris s supernatural family one of the most intriguing characters is Bubba We first meet Bubba near the end of Dead Until Dark 2001 Sookie is watching from her farmhouse porch swing when her co worker Arlene arrives to pick up her children whom Sookie had been babysitting As Arlene and her boyfriend Rene who is later revealed as the novel s villain are leaving they are introduced to a handsome vampire with thick black hair combed into an improbably wavy style by Sookie s new boyfriend vampire Bill As Sookie watches from a distance she notices that the newcomer seems very familiar husky taller than Bill and he wore old jeans and an I Visited Graceland T shirt Sookie comes to a realization of the newcomer s identity in a moment that likely sent thrills through a permanent part of literary history Oh my God It was the man from Memphis Sookie Bill said warningly this is Bubba Bubba I repeated not quite trusting my ears Yep Bubba the vampire said cheerfully goodwill radiating from his fearsome smile That s me Pleased to meetcha I shook hands with him making myself smile back Good God Almighty I never thought I d be shaking hands with Him Sookie meets Bubba in Dead Until Dark Bill pulls Sookie aside and explains why some of the sightings are true while warning her to never call Bubba by his real name Apparently when the Man from Memphis had been brought to the morgue one of the undead who happened to be a huge fan was working as the morgue attendant Detecting a tiny spark of life he brought him over making him vampire But the chemicals in the King s system had not translated well leading to an Elvis not Elvis vampire known as Bubba After his installation as Sookie s protector that night Bubba soon becomes a friend and he plays a significant role in the many plot twists of buy the book to continue reading

The latest development concerning the metaphorical use of the fairy tale is the legal perspective The law had and has recourse to fairy tales in order to speak of the nomos and its subversion of the politically correct and of the various means that have been used to enforce the law Fairy tales are a fundamental tool to examine legal procedures and structures in their many failings and errors Therefore we have privileged the term fables of the law just to stress the ethical perspective they are moral parables that often speak of justice miscarried and justice sought Law and jurists are creators of fables on the view that law is born out of the facts ex facto ius oritur so that there is a need for narrative coherence both on the level of the case and the level of legislation or turned the other way around what does it mean if no such coherence is found This is especially of interest given the influx of all kinds of new technologies that are fabulous in themselves and hard to incorporate in traditional doctrinal schemes and thus in the construction of a new reality Truly, Madly, Deadly Becca Wilcott,2010-12-15

The Undead Among Us - The Figure of the Vampire as the "Unknown Other" and Its Representation in "True Blood" Felicitas Schott, 2018-06-26

Initial point and working hypothesis Drakul Nosferatu Upyr Vampyre There have been many names for what we know today as the vampire It is believed that the existence of the vampires goes back in time for almost one thousand years At least since Bram Stoker's successful novel Dracula from 1897 almost everyone is familiar with the image of the walking undead that creeps out of its coffin at night and sucks the blood out of humans Today's American popular culture makes it even inevitable to not be faced with vampires on television in advertisement on cereal boxes or even in educational programs for children The undead has always been appealing to viewers especially of the horror and fantasy genre Zombies ghosts demons mummies and vampires have been present in movies and on television ever since the invention of the motion picture at the turn of the twentieth century It is the otherness

of such monsters their frightful darkness and exoticism that makes them so interesting Since the turn of the twenty first century a striking popularity of the undead figure of the vampire in American popular culture is particularly notable Since F W Murnau s masterpiece *Nosferatu* in 1922 it is not possible anymore to imagine cinema and television without these nocturnal creatures The vampire has always been serving as a metaphor for something strange for anxieties and hidden desires in society What it has in common with other undead figures in American popular culture is its representation as a monster The vampires otherness their mystical darkness hypnotizing men seducing women longing for life and its taste in human blood that is what makes the figure of the vampire so extraordinary fascinating and engaging to today s movie and television audience This thesis deals with the figure of the vampire regarded as the unknown other and how it is fictionally represented in the American TV series *True Blood* 2008 The thesis argues that the figure of the vampire in postmodern American popular culture lost some of its otherness to a certain extent and cannot be regarded as a monster per se anymore
