Time in Fashion Caroline Evans,Alessandra Vaccari,2020-07-09 Few phenomena embody the notion of time as well as fashion Fast moving and rooted in the now it s constantly creating its own past through the process of rapid style change Uniquely poised between the past and the future fashion s relationship with time is unorthodox Rather than considering time in the conventional sense this anthology explores three alternative ways to think about fashion and time the first identifies the seasonal nature of fashion as an industry and shows how this has impacted on workers and wearers alike The second looks at

fashion design as a ceaseless process of adaptation reconstruction and recombination of motifs in which nostalgia and revivals play their part The third construes fashion s imaginary with its capacity for fantasy and myth making as a form of alternate history that asks what if Within this framework key classic texts are juxtaposed with lesser known ones in an interdisciplinary approach that includes philosophy history literature media and fashion design ranging from the 18th century to the present It will be of interest to anyone wishing to understand one of the most complex yet inescapable aspects of fashion its relationship to time and will be a critical resource for undergraduate and postgraduate students in the humanities and all those interested in fashion in all its creative commercial and cultural aspects

Real Life In London John Badcock Pierce Egan,2016-08-19 They order these things better in London replied the Hon Tom Dashall to an old weather beaten sportsman who would fain have made a convert of our London Sprig of Fashion to the sports and delights of rural life The party were regaling themselves after the dangers and fatigues of a very hard day s fox chace and while the sparkling glass circulated each anxious to impress on the minds of the company the value of the exploits and amusements in which he felt most delight became more animated and boisterous in his oratory forgetting that excellent regulation which forms an article in some of the rules and orders of our Free and Easies in London that no more than three gentlemen shall be allowed to speak at the same time The whole party consisting of fourteen like a pack in full cry had with the kind assistance of the rosy god become at the same moment most animated not to say vociferous orators The young

squire Bob Tally ho as he was called of Belville Hall who had recently come into possession of this fine and extensive domain was far from feeling indifferent to the pleasures of a sporting life and in the chace had even acquired the reputation of being a keen sportsman but the regular intercourse which took place between him and his cousin the Hon Tom Dashall of Bond Street notoriety had in 2 some measure led to an indecision of character and often when perusing the lively and fascinating descriptions which the latter drew of the passing scenes in the gay metropolis Bob would break out into an involuntary exclamation of Curse me but after all this only is Real Life while for the moment horses dogs and gun with the whole paraphernalia of sporting were annihilated Indeed to do justice to his elegant and highly finished friend these pictures were the production of a master hand and might have made a dangerous impression on minds more stoical and determined than that of Bob s
