Living Longer And Enjoying Life More:

An Essay on Longevity Sir John Sinclair, 1802 **Life at DrTom's: Mostly Humorous Anecdotes by a Mostly Retired Cornell Professor** Thomas A. Gavin, 2013-02

Life at DrTom's is a diverse collection of easy to digest anecdotes about human behavior wildlife children wives and more from the perspective of a retired Ivy League professor DrTom taught classes in biology and conservation at Cornell University for almost 30 years and he conducted research on birds and mammals in the U S and abroad But he has found that observing humans and describing the human condition are as interesting as the study of wild animals DrTom writes with a somewhat cynical view about his own species in a way that will make you say hey I never thought of that Spanning six decades DrTom describes the colorful experiences that vary from studying squirrels on a cattle ranch in Idaho living in the rainforest of Costa Rica attending a geisha like party in Korea playing tennis for Ohio State to smoking a cigar while sipping a scotch in the forest surrounding his New York home These moments have sharpened his power of observation and informed his impression of what makes human behavior so curious But this life long exploration of what makes life interesting has generated the tangible he celebrates the most the memory of these rich encounters Readers will have no difficulty relating to DrTom's observations and conclusions about the experiences he shares You will see yourself in many of the uncanny situations in which he has found himself as a father grandfather husband teacher and retired baby boomer Regardless of your age gender or educational background the prose will make you laugh or pause or think more deeply about what you see around you

Born to be Happy Enjoy Life to the full by Prasanna Rao Bandela Prasanna Rao Bandela, We human beings have only one life to live then why not celebrate and enjoy it s all of us are born with valuable gifts to make our lives happy but we hardly make use of their full potential If only we realise this all of us can enjoy life Our domain is the present Let us not allow ourselves to drift into the past nor should we avoid the realities of the moment by thinking about the future We know we cannot change the past but we can ruin the present if we are not careful So let us not squander the precious little lifetime given to us by feeling sorry for the past that never returns or worrying about the future that is uncertain let us try to optimise joy in our lives by focusing on the here and now Joyful moments can make a lifetime of happiness their memories can create a heaven on earth Remember we have only one change to live the happy life of a unique human being and nobody gets a second chance The why not choose to live a joyful life as long as we live
