

Thirsty crow

Once there was a crow flying in the sky. It was hot summer and he felt thirsty. He looked for water here and there. But he could not find any water.

At last he saw a pot with a little water at the bottom of it. He tried, but could not reach the water. He got an idea to rise up the water level. So, he picked up the small stones nearby and dropped them into the pot one by one. Now the water rose up. He drank the water and flew away happily.

Endless Siege Krzysztof Iwanek, 2022-05-13 This is an ethnographic study of the Vidya Bharati chain of schools in India which are run by a Hindu nationalist organization called the Rashtriya Swayamsevak Sangh RSS The first study of its kind this volume is an important narrative on the role and impact of textbooks in modern India Despite having limited resources they are run on a tight budget and being based on a radical ideology that derives from a Hindu nationalist agenda the Vidya Bharati schools have achieved considerable success in the free market of private education and have grown to over 12 000 schools within 40 years They are

an important example of the interlinkage between ideology and nationalism in contemporary India The author analyses school structure curriculum teaching quality institutional goals and ideology in an effort to identify reasons behind Vidya Bharati s success and to show through his field research that a combined strategy of pragmatism blended with ideology has allowed the schools to become highly sought after This analysis then asks broader questions about the failures of the public education system in India **Bibliography of Instructional Materials for the Teaching of German** California.
