## **Literacy Lessons To Help Kids Get Fit Healthy:**

**The Teacher's Guide to Media Literacy** Cyndy Scheibe, Faith Rogow, 2012 A Deeper Sense of Literacy is the first book to suggest that media literacy is both a content area and an approach to teaching that can be integrated into any subject area. It combines theory and practical application in a way that addresses the most important questions related to media literacy in education today: what is it, why is it important, how can you teach it across a wide range of curriculum areas and grade levels, and does it work? Rather than focusing on how to teach media literacy, Scheibe and Rogow focus on actually using media literacy to teach lessons across the content areas.

**Engaging Minds in the Classroom** Michael F. Opitz, Michael P. Ford, 2014-01-19 How do you motivate a classroom of bored teenagers, self-absorbed tweens, or energetic younger students to learn? In this book, you'll explore what Michael F. Opitz and Michael P. Ford have discovered about planning lessons that engage students and enable them to truly enjoy learning. The authors outline key findings from research on motivation and engagement and offer real-life teaching examples from various grades. They show how to systematically propel students to enjoy using their minds every day and to view themselves as confident learners ready to take on the challenges of the world. **Engaging Minds in the Classroom** is a must-read for any educator who understands that developing students' love of learning is the catalyst for achievement at every level. Michael F. Opitz is professor emeritus of reading education at the University of Northern Colorado and is a literacy consultant and coach and author of several publications and reading programs. Michael P. Ford is chair of the Department of Literacy and Language, University of Wisconsin-Oshkosh. He is also an experienced Title I reading and 1st grade teacher. Ford is the author of several books and reading publications.

**Literacy Lessons to Help Kids Get Fit & Healthy** Michael F. Opitz, Jennifer Davis-Duerr, 2010 Literacy-rich, ready-to-use lessons with easy-to-implement fitness exercises combine physical, nutritional, social, and emotional fitness into such classroom routines as guided reading, independent reading, read-aloud, and writers' workshop.

**Empowering Kids to Shape Our Future** Briony Taylor, 2010 Briony Taylor has created a series of lesson plans for the primary years to help fill developing minds with information skills and procedures that can be applied to shaping our planet's future.
