Literary Portraits Of China:

Literary Portraits of China James Philip Nelson, Ashkaine Hora Adema, Nigel Cameron, 1995 **Imperfect Understanding** Yuan-ning Wen, 2022 Imperfect Understanding is an extraordinary artifact of Chinese literary and social history. The people written about are among the most important figures of the Republican era and the particular perspective on them presented by the essays is of both literary and historical importance. *The Chinese Classic Novels (Routledge Revivals)* Margaret Berry, 2010-10-18 First published in 1988 this reissue is an important work in the field of national literary exchange. Declared by American Library Association in its Choice publication one of the ten best reference works of 1988 the volume has survived global change politically socially economically religiously aesthetically to promote cultural dialogue between China and the West. Besides the scores of annotated sources the introductory essays remain as authentic and moving as the day of their appearance. Equally to be observed is accelerating demand especially in academic institutions for global cultural exchange through national literatures. How can we of the English speaking world for example adequately understand and converse with our Chinese counterparts without some appreciation of their culture notably of Confucian and Taoist roles in their history as reflected in their literature. Overall a pioneering work whose reissue will be welcomed by both scholars and general readers alike. *Engendering the Woman Question: Men, Women, and Writing in China's Early Periodical Press* Yun Zhang, 2020-08-31 In *Engendering the Woman Question* Zhang Yun adopts a new approach to examining the early Chinese women's periodical press. Rather than seeing this new print and publishing genre as a gendered site coded as either feminine or masculine this book approaches it as a mixed gender public space where both men and women were intellectually active and involved in dynamic interactions to determine the contours of their discursive encounters. Drawing upon a variety of novel textual modes such as polemical essays historical biography public speech and expository essays this book opens a window onto men's and women's gender specific approaches to a series of prominent topics central to the Chinese woman question in the early twentieth century. Publishers' Circular and Booksellers' Record of British and Foreign Literature, 1882 *Racial Reconstruction* Edlie L. Wong, 2015-10-23 The end of slavery and the Atlantic slave trade triggered wide scale labor shortages across the U S and Caribbean. Planters looked to China as a source for labor replenishment importing indentured laborers in what became known as coolieism. From heated Senate floor debates to Supreme Court test cases brought by Chinese activists public anxieties over major shifts in the U S industrial landscape and class relations became displaced onto the figure of the Chinese labor immigrant who struggled for inclusion at a time when black freedmen were fighting to redefine citizenship. *Racial Reconstruction* demonstrates that U S racial formations should be studied in different registers and through comparative and transpacific approaches. It draws on political cartoons immigration case files plantation diaries and sensationalized invasion fiction to explore the radical reconstruction of U S citizenship race and labor relations and imperial geopolitics that led to the Chinese Exclusion Act America's first racialized

immigration ban By charting the complex circulation of people property and print from the Pacific Rim to the Black Atlantic Racial Reconstruction sheds new light on comparative racialization in America and illuminates how slavery and Reconstruction influenced the histories of Chinese immigration to the West

The Evolution of Chinese Popular Music Ya-Hui Cheng, 2023-04-14 Ya Hui Cheng examines the emergence of popular music genres jazz rock and hip hop in Chinese society covering the social underpinnings that shaped the development of popular music in China and Taiwan from imperialism to westernization and from modernization to globalization The political sensitivities across the strait have long eclipsed the discussion of these shared sonic intimacies It was not until the rise of the digital age when entertainment programs from China and Taiwan reached social media on a global scale that audiences realized the existence of this sonic reciprocity Analyzing Chinese pentatonicism and popular songs published from 1927 to the present this book discusses structural elements in Chinese popular music to show how they aligned closely with Chinese folk traditions While the influences from Western genres are inevitable under the phenomenon of globalization Chinese songwriters utilized these Western inspirations to modernize their musical traditions It is a sensitivity for exhibiting cultural identities that enabled popular music to present a unique Chinese global image while transcending political discord and unifying mass cultures across the strait

Ghosts and Religious

Life in Early China Mu-Chou Poo, Muzhou Pu, 2022-01-27 What did ghosts look like what did they do and what can they tell us about Chinese culture and society

Modern Chinese Writers Helmut Martin, Jeffrey C. Kinkley, 2016-09-16 This volume gathers personal reflections on life and literature by 44 of China's leading authors. It aims to illustrate how Chinese society and its creative writing have supported, competed and fought with each other for the past 40 years and more. Much of what is revealed here is mundane but the pressure of bringing art to social and political causes indeed the universal pressure to survive forges this collection into a very human document. The strengths and weaknesses of these essays offer a window on those of modern Chinese literature itself. Realism was the favoured literary doctrine of the day and reflecting this most of these essays speak for themselves about war, revolution, betrayal and commitment. Edinburgh Companion to Anthony Trollope Van Dam Frederik Van Dam, 2018-11-14 Explores the many ways in which Anthony Trollope is being read in the twenty-first century. Since the turn of the century the Victorian novelist Anthony Trollope has become a central figure in the critical understanding of Victorian literature. By bringing together leading Victorianists with a wide range of interests, this innovative collection of essays involves the reader in new approaches to Trollope's work. The contributors to this volume highlight dimensions that have hitherto received only scant attention and in doing so they aim to draw on the aesthetic capabilities of Trollope's twenty-first-century readers. Instead of reading Trollope's novels as manifestations of social theory, they aim to foster an engagement with a far more broadly theorised literary culture.

Key Features The most innovative collection of original essays on Anthony Trollope to date. Enables the reader to see the direction of Trollope studies and Victorian studies in the twenty-first century. Situates Trollope's work in newly emerging critical contexts such as media networks and economics. Makes use of pioneering developments in stylistics, ethics, epistemology and reception history.

Eating Asian America Robert Ji-Song Ku, Martin F. Manalansan, Anita Mannur, 2013-09-23 Examines the ways our conceptions of Asian American food have been shaped. Chop suey. Sushi. Curry. Adobo. Kimchi. The deep associations Asians in the United States have with food have become ingrained in the American popular imagination. So much so that contentious notions of ethnic authenticity and authority are marked by and argued around images and ideas of food.

Eating Asian America: A Food Studies Reader collects burgeoning new scholarship in Asian American Studies that centers the study of foodways and culinary practices in our understanding of the racialized underpinnings of Asian Americanness. It does so by bringing together twenty scholars from across the disciplinary spectrum to inaugurate a new turn in food studies: the refusal to yield to a superficial multiculturalism that naively celebrates difference and reconciliation through the pleasures of food and eating. By focusing on multi-sited struggles across various spaces and times, the contributors to this anthology bring into focus the potent forces of class, racial, ethnic, sexual and gender inequalities that pervade and persist in the production of Asian American culinary and alimentary practices, ideas and images. This is the first collection to consider the fraught itineraries of Asian American immigrant histories and how they are

inscribed in the production and dissemination of ideas about Asian American foodways *A Catalogue of the Most Important Books Available for Free Circulation Among Subscribers to 'The Times'* The Times, London. Book club,1905
