## **Literary Studies Classic Reprint Joseph:**

The Life of Such is Life Roger Osborne, 2022-03-01 Since its publication in 1903 Joseph Furphy's *Such is Life* has become established as an Australian classic. But which version of the novel is the authoritative text and what does its history reveal about Australian cultural life? From Furphy's handwritten manuscript through numerous editions, a controversial abridgement for the British market condemned by A. D. Hope as a mutilation, and periods of obscurity and rediscovery, the text has been reshaped and repackaged by many hands. Furphy's first editors at the *Bulletin* diluted his socialist message and corrected his Australian slang to create a more marketable book. Later literary players including Vance and Nettie Palmer, Miles Franklin, Kate Baker, and Angus Robertson all took an interest in how Furphy's work should be published. In a fascinating piece of literary detective work, Osborne traces the book's journey and shows how economic and cultural forces helped to shape the novel we read today.

**Faulkner and the Politics of Reading** Karl F. Zender, 2023-10-18 With this study, Karl F. Zender offers fresh readings of individual novels, themes, and motifs while also assessing the impact of recent politicized interpretations on our understanding of Faulkner's achievement. Sympathetically acknowledging the need to decenter the canon, Zender's searching interrogation of current theory clears a breathing space for Faulkner and his readers between the fustier remnants of New Criticism and the excesses of post-structuralism. Each chapter opens with a balanced presentation of the genuine gifts contemporary theory has bestowed on our comprehension of a particular novel or problem in Faulkner criticism and then proceeds with a groundbreaking reading. *The Politics of Incest* challenges older psychoanalytic interpretations of Faulkner's use of the incest motif, and *Faulkner's Privacy* defends the novelist's difficulty or reticence as an aesthetic resistance against the rude candor of deracialized and depersonalized culture. Subsequent chapters take up the volatile issues of Faulkner's representations of women and of African Americans and a close reading of the classic *Barn Burning* critiques the current tendency to blur the concepts of patriarchy and paternity. The elegiac final chapter, *Where is Yoknapatawpha County?* draws on a comparison with John Updike's Pennsylvania fiction and a reading of Joan Williams's *The Wintering* to explore Faulkner's disinclination to represent the quotidian realities of southern life in his later novels. Zender shows that Faulkner's stylistic withdrawal attempts to transform into beauty his alienation from the postwar world and his fear of aging. That *Faulkner and the Politics of Reading* itself recovers and gives new luster to Faulkner's beauty will surely please in the author's words those readers for whom literature is less a mechanism of social change than a source of pleasure. The originality of its critical vision will inspire Faulkner scholars, students of American literature, and general readers.

The Oxford Handbook of Adaptation Studies Thomas Leitch, 2017-03-17 The *Oxford Handbook of Adaptation Studies* provides a comprehensive and forward-looking treatment of adaptation in its many guises by looking at movies based on sources other than novels, including television series and radio adaptations, comic book adaptations of literary texts, novelizations, opera librettos, popular songs, and even video games.

**Thornton Wilder, Classical Reception, and American Literature**

Stephen J. Rojcewicz, Jr., 2021-11-25 This book delineates how Thornton Wilder 1897 1975 a learned playwright and novelist embeds himself within the classical tradition integrating Greek and Roman motifs with a wide range of sources to produce heart breaking masterpieces such as *Our Town* and comedy sensations such as *Dolly Levi* Through this study of archival sources and close reading readers will understand Wilder's avant garde staging and innovative time sequences not as a break with the past but as a response to the classics The author traces the genesis of unforgettable characters like *Dolly Levi* in *The Matchmaker* *Emily Webb* in *Our Town* and *George Antrobus* in *The Skin of Our Teeth* Vergil's expression Here are the tears of the world and human matters touch the heart haunts Wilder's oeuvre Understanding Vergil's phrase as tears for the beauty of the world Wilder utilizes scenes depicting the beauty of the world and the sorrow when individuals recognize this too late Wilder exhorts us to observe lovingly alert to the wonder of the everyday This work will appeal to actors and directors professors and students in classics and in American literature those fascinated by modern drama and performance studies and non specialists theatre goers and readers in the general public Canadian Books in Print. Author and Title Index ,1975 *Getting Away with Murder* Vanessa A. Holloway, 2014-12-15 Throughout the late nineteenth and early twentieth century the U S Congress engaged in bitter debates on whether to enact a federal law that would prosecute private citizens who lynched black Americans In *Getting Away with Murder* the fundamental question under scrutiny is whether Southern Democrats racist attitudes toward black Americans pardoned the atrocities of lynching The book investigates underlying motives of opposition to Senate filibustering and invites an intellectual discussion on why Southern Democrats thought states rights were the remedy to lynching when in fact the phenomenon was a baffling national crisis A rebuttal to this query may include notions that congressional investigations into state protected rights were deemed unconstitutional In a unifying theme the appeal ties into questions of the federalism civil rights debate by noting intervals that warrant research and advancing new perspectives intended to accentuate the matrices of race based politics To examine the federalism civil rights debate this book asks three practical questions 1 Would Southern Democrats suspend their friendships with private citizens and enact a federal law that would prosecute them for lynching 2 Was the national government limited in its constitutional power to protect black Americans from private citizens who organized themselves as lynch mobs 3 Were concerns for states rights the core reasons for Senate filibustering or did Southern Democrats argument for states rights support the lie of racism **Music and Sentimentalism in the Nineteenth and Twentieth Centuries** Stephen Downes, 2021-05-30 In a wide ranging study of sentimentalism's significance for styles practices and meanings of music in the nineteenth and twentieth centuries a series of interpretations scrutinizes musical expressions of sympathetic responses to suffering and the longing to belong The book challenges hierarchies of artistic value and the associated denigration of sentimental feeling in gendered discourses Fresh insights are thereby developed into sentimentalism's place in musical constructions of emotion taste genre gender desire and authenticity The contexts encompass diverse musical communities

performing spaces and listening practices including the nineteenth century salon and concert hall the cinema the intimate stage persona of the singer songwriter and the homely ambiguities of easy listening Interdisciplinary insights inform discussions of musical form affect appropriation nationalisms psychologies eco sentimentalism humanitarianism consumerism and subject positions with a particular emphasis on masculine sentimentalities Music is drawn from violin repertory associated with Joseph Joachim the piano music of Chopin Schumann and Liszt sentimental waltzes from Schubert to Ravel concert music by Bart k Szymanowski and G recki the Merchant Ivory adaptation of *The Remains of the Day* Ant nio Carlos Jobim s bossa nova and songs by Duke Ellington Burt Bacharach Carole King Barry Manilow and Jimmy Webb The book will attract readers interested in both the role of music in the history of emotion and the persistence and diversity of sentimental arts after their flowering in the eighteenth century age of sensibility **Whitaker's Books in Print** ,1998

**Ars Poetriae** William Michael Purcell,1996 Purcell suggests that the medieval genre holds contemporary significance as a model for rhetorical concerns brought to light by the critiques of post modernism and feminism Purcell examines the six Latin artes poetriae or works intended to instruct students in the composition of prose and poetry He contends that because of their position in the shift from oral to written communication the treatises reveal much about the nature of rhetoric and grammar **Readings from Classical Rhetoric** Patricia P. Matsen,Philip B. Rollinson,Marion Sousa,1990 Here for the first time in one volume are all the extant writings focusing on rhetoric that were composed before the fall of Rome This unique anthology of primary texts in classical rhetoric contains the work of 24 ancient writers from Homer through St Augustine including Herodotus Thucydides Plato Aristotle Cicero Quintilian Tacitus and Longinus Along with many widely recognized translations special features include the first English translations of works by Theon and Nicolaus as well as new translations of two works by important sophists Gorgias encomium on Helen and Alcidamas essay on composition The writers are grouped chronologically into historical periods allowing the reader to understand the scope and significance of rhetoric in antiquity Introductions are included to each period as well as to each writer with writers biographies major works and salient features of excerpts *Derrida on the Mend* Robert Magliola,1984 Magliola s exposition of Derrida has been acclaimed as the best in English Indeed it is the only account I know which brings an alert and independent questioning mind to bear on Derrida s arguments a mind which at times seems to play Kierkegaard into Derrida s Hegel *Japanese Journal of Religious Studies* Philosophy *Reworking Postcolonialism* P. Malreddy,B. Heidemann,O. Laursen,2015-04-22 An interdisciplinary collection of essays *Reworking Postcolonialism* explores questions of work precarity migration minority and indigenous rights in relation to contemporary globalization It brings together political economic and literary approaches to texts and events from across the postcolonial world [Cut/Copy/Paste](#) Whitney Trettien,2022-02-15 How do early modern media underlie today s digital creativity In *Cut Copy Paste* Whitney Trettien journeys to the fringes of the London print trade to uncover makerspaces and collaboratories where paper media were cut up and reassembled into radical bespoke

publications Bringing these long forgotten objects back to life through hand curated digital resources Trettien shows how early experimental book hacks speak to the contemporary conditions of digital scholarship and publishing As a mixed media artifact itself Cut Copy Paste enacts for readers what Trettien argues that digital forms have the potential to decenter patriarchal histories of print From the religious household of Little Gidding whose biblical concordances and manuscripts exemplify protofeminist media innovation to the queer poetic assemblages of Edward Benlowes and the fragment albums of former shoemaker John Bagford Cut Copy Paste demonstrates history's relevance to our understanding of current media Tracing the lives and afterlives of amateur bookwork Trettien creates a method for identifying and comprehending hybrid objects that resist familiar bibliographic and literary categories In the process she bears witness to the deep history of radical publishing with fragments and found materials With many of Cut Copy Paste's digital resources left thrillingly open for additions and revisions this book reimagines our ideas of publication while fostering a spirit of generosity and inclusivity An open invitation to cut copy and paste different histories it is an inspiration for students of publishing or the digital humanities as well as anyone interested in the past present and future of creativity

*Topologies of Fear in Contemporary Fiction* Scott McClintock, 2015-07-21 The central concern of the book is the impact of global terror networks and state counterterrorism on twentieth century fiction A unique contribution of this book is the comparative approach as opposed to the single author focus of most of the edited collections on terrorism in literature

*Falling Towers* John A. Richardson, 1992 The similar casts of the imagination shared by these three poems can be traced back to the similar cultural conditions under which the poets wrote Each stood in and indeed stood for a cultural tradition that was exhausted and dying Skelton was arguably the last medieval poet Pope the last Renaissance poet and Eliot the last romantic One important pattern of conflict that can be seen in all three poems is between age and youth Each poet speaks with an aged voice Skelton's parrot is a very old bird and the poet himself is not very far behind him Pope is present behind *The Dunciad* in the character he publicly cultivated in the 1730s of the wise old philosopher and Eliot's speaker in *The Waste Land* who is probably much like Eliot himself is implicitly aged The speakers' worlds are dominated by youth a motif that is quite marked in each of the poems
