**Literature and Painting in Quebec** William J. Berg, 2012 This unique study explores how Quebec's landscapes have been represented in both literature and visual art throughout the centuries from the writing of early explorers such as Cartier and Champlain to work by prominent contemporary authors and artists from the province William J Berg traces recurrent images and themes within these creations through the most significant periods in the development of a Quebecois identity that was threatened initially by the wilderness and indigenous populations and later by the dominance of British and American influences Focusing on the interplay between nature and culture in landscape representation Literature and Painting in Quebec contends that both have reflected and fashioned the meaning of French Canadian nationhood As such Literature and Painting in Quebec presents a new perspective to approach the notion of national identity a quest that few groups have engaged in more persistently than the Quebecois *Literature and Painting In Quebec* William J. Berg, 2013-02-04 This unique study explores how Quebec's landscapes have been represented in both literature and visual art throughout the centuries from the writing of early explorers such as Cartier and Champlain to work by prominent contemporary authors and artists from the province William J Berg traces recurrent images and themes within these creations through the most significant periods in the development of a Quebecois identity that was threatened initially by the wilderness and indigenous populations and later by the dominance of British and American influences Focusing on the interplay between nature and culture in landscape representation Literature and Painting in Quebec contends that both have reflected and fashioned the meaning of French Canadian nationhood As such Literature and Painting in Quebec presents a new perspective to approach the notion of national identity a quest that few groups have engaged in more persistently than the Quebecois *Fashioning the Canadian Landscape* John Irvine Little, 2018-04-13 Interpretations of Canada's emerging identity have been largely based on a relatively small corpus of literary writing and landscape paintings overlooking the influence of the British and American travel writers who published hundreds of books and articles that did much to fix the image of Canada in the popular imagination In *Fashioning the Canadian Landscape* J I Little examines how Canada much like the United States came to be identified with its natural landscape Little argues that in contrast to the American identification with the wilderness sublime however Canada's image was strongly influenced by the picturesque convention favoured by British travel writers This amply illustrated volume includes chapters ranging from Labrador to British Columbia some of which focus on such notable British authors as Rupert Brooke and Rudyard Kipling and others on talented American writers such as Charles Dudley Warner Based not only on the views of the landscape but on the racist descriptions of the Indigenous peoples and the romanticization of the Canadian folk Little argues that the national image that emerged was colonialist as well as colonial in nature Seasonal Sociology, Second Edition Tonya Davidson, Ondine Park, 2025-07-15 Life in Canada is shaped by the seasons marked celebrated enjoyed and sometimes dreaded in ways that respond directly to the changing

cycles in nature Sociological thinking encourages us to question the aspects of everyday life that we may otherwise take for granted Seasonal Sociology takes a sociological approach to thinking about the seasons providing a unique perspective for understanding social life Each chapter in this collection explores key issues of sociological interest through the passage of time and seasonal change The authors wield seasonality as a powerful tool that can bridge small scale interpersonal interactions with large scale institutional structures This collection of contemporary Canadian case studies is wide ranging and analyses topics such as pumpkin spice lattes policing in schools law and colonialism summer cottages seasonal affective disorder Vaisakhi celebrations and more The second edition introduces new chapters on Labour Day and organized labour disability and online dating maple sugar shacks seasonal agricultural work wildfires and social movements like Pride and Black Lives Matter Seasonal Sociology ultimately offers fresh provocative ways of thinking about the nature of our collective lives

**Distant Stage** Eric Fillion,2022-11-04 It is a little known fact that the first cultural agreement Canada signed was with Brazil in 1944 The two countries rapprochement launched a flurry of activity connecting Montreal to Rio de Janeiro amid the turbulence of war and its aftermath Why Brazil And what could songs and paintings achieve that traditional diplomacy could not Distant Stage examines the neglected histories of Canada Brazil relations and the role played by culture in Canada s pursuit of an international identity The efforts of French Canadian artists intellectuals and diplomats are at the heart of both Eric Fillion demonstrates how music and the visual arts gave state and non state actors new connections to the idea of nation which in turn informed their sense of place in the world Tracing the origins of Canadian cultural diplomacy to South America the book underscores the significance of race and religion in the country s international history showing how Brazil served as a distant stage where Canadian identity politics and aspirations could play out Both a timely invitation to think about cultural diplomacy as a critical practice and a reflection on the interplay between internationalism and nationalism Distant Stage draws attention to the ambiguous yet essential roles played by artists in international and intercultural relations

*Clins d'œil de la littérature au musée* Claudine Potvin,2017-09-14T00:00:00-04:00 Clins d œil de la litt rature au mus e Femmes art et criture explore le rapport intertextuel entre les discours litt raire et visuel le mot et l image partir de plusieurs lectures de la litt rature qu b coise et acadienne tude interdisciplinaire donc de la relation du litt raire au visuel pens e en regard des

multiples travaux sur la rencontre du pictural et du littéraire de la théorie des arts visuels de la sémiotique de la critique et de la théorie minimalistes des dernières décennies. Chez lescrivains et dans les textes, le recours à l'icône domine. Le livre fait muséifier et provoque un effet tableau de fait une forme d'image qui interpelle le lecteur. L'art se trouve inscrit dans l'écriture sous diverses formes : portrait, photographie, toile, installation, performance, détail, cadre, collage ou autre. L'écrit renvoie au système de représentation même qu'il encode et décrypte à travers une poétique majoritairement postmoderne. Une écriture axée sur la subversion des cadres traditionnels et idéologiquement articulée sur la transgression. Ces écrivains renversent les concepts d'unité de chef-d'œuvre et d'autorité. Ici, le texte muséifie. En définitive, cet ouvrage montre comment le musée constitue la scène visuelle du texte qui son tour tend à se transformer en pièce ou objet de musée.

**L'univers de Jean Paul Lemieux** Gaëtan Brulotte, 2015-09-22T00:00:00-04:00. L'un des plus grands peintres du Canada moderne Jean Paul Lemieux a laissé une œuvre imposante qui occupe une place particulière dans le musée imaginaire mondial. Tout en présentant son univers d'une manière originale et accessible, ce livre souhaiterait aussi montrer en quoi cette peinture contribue à une meilleure saisie de la culture nordique et de la condition humaine.

**The Peoples of Canada** J. M. Bumsted, 1992. This long awaited history of Canada the first survey by a single scholar in many years is the result not only of Bumsted's experience of teaching Canadian history and discussing it with his students over twenty five years but also of his assimilation of post 1970s historiography. He has written a highly readable and richly detailed new synthesis for the present time. In this book the first period 1885 to 1921 highlights the development of imperial sentiment in English speaking Canada a great wave of social reform connected chiefly with industrialism a shift in the nature of Canadian immigration and urbanization the First World War which exerted a powerful force on the Canadian economy and the quest for female equality. The next period 1921 1945 which includes the Great Depression and the Second World War is characterized by what Stephen Leacock called the Unsolved Riddle of Social Justice. The war itself brought national sovereignty to Canada and gave birth to the welfare state. The growth and affluence that followed along with striking changes in lifestyles and headlong developments in the arts are described for the period 1945 1972. The 1970s to the present when all the givens of the past liberalism centralism nationalism were attacked from several directions and began to unravel are brilliantly surveyed by Bumsted. But his fresh look at this history in an engaging text generously illustrated is both illuminating and inspiring.

**Picturing the Land** Marilyn J. McKay, 2011-04-12. Richly illustrated and filled with sophisticated and innovative commentary *Picturing the Land* provides new and distinct histories of the landscape art of French and English Canada.
