Lithuanian Beer A Rough Guide:

Lithuanian Beer Lars Marius Garshol, 2014-11-08 Lithuania has one of the most interesting beer cultures on earth but it is a beer culture that is almost wholly unknown outside the country itself This guide explains what is so special about Lithuanian beer and helps you choose the right places to go and the right beers to drink I've travelled to Lithuania a number of times over the last four years to learn as much as I can about Lithuanian beer and this book summarizes what I've learned It describes the various styles of beer made in Lithuania the main breweries and where to find the beers It also gives some cultural linguistic and historic background

Beer and Brewing in Medieval Culture and Contemporary Medievalism John A. Geck, Rosemary O'Neill, Noelle Phillips, 2022-06-25 Beer and Brewing in Medieval Culture and Contemporary Medievalism is a cross cultural analysis of the role that alcohol consumption played in literature social and cultural history and gender roles in the Middle Ages The volume also seeks to correct or offer new insights into historical beer production By drawing on the expertise of scholars of history archaeology Old and Middle English Old Norse and Medieval and Early Modern literature the book shows how historical medieval beer and brewing has influenced nostalgic post medieval nationalism and romanticized visions of the medieval ale house seen in beer marketing today The essays describe alcohol consumption in the Middle Ages across much of Northern Europe engage with the various myths employed in modern craft beer advertising and beer production and examine how gender intersects with beer production and consumption The editors also raise certain critical questions about medievalisms which need to be interrogated particularly in light of the continued use of the Middle Ages for white supremacist and colonialist ideals The volume contributes to the study of the popular and historical understandings of the Middle Ages as well the issues of race and gender

Viking Age Brew Mika Laitinen, Randy Mosher, 2019-05-07 Viking Age Brew brings beer history alive and takes readers on a lavishly illustrated tour of rustic brewhouses fueled by wood and passion Sahti is a Nordic farmhouse ale that is still crafted in accordance with ancient traditions dating back to early medieval times and the Viking Age Sahti is often thought of as a freak among beer styles but this book demonstrates that a thousand years ago such ales were the norm in northern Europe before the modern style hopped beer we drink today reached the masses Viking Age Brew is the first English language book to describe the tradition history and hands on brewing of this ale Whether you are a brewing virgin or an experienced brewer the book unlocks the doors to brewing sahti and other ancient ales from medieval times and the Viking Age
