## **Lives Transformed A Revolutionary Method Of Dynamic Psychotherapy:**

Lives Transformed Patricia C. Della Selva, 2018 The world has long awaited compelling and unmistakable evidence for the validity of dynamic psychotherapy A review in the present book shows that such evidence has been accumulating over the past ten years It comes from clinical trials process research case studies and objective physiological measurements concerned with the importance of expressing emotions This book extends the evidence It provides an in depth examination of therapy in action based on verbatim accounts of the treatment of seven patients by Patricia Coughlin Della Selva using the technique of Intensive Short term Dynamic Psychotherapy at times extending to medium term This technique has been shown to be both effective and cost effective with a wide range of patients including some who are notoriously resistant to psychotherapeutic intervention The raw data of psychotherapeutic sessions enables the reader to trace the origin of therapeutic effects which occur immediately in response to the direct experience of hitherto buried feelings and impulses The validity of psychodynamic concepts such as resistance transference and the origin of neurotic disturbances in defences against intolerable feelings is demonstrated beyond doubt In depth follow up interviews provide clear evidence of the long term benefits of dynamic psychotherapy Patients continue to improve long after termination as each symptom and defence has been replaced by something healthy and lifegiving With all but one patient no trace of any of the original disturbances could be detected at follow up which is one of the definitions of total resolution No one who has read this book can doubt the relevance of psychodynamics Provided by publisher

**Lives Transformed** David Malan, Patricia Coughlin Della Selva, 2007 This book extends the evidence It provides an in depth examination of therapy in action based on verbatim accounts of the treatment of seven patients by the author using the technique of Intensive Short term Dynamic Psychotherapy at times extending to medium term

**Lives Transformed** David Malan, Original hardback edition at paperback price see catalogue number 25827 for the new revised edition in paperback This book provides an in depth examination of therapy in action based on verbatim accounts of the treatment of seven patients by Patricia Coughlin Della Selva using the technique of Intensive Short term Dynamic Psychotherapy This technique has been shown to be both effective and cost effective with a wide range of patients including some who are notoriously resistant to psychotherapeutic intervention No one who has read this book can doubt the relevance of psychodynamics

**Lives Transformed** Patricia C. Della Selva, David Malan, 2018-03-26 The world has long awaited compelling and unmistakable evidence for the validity of dynamic psychotherapy A review in the present book shows that such evidence has been accumulating over the past ten years It comes from clinical trials process research case studies and objective physiological measurements concerned with the importance of expressing emotions This book extends the evidence It provides an in depth examination of therapy in action based on verbatim accounts of the treatment of seven patients by the author using the technique of Intensive Short term Dynamic Psychotherapy at times extending to medium term This technique has been shown to be both effective and cost

effective with a wide range of patients including some who are notoriously resistant to psychotherapeutic intervention The raw data of psychotherapeutic sessions enables the reader to trace the origin of therapeutic effects which occur immediately in response to the direct experience of hitherto buried feelings and impulses

**Short-term Counselling in Higher Education** David Mair, 2015-11-19 As demand for counselling from students across Higher Education HE increases year on year counselling services are continually seeking to explore creative ways of working under the pressure that results from this rise in client numbers One of the most frequent responses to increased demand is limiting the number of sessions that individual students may have Until Short term Counselling in Higher Education there has been no text which provides a contextual theoretical and practical input to this evolving way of working This book explores constructive ways of providing very short term counselling within a Higher Education context Using case studies and employing up to date statistics from the sector the book gives readers a clear understanding of the nature of the professional challenges and offers ways of addressing these including managing waiting lists developing policies to facilitate timely intervention and understanding the limitations of what short term therapy can offer Short term Counselling in Higher Education explores the implications of working in Higher Education counselling services in this very short term way and as such it will be an essential resource for counsellors heads of counselling services and student services managers in Higher Education helping to find ways of delivering effective short term interventions within existing counselling services
