Lives Of The Saints For Everyday In The Year:

Lives of The Saints Alban Butler, 2019-08-26 2019 Reprint of 1955 Edition Butler's great work *The Lives of the Fathers Martyrs and Other Principal Saints* Butler's *Lives* the result of thirty years study was first published in four volumes in London 1756-1759. It is a popular and compendious reproduction of the *Acta Sanctorum* exhibiting great industry and research and is in all respects the best compendium of *Acta* in English. Butler's magnum opus has passed many editions and translations. Butler gives an account of one or more Saints for each day of the calendar. Great for a daily meditation each life is followed by a lesson from the life to help one apply the virtues of the Saint to ourselves. Edwards, 2016-03-09 While pre-modern Europe is often seen as having an enchanted or magical worldview the full implications of such labels remain inconsistently explored. Witchcraft, demonology and debates over pious practices have provided the main avenues for treating those themes but integrating them with other activities and ideas seen as forming an enchanted Europe has proven to be a much more difficult task. This collection offers one method of demystifying this world of everyday magic. Integrating case studies and more theoretical responses to the magical and preternatural the authors here demonstrate that what we think of as extraordinary was often accepted as legitimate if unusual occurrences or practices. In their treatment of and attitudes towards spirit-assisted treasure hunting, magical recipes, trials for sanctity and visits by guardian angels early modern Europeans showed more acceptance of and comfort with the extraordinary than modern scholars frequently acknowledge. Even witchcraft could be more pervasive and less threatening than many modern interpretations suggest. Magic was both mundane and mysterious in early modern Europe and the witches who practiced it could in many ways be quite ordinary members of their communities. The vivid cases described in this volume should make the reader question how to distinguish the ordinary and extraordinary and the extent to which those terms need to be redefined for an early modern context. They should also make more immediate a world in which magic was an everyday occurrence. *An Historical Dictionary of All Religions* Thomas Broughton, 1742 **Cyclopaedia of Biblical, Theological, and Ecclesiastical Literature** John McClintock, 1868 **Cyclopaedia of Biblical, Theological, and Ecclesiastical Literature** John McClintock, 1874 Report from the Select Committee on the Condition, Management and Affairs of the British Museum, 1836 Doctor Johnson Robert Armitage, 1850 *Lexikon of the Hispanic Baroque* Evonne Levy, Kenneth Mills, 2014-01-06 Over the course of some two
