Living Beyond the Limits: An American Dream in Football and Beyond Pasquale De Marco, 2025-03-07 In his

gripping memoir **Living Beyond the Limits: An American Dream in Football and Beyond** former NFL star Pasquale De Marco takes readers on a wild journey from the gridiron to the edge and back again. With raw honesty and unflinching courage, Pasquale De Marco shares the highs and lows of his life both on and off the field. Pasquale De Marco grew up with a dream of playing in the NFL. He spent countless hours practicing, perfecting his skills and pushing himself to the limit. His hard work paid off when he was drafted by the New York Giants. But the NFL was not what he expected. The game was faster, the hits were harder, and the pressure was immense. Pasquale De Marco struggled to keep up, and his confidence began to waver. Just when he was about to give up, Pasquale De Marco met a coach who changed his life. With his guidance, Pasquale De Marco began to turn things around. He started to make plays, score touchdowns, and become a valuable member of the team. But his journey was far from over. Off the field, Pasquale De Marco was battling a secret addiction that threatened to destroy everything he had worked for. He was struggling with depression and anxiety, and he turned to drugs and alcohol to numb the pain. His life was spiraling out of control, and he knew he needed help. Pasquale De Marco reached out for help, and with the support of his family, friends, and teammates, he began the long and difficult road to recovery. It was a battle, but he was determined to win. He knew that he had to change his life for himself and for the people who loved him. Today, Pasquale De Marco is a recovering addict, a successful businessman, and a loving father. He is grateful for every day that he is sober, and he is committed to helping others who are struggling with addiction. Pasquale De Marco's story is a powerful reminder that anything is possible if you never give up on your dreams. If you like this book, write a review.
