The World's Living Religions Robert Ernest Hume, 1924 **Living without God: A Multicultural Spectrum of Atheism** Sanjit Chakraborty, Anway Mukhopadhyay, 2022-11-16 This book deals with the intricate issue of approaching atheism methodologically as well as

conceptually from the perspective of cultural pluralism What does atheism mean in different cultural contexts Can this term be applied appropriately to different religious discourses which conceptualize God gods Goddess goddesses and also godlessness in hugely divergent ways Is my God the same as yours If not then how can your atheism be the same as mine In other words this volume raises the question Is it not high time that we proposed a comparative study of atheism s alongside that of religions rather than believing that atheism is centered in the Western experience Apart from answering these questions the book highlights the much needed focus on the philosophical negotiations between atheism theism and agnosticism The fine chapters collected here present pluralist negotiations with the notion of atheism and its ethical theological literary and scientific corollaries Previously published in Sophia Volume 60 issue 3 September 2021 Chapters Religious Conversion and Loss of Faith Cases of Personal Paradigm Shift and On Being an Infidel are available open access under a Creative Commons Attribution 4 0 International License via link [springer.com](https://www.springer.com) [Living Ramayanas: Exploring the Plurality of the Epic in Wayanad and the World](#) Azeez Tharuvana, 2024-07-02 About the Book A FASCINATING BOOK ON THE MANY VERSIONS OF RAMAYANA AND THEIR ORIGIN The renowned scholar A K Ramanujan was of the view that there are thousands of Ramayanas He maintained that they are not variant texts of the Valmiki Ramayana but largely independent tellings Even in our age when printing has become wide spread Rama s story lives on in the minds of the people through narration and performance In Kerala itself there are many unwritten Ramayanas It is believed that the crucial events in the epic unfolded in Wayanad The names of places and community consciousness corroborate this belief the ashram at Ashramkolly near Pulpally is Valmiki s ashram Jadayattakavu is where Sita went down into the earth locals recognise the scar left by the tail of Hanuman But there are several Ramayanas in Wayanad not just one In their differences are reflected the social relations of each community The Adiya Ramayana Chetti Ramayana and Sitayana collected and edited by Azeez Tharuvana are innovative tellings In this fascinating book Tharuvana talks about the many forms of the timeless epic that originated in Wayanad against the backdrop of the other Ramayanas popular in India and abroad The stories collected as part of this effort provide insights into the traditional cultural consciousness and ideological world of communities in Wayanad Brilliantly researched and simply written The Wayanad Ramayanas presents a new perspective this ode to Rama is a social text not a religious one
