Living Zen Loving God:

Living Zen, Loving God Ruben L. F. Habito, 2004 Explores the state of Christ consciousness and the experience of divine presence that can be awakened by Zen practice Living Zen, Loving God Ruben L. F. Habito, 2013-02-08 The release of Ruben Habito's new book *Living Zen Loving God* has coincided with a rave review from Publishers Weekly magazine. Habito may not seem himself as a revolutionary but his humble life calling to illuminate the commonalities between Zen Buddhism and Christianity seems a profound gift. Habito excels in illuminating the connective spiritual tissue between the two religions while explaining the principles of Buddhism. This is an excellent book for readers who want to deepen their understanding of Christianity as well as Buddhism. Publishers Weekly Exactly right. This wonderful book in its friendly informative tone carefully explains Buddhist ideas from key concepts like Emptiness and The Truth of Suffering to an in depth and enlightening examination of the Heart Sutra all in terms that will help modern Christian practitioners to deepen their faith and Buddhists to revitalize and broaden their perception and understanding. This is a book with immense value to anyone interested in interreligious dialogue and studies and as such has already won accolades from Habito's contemporaries. See below. Habito a practicing Catholic and former Jesuit priest as well as an acknowledged Zen master and professor in the School of Theology at Southern Methodist University makes a clear case that Zen practice can deepen a Christian's connection to God further clarify the Gospel teachings of Jesus and enable one to live a more joyous compassionate and socially engaged life. Habito demonstrates that the practice of Zen meditation and even some elements of the Buddhist worldview can enable one to love God more constantly and commit to the service of the Realm of Heaven and the human community more wholeheartedly. Ruben L F Habito is the author of numerous publications in both Japanese and English on Zen and Christianity and is a prominent figure in the Buddhist Christian Dialogue. A native of the Philippines, Habito served as a Jesuit priest in Japan under the guidance of the great spiritual pioneer Father Hugo Enomiya Lassalle and studied Zen with renowned teacher Koun Yamada. He lives in Dallas Texas **Be Still and Know** Ruben L. F. Habito, 2017 What has Jerusalem to do with the Bodhi Tree. This study of the relationship between the Christian Bible and Zen Buddhism is informed by the insights of an author who has vast experience with both. Ruben Habito a Zen roshi as well as a Catholic spiritual director uses his insights from years of talks at Zen retreats to inform this spiritual gem focusing on the ways the practices of Zen can enrich Christianity and vice versa. A treasure for all seekers Christian and otherwise Regionalism and Globalization Joseph J. Matvey III Ph.D Sociology, 2010-06-17 Regionalism and Globalization represents research on three thematic Appalachia Global Computerization and Globalization. First the spatial expression of corporate national and transnational capitalism essentially created the peripheralization of Appalachia and today fuels the development of underdevelopment in the region. Computerization a second thematic concern is essentially perceived as one of the more significant instruments facilitating the technological compression of the globe. In fact as computerization is more

comprehensively embedded in the techno social aspects of globalization it now becomes possible to speak of global computerization or the objective computerization of the globe Finally Globalization is not merely a theme but a comprehensive paradigmatic shift in how we know the world It is further a systematic overarching process subsuming and in fact configuring and reordering the former two constructs of Appalachia and Computerization Additionally explored research includes global religion education international organizations popular culture and the global internet global sociology the concept of humanity and finally the global implications of Windows and Linux computer operating systems

The Hidden Lamp Zenshin Florence Caplow, Reigetsu Susan Moon, 2013-10-21 The Hidden Lamp is a collection of one hundred koans and stories of Buddhist women from the time of the Buddha to the present day This revolutionary book brings together many teaching stories that were hidden for centuries unknown until this volume These stories are extraordinary expressions of freedom and fearlessness relevant for men and women of any time or place In these pages we meet nuns laywomen practicing with their families famous teachers honored by emperors and old women selling tea on the side of the road Each story is accompanied by a reflection by a contemporary woman teacher personal responses that help bring the old stories alive for readers today and concluded by a final meditation for the reader a question from the editors meant to spark further rumination and inquiry These are the voices of the women ancestors of every contemporary Buddhist

Buddhist and Christian? Rose Drew, 2013-07-03 This is a detailed exploration of Buddhist Christian dual belonging engaging from both Buddhist and Christian perspectives the questions that arise and drawing on extensive interviews with well known individuals in the vanguard of this important and growing phenomenon The issue is pressing insofar the last century has witnessed a gradual but profound transformation of the West's religious landscape In today's context of diversity people are often influenced by more than one religion Multireligious identities are consequently on the rise At one end of the spectrum are those who identify themselves as fully belonging to more than one tradition One of the most prevalent combinations is Christianity and Buddhism This book addresses central and fundamental questions How is it possible to be authentically Buddhist and authentically Christian when for example God is central to Christianity yet absent from Buddhism when Christians have faith in Jesus Christ while Buddhists take refuge in the Buddha when Christians hope for heaven and Buddhists hope for nirvana and when Buddhists and Christians engage in different practices Are those who identify themselves as belonging to both traditions profoundly irrational religiously schizophrenic or perhaps just spiritually superficial Or is it possible somehow to reconcile the thought and practice of Buddhism and Christianity in such a way that one can be deeply committed to both And if it is possible will the influence of Buddhist Christians on each of these traditions be something to be regretted or celebrated

The Role of Religion in Peacebuilding Pauline Kollontai, Sue Yore, Sebastian Kim, 2017-12-14 The question who is my neighbour challenges the way we see ourselves as well as the way we see others Especially in situations where we feel conflicted between our own self identity and common identity within a wider

society Historically religion has contributed to this inner conflict by creating us versus them mentalities Challenging this traditional view this volume examines how religions and religious communities can use their resources methodology and praxis to encourage peace making The book is divided into two parts the first includes sources theories and methodologies of crossing boundaries of prejudice and distrust from the perspectives of theology and religious studies The second includes case studies of theory and practice to challenge prejudice and distrust in a conflict or post conflict situation The chapters are written by scholars religious leaders and faith motivated peace practitioners from various global contexts to create a diverse academic study of religious peace building

Like Cats and Dogs Steven Heine,2014 Steven Heine offers a compelling examination of the Mu Koan widely considered to be the single best known and most widely circulated and transmitted koan record of the Zen school of Buddhism

Without Buddha I Could Not be a Christian Paul F. Knitter,2013-01-01 An honest unflinching tale of re finding one s faith from one of the world s most famous theologians Without Buddha I Could Not Be a Christian narrates how esteemed theologian Paul F Knitter overcame a crisis of faith by looking to Buddhism for inspiration From prayer to how Christianity views life after death Knitter argues that a Buddhist standpoint can encourage a more person centred conception of Christianity where individual religious experience comes first and liturgy and tradition second Moving and revolutionary this book will inspire Christians everywhere

Healing Breath Ruben L. F. Habito,2013-02-08 Healing our wounded Earth is not unrelated to healing our own personal wounds The pains of the Earth and those of the individuals making up our Earth community cannot be separated Thus the healing of our individual lives can become the basis of the healing of Earth This book sheds light on Zen as a spiritual path that leads to healing in the personal social and ecological dimensions of our being If you are seeking a form of spiritual practice that addresses all three of these dimensions or simply seeking to deepen your understanding of the Zen path it is written for you If instead of fragmentation disorientation and vacuity you seek wholeness groundedness and integrity in your life it is written for you Perhaps you too have come to realize that our global community is in a sad state of affairs that we need to radically change how we live and relate to one another and to the Earth You may already be engaged in some form of social or ecological action addressing these issues and you may feel overwhelmed by the magnitude of the task If you ve been tempted to pessimism or have thrown up your hands in despair when your best efforts don t seem to make a dent this book is for you Healing Breath offers a way to integrate a spiritual path with active socio ecological engagement as the ground This book also addresses another set of questions can a Christian genuinely practice Zen How is Zen practice compatible with a Christian faith commitment To fully engage in a Zen practice what kind of belief system is presupposed or required How can spiritual practice in an Eastern tradition inform Christian life and understanding In the process of describing the Zen way of life Healing Breath will consider various Christian expressions symbols and practices not as an apologetic for that belief system but to show how they too point to the transformative and healing perspectives and experiences provided by Zen

We Walk the Path Together

Brian J. Pierce,2015-03-04 *Infinite Reach* John E. Biersdorf,2016-06-16 *Infinite Reach* Spirituality in a Scientific World connects and integrates the great spiritual insights with science and mathematics for the increasing numbers of Americans who consider themselves spiritual but not religious or spiritual and religious or none of the above and who no longer find traditional religious doctrines and institutions credible or matching their experience In nontechnical language it precisely and clearly traces how current brain mind research informs and enhances inner spiritual and religious experience and how scientific cosmology confirms spiritual intuitions From hunting gathering prehistory through city states empires and the great religions scientific methods advance exponentially faster into the future while the great spiritual insights have never been surpassed though often ignored or denied But scientific knowing and spiritual knowing share infinite reach Brain mind research contributes to understanding and living meditation and spiritual practices in silence ritual and vision Modern physics and mathematics demonstrate how humans observe and participate in the actual evolution of the universe Fractals in chaos theory are spiritual images of ultimate reality In creating loving and undifferentiated presence we find our own unique voice in the mystery of ultimate reality touching down here and now in the specifics of this present moment The Emptied Christ of Philippians John P. Keenan,2015-12-15 Before the Gospels were written long before the creeds of the Church were hammered out Christ followers in Philippi sang a hymn of the Christ who although he was in the form of God emptied himself taking the form of a slave being born as are all humans But this emptied Christ never fit neatly into later theologies of the church shaped by Greek thought concerned with being and essence In Philippians Paul struggles stumbling over his own awkward words to express his hope his eschatological faith that he might gain Christ and be found in him and participate in his sufferings by being conformed to his death if in some way I may reach to what goes beyond the resurrection from the dead Might we better comprehend Paul's inchoate even mystical faith in Jesus Christ with aid from a less empirical world of thought than our western heritage offers Might the thinking of Mah set macron over a y set macron over a na Buddhism guide us toward an awareness of a truth in the Christian faith that is more profound than anything reducible to historical facts or even to human language *Buddhist-Christian Dual Belonging* Gavin D'Costa,Ross Thompson,2017-05-15 A growing number of people describe themselves as both Buddhist and Christian but does such a self description really make sense Many people involved in inter faith dialogue argue that this dialogue leads to a mutually transformative process but what if the transformation reaches the point where the Buddhist or Christian becomes a Buddhist Christian Does this represent a fulfilment of or the undermining of dialogue Exploring the growing phenomenon of Buddhist Christian dual belonging a wide variety of authors including advocates sympathisers and opponents from both faiths focus on three key questions Can Christian and Buddhist accounts and practices of salvation or liberation be reconciled Are Christian theism and Buddhist non theism compatible And does dual belonging inevitably distort the essence of these faiths or merely change its cultural expression Clarifying different ways of justifying dual belonging contributors offer criticisms of dual belonging from different

religious perspectives Theravada Buddhist Evangelical Reformed and Roman Catholic and from different methodological approaches Four chapters then carry the discussion forward suggesting ways in which dual belonging might make sense from Catholic Theravada Buddhist Pure land Buddhist and Anglican perspectives The conclusion clarifies the main challenges emerging for dual belongers and the implications for interreligious dialogue A New Buddhist Path David R.
