Consuming the Word Scott Hahn, 2013-05-28 From the bestselling author of *The Lamb s Supper* and *Signs of Life* comes an illuminating work that unlocks the many mysteries of the Catholic sacrament of the Eucharist Long before the New Testament was a document it was a sacrament Jesus called the Eucharist by the name Christians subsequently gave to the

latter books of the Holy Bible It was the New Covenant the New Testament in his blood Christians later extended the phrase to cover the books produced by the apostles and their companions but they did so because these were the books that could be read at Mass This simple and demonstrable historical fact has enormous implications for the way we read the Bible In Consuming the Word The New Testament and the Eucharist in the Early Church Dr Scott Hahn undertakes an examination of some of Christianity s most basic terms to discover what they meant to the sacred authors the apostolic preachers and their first hearers Moreover at a time when the Church is embarking on a New Evangelization he draws lessons for Christians today to help solidify their understanding of the why it is Catholics do what Catholics do Anyone acquainted with the rich body of writing that flows so inspiringly from the hand and heart of Dr Hahn knows that he brings profound personal insight to his demonstrated theological expertise writes Cardinal Donald Wuerl in the foreword to the book Consuming the Word continues in that illustrious tradition It brings us a powerful and welcome guide as we take our place in the great and challenging work in sharing the Good News

Reasons to Believe Scott Hahn, 2007-05-08 This book unravels mysteries corrects misunderstandings and offers thoughtful straightforward responses to common objections about the Catholic faith Bestselling author Scott Hahn a convert to Catholicism has experienced the doubts that so often drive discussions about God and the Church In the years before his conversion he was first a nonbeliever and then an anti Catholic clergyman In REASONS TO BELIEVE he explains the how and why of the Catholic faith drawing from Scripture his own struggles and those of other converts as well as from everyday life and even natural science Hahn shows that reason and revelation nature and the supernatural are not opposed to one another rather they offer complementary evidence that God exists But He doesn't merely exist He is someone and He has a personality a personal style that is discernible and knowable Hahn leads readers to see that God created the universe with a purpose and a form a form that can be found in the Book of Genesis and that is there when we view the natural world through a microscope through a telescope or through our contact lenses At the heart of the book is Hahn s examination of the ten keys to the kingdom the characteristics of the Church clearly evident in the Scriptures As the story of creation discloses the world is a house that has a Father a palace where the king is really present God created the cosmos to be a kingdom and that kingdom is the universal Church fully revealed by Jesus Christ
