held at the University of Washington's Simpson Center for the Humanities engages with spaces in between and beyond the national borders of Japan and Korea. Some of these spaces involve the ambiguous longings and aesthetic refigurings of the past in the present, the social possibilities that emerge out of the seemingly impossible new spaces of development, the opportunities of genre and spaces of new ethical subjectivities. Museums, colonial remains, new architectural spaces, graffiti, street theater, popular song, recent movies, photographic topography, and translated literature all serve as keys for unlocking the ambiguous and contradictory yet powerful emotions of spaces, whether in Tokyo, Seoul, or New York.

Guide to Indian Periodical Literature, 1990. **Gender and Tourism Sustainability** Claudia Eger, Ana María Munar, Cathy H.C. Hsu, 2023-03-21. This book examines the relationship between gender and sustainability in tourism. Whilst an extensive body of work exists in the areas of gender and sustainability, these two fields of knowledge are seldom combined to examine tourism phenomena. When we look at the evolution of tourism, we see that sustainability has become an essential element in educational programmes, policy making, and strategic considerations for organisations and destinations. Whilst the beginnings of tourism sustainability were challenging, presently its relevance is seldom questioned. However, this situation is not the case with gender research. Although gender theorising and research have existed for over a century and a rich legacy of knowledge exists on this topic, meaningful and respectful engagement with this line of scholarship is thus far peripheral in tourism studies. The aim of this book is to reflect on and rethink the intersection of gender and tourism sustainability through the lens of gender theory and feminist epistemology to stay with the trouble and devise pathways for sustainability, gender knowledge. This book will be of great interest to students, researchers, and academics in tourism, gender, and sustainability, as well as tourism management. The chapters in this book were originally published as a special issue of the *Journal of Sustainable Tourism*.
