Mark Pendergrast,2013-05-14 For God Country and Coca Cola is the unauthorized history of the great American soft drink and the company that makes it From its origins as a patent medicine in Reconstruction Atlanta through its rise as the dominant consumer beverage of the American century the story of Coke is as unique tasty and effervescent as the drink itself With vivid portraits of the entrepreneurs who founded the company and of the colorful cast of hustlers swindlers ad men and con men who have made Coca Cola the most recognized trademark in the world this is business history at its best in fact The Real Thing **The One Percent Solution** Gordon Lafer,2017-04-04 In the aftermath of the 2010 Citizens United decision it s become commonplace to note the growing political dominance of a small segment of the economic elite But what exactly

are those members of the elite doing with their newfound influence The One Percent Solution provides an answer to this question for the first time Gordon Lafer s book is a comprehensive account of legislation promoted by the nation s biggest corporate lobbies across all fifty state legislatures and encompassing a wide range of labor and economic policies In an era of growing economic insecurity it turns out that one of the main reasons life is becoming harder for American workers is a relentless and concerted offensive by the country s best funded and most powerful political forces corporate lobbies empowered by the Supreme Court to influence legislative outcomes with an endless supply of cash These actors have successfully championed hundreds of new laws that lower wages eliminate paid sick leave undo the right to sue over job discrimination and cut essential public services Lafer shows how corporate strategies have been shaped by twenty first century conditions including globalization economic decline and the populism reflected in both the Trump and Sanders campaigns of 2016 Perhaps most important Lafer shows that the corporate legislative agenda has come to endanger the scope of democracy itself For anyone who wants to know what to expect from corporate backed Republican leadership in Washington D C there is no better guide than this record of what the same set of actors has been doing in the state legislatures under its control **Federal Register** ,2013-06 **Put Y'all Back in Chains** Horace Cooper,2023-07-04 Put Y all Back in Chains outlines how the policies of President Joe Biden harm Black communities and limit opportunities for their success Whether you agree or disagree Horace Cooper s latest book tackles the question of how Joe Biden s policies affect Americans especially those in minority and underserved communities His research shows that the injuries are calamitous Instead of a rising tide lifting all boats the Biden policies are having a reverse effect one that devastates bank accounts crushes entrepreneurship and steals the promise of the American Dream Horace painstakingly combs through the harsh results of these efforts especially on lower income and working class people who are hit hardest by the woke policies of Joe Biden If you want to see the real story the media isn t telling this book is a must read Sean Hannity Fox News Host A thorough examination of the ways that the policies of President Joe Biden are antithetical to the aspirations and dreams of Blacks Put Y all Back in Chains uncovers the reasons that the policies of the Biden Administration hurt Black communities in particular And this is no accident Progressive policymakers relished Biden s COVID 19 pandemic restrictions his experiments with higher unemployment benefits and related regulatory programs and especially his push for the green agenda Consequently working class people especially Black men were hardest hit when it comes to finding employment as well as maintaining their financial lifestyle Tragically the Biden Agenda hurt the entire Black community affecting educational attainment wealth creation and homeownership These dramatic downward changes were particularly hard to absorb for Black households especially those that made tremendous gains during the Trump Administration It is increasingly clear that President Joe Biden s priorities place Blacks at the back of the political bus In this thoroughly researched book Horace Cooper outlines how the minority group most likely to support Biden Blacks are systematically impaired by this White House

and why the Black community needs to turn away from the Biden Administration and toward a brighter future

Motherhood and Choice Amrita Nandy, 2017-10-02 How can women live fully If autonomy is critical for humans why do women have little or no choice vis vis motherhood Do women know they have a choice if they do How free are these choices in a context where the self is socially mired and deeply enmeshed into the familial What are implications of motherhood on how human relatedness and belonging are defined These questions underlie Amrita Nandy's remarkable research on motherhood as an institution one that conflates woman with mother and personal with political As the bedrock of human survival and an unchallenged norm of normal female lives motherhood expects and even compels women to be mothers symbolic and corporeal Even though the ideology of pronatalism and motherhood reinforce reproductive technology and vice versa the care work of mothering suffers political neglect and economic devaluation However motherhood and non motherhood is not just physiological As the pivot to a web of heteronormative institutions such as marriage and the family motherhood bears an overwhelming and decisive influence on women's lives Against the weight of traditional and contemporary histories socio political discourse and policies this study explores how women as embodiments of multiple identities could live stigma free authentic lives without having to abandon reproductive self determination Published by Zubaan
