Malak-Minkiewicz,Judith Torney-Purta,2021-05-26 This open access book identifies the multiple ways that IEA s studies of civic and citizenship education have contributed to national and international educational discourse research policymaking and practice The IEA International Civic and Citizenship Education Study ICCS first conducted in 2009 was followed by a second cycle in 2016 The project was linked to the earlier IEA Civic Education Study CIVED 1999 2000 IEA s ICCS remains the only large scale international study dedicated to formal and informal civic and citizenship education in school It continues to make substantial contributions to understanding the nature of the acquired civic knowledge attitudes and participatory skills It also discusses in depth how a wide range of countries prepare their young people for citizenship in changing political social and economic circumstances The next cycle of ICCS is planned for 2022 In this book more than 20 national representatives and international scholars from Europe Latin America Asia and North America assess how the processes and findings of the 2009 and 2016 cycles of ICCS and CIVED 1999 2000 have been used to improve nations understanding of their students civic knowledge beliefs attitudes current civic related behaviors and intentions for future participation in a comparative context There are also chapters summarizing the secondary analysis of those studies results indicating their usefulness for educational improvement and reflecting on policy issues The analyses and reflections in this book provide timely insight into international educational discourse policy practice and research in an area of education that is becoming

increasingly important for many societies Getting to the Core of Literacy for History/Social Studies, Science, and Technical Subjects, Grades 6-12 Vicky Giouroukakis, Maureen Connolly, 2013-05-06 Literacy is not just for English teachers anymore. The new Common Core English Language Arts Standards aren't just for English teachers. Fluent reading and writing are critically important to the study of history, social studies, science, and technical subjects too. What's more, the progress your students make is directly tied to their ability to process information they read and to express their ideas in writing. So how do you make literacy a focus of your teaching without taking time away from essential content? This practical resource, packed with teacher-tested CCSS-based sample lessons, shows you how using the Backward Design approach to set and meet your goals. Each lesson template includes the teaching strategies you'll utilize, ways to incorporate technology and media, variations for differentiation and interdisciplinary connections, links to the work of major educational theorists. Following these models, you'll set the CCSS in your sights and develop lessons that both meet standards and fit your classroom. Before you know it, you'll be infusing reading and writing across your curriculum in purposeful and meaningful ways.

Collaborating to Support All Learners in English, Social Studies, and Humanities Faye Brownlie, Leyton Schnellert, 2009 How can we help students develop the thinking skills they need to be successful learners? How does this relate to deep learning of important concepts? How can we engage and support diverse learners in inclusive classrooms where they develop understanding and thinking skills? In this book, Faye and Leyton explore these questions and offer classroom examples to help busy teachers develop communities where all students learn. This book is written by two experienced educators who offer a welcoming and can-do approach to the big ideas in education today. In this book, you will find insightful ways to teach diverse learners, e.g., literature and information circles, open-ended strategies, cooperative learning, inquiry, curriculum design frameworks, e.g., universal design for learning, UDL, and backward design, assessment for, of, and as learning, lessons to help students develop deep learning and thinking skills in English, Social Studies, and Humanities, excellent examples of theory and practice made accessible, real school examples of collaboration, teachers working together to create better learning opportunities for their students.
